No. 187. The remaining \$576.90 is accrued interest due on interest coupons which were deposited in a Chicago bank for collection, returned by the bank uncollected, charged back to the Pension Fund and later collected.

Greenacre, as to the request of each of the teachers hereinafter named to return to the Pension Fund as a contributor, and upon his advice recommends that each such request be granted provided such teacher has returned to and is in the employ of the Board of Education of the City of Chicago, as a teacher, and that she files or has filed her written application for readmission to such fund, and pays into the pension fund the full amount of any moneys she may have withdrawn from the present or any previous pension fund or funds and the full amount she would have contributed to such funds had she not so withdrawn, together with interest on the whole at 4 per cent per annum, i. e., on the amount so withdrawn from the time of such withdrawal, and on each of the amounts she would have so contributed from the time each such contribution would have become due; all before July 1, A. Request for Additional Time by Anna Sheldon Grant.

Providence, R. I.

March 19, 1920.

Please allow the correct amount of pension due me monthly and back pay.

After I was assigned to the Douglas School in September, 1883, I taught twenty-three consecutive years and five months. Having stopped in February 1907. Since last June I have been receiving the maximum amount due teachers who have taught only twenty-one years and one month. I substituted at the Douglas under Or-

ville T. Bright for over six months Previous to my assignment there in September, 1883.

Very truly,

(Signed) Miss Annie Sheldon Grant,
15 Sarah St.,
Providence,
R. I.

(204B)

April 6, 1920.

Miss Mary M. Abbe,
Secretary, Teachers' Pension Board.
Dear Miss Abbe:—

In February, 1907, the Teachers' Pension Board retired on pension to date from February 13, 1907, Miss Annie S. Grant, teacher in the Ray-

mond School, on the basis of 21 years, 1 month, and she has been receiving pension on that basis since that time.

In the summer of 1907, when the pension law was amended, one of the amendments being to allow pensioners previous to retirement credit for years of service in excess of twenty years of the retirement period, inquiries were sent to all pensioners asking them to furnish this office with affidavits covering such additional time and references to the schools and years where such additional time was rendered in Chicago. Many of the pensioners complied with this request, and were given the proper credit, Miss Grant being one of those from whom we received no reply at that time.

Several years later Miss Grant, having become of unsound mind Emily J. Bosworth was appointed her guardian. This guardianship lasted until the end of April, 1914, when Miss Grant was declared by the courts as being of sound mind again.

At various times during these years Miss Grant in a vague way has stated that she was entitled to more pension. Finally a friend of Miss Grant's who had been teaching in the same school as Miss Grant in the early days, called at the office and a thorough search was made of the records and it was found that Miss Grant was entitled to additional time totaling two years, 4 months, making her total credit 23 years, 5 months. We finally secured from Miss Grant the attached letter stating the additional time to which she is entitled.

Yours truly,
ALBERT H. MILLER,
Secretary.

Legal Opinion on Anna S. Grant Request.

June 10, 1920.

Board of Trustees of the Public School Teachers' Pension and Retirement Fund.

Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom has been referred the application of Miss Annie Sheldon Grant, dated March 19, 1920, for a pension on the basis of twenty-three years and five months service prior to February 13, 1907, instead of

on the basis of twenty-one years and one month of such service, which she has been receiving, respectfully reports that it is his opinion that:

According to the facts as disclosed by the papers submitted Miss Grant is entitled; (1) to a pension henceforth on the longer service basis and (2) to the payment of such sum as will represent the difference since March 19, 1920, between what she received and what she would have received if she had been paid on the longer service basis. She is not entitled to payment for such difference for the period prior to March 19, 1920.

These conclusions are based, among other things, upon the following: (1) The last paragraph of Section 155 of the present School Act, and the predecessors of such section, as to pensioners under prior Acts, and graduated pensions, and (2) paragraph 153 as to by-laws, and (3) by-law 2 Section 1 as to applications for annuities.

The written application for a pension was a prerequisite to its allowance for any amount. It was allowed on the basis of the facts then disclosed. The present applicant failed to respond to the general inquiries made after the act of 1907, in the manner provided. The excuse for not doing so is indefinite, vague and legally insufficient. The increase should only commence from the time of the application therefor with the requisite proofs.

Note: This is also sound policy. Any other course would tend to laxity and invite a course of letting claims accumulate indefinitely and be pressed at some distant time and under circumstances, proper investigation was difficult and almost impracticable. Such claims might in the aggregate become a very important matter.

Respectfully,
(Signed) I. T. GREENACRE.

Motion of Miss Schjoldager, seconded by Mr. Meade, that the report of the attorney be received and the recommendations concurred in, and that the report be printed in the proceedings, was carried by the following roll call vote:

Ayes—Mrs. Fursman, Miss Swett, Miss Rhinesmith, Miss Schjoldager, Miss Abbe, Mr. Meade—6.

Report of Committee on Pension Law and Rules.

Constitutional Provision In Re Pension.

The Committee on Pension Law and Rules respectfully reports that the Home Rule provision presented to the Constitutional Convention by the City Council of Chicago contained a provision which your committee was advised might have the effect of making it illegal for the Legislature to provide, as at present, for the payment of money into the Teachers' Pension Fund.

Your Committee further reports that when this information was received the Committee referred the whole matter to the attorney, Mr. I. T. Greenacre, with the request that he co-operate with the representatives of the other Pension Boards of the city and state to secure a Constitutional Provision to overcome this home rule provision and, if possible, to secure a provision in the new constitution which would establish vested rights for the teachers and other public employes in their pension funds.

The Committee further reports that the Pension Board was represented by Miss Abbe, the recording secretary, and Mr. Greenacre, the attorney, before the committees of the Constitutional Convention on different occasions when the matter was being considered in the Committee on Legislative Enactment and the Committee of the Whole.

The Committee submits herewith report of Mr. I. T. Greenacre, in regard to the constitutional provision which has been considered by the Committee of the Whole of the Constitutional Convention, and detailed memorandum from Mr. Greenacre concerning how the Teachers' Pension Board came to take up the matter of the proposed Constitutional Provision.

Respectfully submitted.

INGER M. SCHJOLDAGER,
Chairman.

Report of Attorney.

June 11, 1920.

Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom was referred the matter of what, if any recommendations should, be made to the Constitutional Convention of this state, respectfully reports that:

The matter came before the convention by the introduction on February 26, 1920, of proposal 243, which had been agreed upon by counsel for the different local pension funds effected. Next day this proposal was read, printed and referred to the Committee on Legislative Department. The matter was then committed to a special subcommittee. There hearings were had from time to time. The majority of the subcommittee reported to the committee, which on May 4, 1920, recommended to the convention, as Section 33 of its general report, a provision as follows:

"But the payment of a part of the compensation of any public officer or employee may be deferred and contributed to any death, disability or retirement fund, as a whole or a part thereof, for the benefit of such officer or employee or his beneficiary, and such persons may be granted contractual rights only in such funds thus accumulated as may be provided by law."

The adoption of this provision was urged upon the members of the convention by the different pension organizations. It was considered by and discussed in the Convention sitting as a committee of the whole on June 1, 1920. The Committee of the whole rose and reported progress to the Convention without recommending that or any pension provision. Since then divers more or less similar provisions have been under considera-

tion. It is hoped a provision substantially like that above quoted may yet be included in the recommendations in the final report of the Committee of the whole and adopted by the Convention. To that end your attorney is still working. Opposition has developed to any pension provision and it seems there is much work to do.

Among those advocating the passage of above quoted proposal were the City of Chicago Library employees, the City of Chicago Civil Service employees, the Park employees, the Chicago school teachers, The State teachers, the Illinois Police Association, the Chicago Police Department, the Chicago Fire Department and the Police Department of South Park Commissioners, West Chicago Commissioners and Lincoln Park Commissioners. Your attorney made three trips to Springfield working five days, and did much work here. Other organizations have been represented there for very much longer periods.

Memoranda Concerning How Teachers' Pension Board Came to Take up the Matter of a Proposed Constitutional Provision.

June 9, 1919: Chicago City Council (proceedings, page 376) appointed a special Committee on Constitutional Proposals to which all constitutional matters were to be referred. (Ald. John H. Lyle, Chairman.)

Dec. 1, 1919: This committee submitted its report to the Council (pages 1462-1467) and same was deferred and published, and again deferred.

Dec. 29, 1919 (page 1684): The reports' leading topic was "Municipal Home Rule," Paragraph 6 of Section 13 of the "Home Rule" Article contained a provision to the effect that the Legislature could not directly or *indirectly* impose any taxes or enlarge or increase the taxing power without

the consent of the Council. The exact words of the provision left a doubt as to whether this might not affect pensions, which had always been imposed by the legislature. On or about Dec. 29, 1919, or when the report was deferred a second time or

January 5, 1920 (pages 1771-1777): while it was under consideration, an assistant corporation counsel, in answer to a question as to whether pensions would be affected, answered that they probably would. Then Judge Howard Hayes for one of the pension boards issued a circular letter concerning the situation.

January 14, 1920: The Recording Secretary of the Chicago Teachers' Pension Board communicated this circular letter to the attorney suggesting conference with representatives of other pension funds. Such conferences followed from time to time, and

February 5, 1920: The attorney and representatives of other funds attended the Constitutional Convention at Springfield and submitted drafts of proposals for a distinct protective constitutional pension provision.

The progress before the Convention and the discussion of pensions for a whole day before the Committee of the Whole of the Convention, and the recommendation of the pending pension provision there and its reference after tentative adoption to the Committee on phraseology are all upon the Convention records. It has been adopted in principle but is subject to any rewording that may be found necessary to effectuate such principle and will then come with the entire proposed new constitution before the Convention for final approval.

Respectfully submitted,
I. T. GREENACRE.

On motion of Miss Schjoldager, seconded by Miss Swett, the report was adopted.

The Committee further reports that all the recommendations that were made by the Special Committee which checked up the bonds on November 15, 1917, have been carried out, and since that date all the information in regard to bonds purchased has been printed in the Proceedings of the Pension Board in the reports of the Committee on Finance and Judiciary. This printed information has greatly facilitated the work of the committee both in preparing the list for checking and in the work of checking and in the preparation of this report for submission to the Pension Board.

The Committee takes pleasure in acknowledging the courtesies extended and the efficient service rendered by the staff in the City Treasurer's office, thus reducing to a minimum the physical labor of handling such a large number of bonds.

The entire work of checking up the total amount of \$1,539,675 was made possible within the space of two hours.

The Committee presents the following recommendations:

Recommendations.

1. That the three lists of bonds submitted herewith and made a part of this report be printed in the Proceedings.

List A—Complete alphabetical list of Bonds in the City Treasurer's office on June 17, 1920.

COMMUNICATIONS

The Recording Secretary, Miss Abbe, presented the following communications:

(214)

Annuitant Deceased—Jennie A. Walker—Pension Warrant Deposited Back.

September 14, 1920.

Secretary Teachers' Pension Board.
 Dear Madam:

For the information of the Pension Board, I wish to state that this office was notified late in July of the death

on May 30, of Jennie A. Walker, pensioner. June pension warrant was prepared and mailed to her address. Said warrant No. 80928, in the sum of \$40, was returned to this office by her daughter with the notice of her death. Warrant will be deposited back into the Teachers' Pension Fund.

Yours truly,
CHARLES E. GILBERT,
 Acting Secretary.

(214a)

Annuitant Deceased — Catherine G. Scheiber—Pension Warrants Deposited Back.

August 31, 1920.

Secretary Teachers' Pension Board.
 Dear Madam:

We have just received a letter from Richard I. Gavin, notifying this office of the death on December 23, 1919, of his sister, Catherine G. Scheiber, disability pensioner. As we had no previous definite knowledge of Mrs. Scheiber's death, we could do nothing but continue issuing pension warrants. As the receipt for her December warrant was not returned, her warrants since then have been held in this office. These warrants will

now be deposited back into the Teachers' Pension Fund. They are as follows:

Warrant No.	Amount	Month
77621	\$22.67	January
78279	22.67	February
78973	22.67	March
79640	22.67	April
80316	22.67	May
80986	22.67	June

Yours truly,

CHARLES E. GILBERT,
Acting Secretary.

(214b)

**Annuitant Deceased—Mary Black
—Pension Warrant De-
posited Back.**

October 13, 1920.

Secretary Teachers' Pension Board.

Dear Madam:

For information of the Pension Board, I wish to state that, we have this day received notice of the death on August 17th of Mary Black, pensioner. Pension Warrant No. 81086, in the sum of \$40, issued to her for September Pension, will be deposited back into the fund.

Yours truly,

CHARLES E. GILBERT,
Acting Secretary.

(214c)

**Annuitant Returned to Service—
Hattie C. Korten—Pension
Warrant Deposited Back.**

September 14, 1920.

Secretary Teachers' Pension Board.

Dear Madam:

Hattie C. Korten, former pensioner, returned to the service May 19, 1920, and paid back into the fund amounts she received from the fund while a pensioner. This was done after the June Pension Warrants were prepared, and the warrant was sent to her by mistake for June. In order to correct this mistake, Miss Korten has sent her personal check dated August

31, 1920, in the sum of \$40, and said check will be deposited back into the Teachers' Pension Fund.

Yours truly,

CHARLES E. GILBERT,
Acting Secretary.

The above communications were received, ordered printed in the proceedings and the Secretary of the Board of Education authorized to strike the name of Hattie C. Korten from the pension roll.

The Secretary of the Canvassing Board is pleased to report also that the notice printed on the large Ballot Box Envelopes requesting the Judges of Election to return these envelopes in good condition so that they might be used for future elections has resulted as follows:

281 out of 298 of these Ballot Box envelopes used at the 1919 Final Election were used again at the Primary Election, that is, only 17 were either not returned or returned in a condition unfit for use at the Primary Election in October, 1920.

291 of the 314 Ballot Box envelopes

used at the Primary Election have been put away for use at the Final Election, that is, only 23 were not returned or returned unfit for use at the Final Election in November. This was made possible not only by the care which the Judges of Election took but by slight repairs made by the Clerks of the Canvassing Board. These envelopes may be used at several succeeding elections with these slight repairs each time.

As requested the Judges and Clerks of Election in 291 schools returned the card-board "Letters of Instruction" and these are ready for use at the Final Election in November.

The Supplies Envelopes from 291

schools were also salvaged and are ready for use at the next election.

In this connection it might be well to report that 330 of the Collapsible Ballot Boxes which were purchased in 1914, and used for the first time at the Final Election of that year, are still in excellent condition after having been used at thirteen elections and are stored away ready for future use.

ELIZABETH C. BUHMANN,
Secretary.

On motion of Miss Abbe, seconded by Miss Swett, the report of the Canvassing Board was received and ordered printed in the proceedings.

BOARD OF TRUSTEES
OF THE
Public School Teachers' Pension and
Retirement Fund, City of Chicago

Adjourned Regular Meeting—Official Report—October 23, 1920.

The adjourned regular meeting of the Board of Trustees of the Public School Teachers' Pension and Retirement Fund was held Saturday, October 23, 1920. The President, Mr. Arnold, being absent, the Vice-President, Mrs. Fursman called the meeting to order at 11:00 a. m., and there were then

Present—Mrs. Fursman, Miss Swett, Miss Abbe, Miss Schjoldager, Mr. Meade—5.

Absent—Mr. Arnold, Miss Rhine-smith, Mrs. Thornton, Dr. Adair—4.

**REPORT OF COMMITTEE ON
PENSION LAW AND
RULES.**

Miss Schjoldager, chairman of the Committee on Pension Law and Rules, presented the following report of the Committee, with the recommendation that the report be approved and submitted to the Pension Delegate Convention called by the Pension Board to be held October 30, 1920:

(224)

“REPORT OF THE COMMITTEE ON PENSION LAW AND RULES.

The Committee on Pension Law and Rules of the Public School Teachers' Pension and Retirement Fund, City of Chicago, having under consideration present and possible future pension legislation affecting public school teachers in this city, has considered pension funds and legislation here and elsewhere in this country down to substantially the present time, and respectfully recommends the adoption of the following principles and propositions as the basis for supporting or resisting (as the case may be) any proposed changes in the law; and recommends further that such of these principles and propositions as are not already adequately provided for by the law, be submitted to the next legislature of this State in the form of a bill or bills, and passage thereof properly urged.

Proposed Constitutional Pension Provisions.

(1) Either of the proposed constitutional pension provisions noted below should be supported. The first is proposed by state teachers outside of Chicago. The second has been recommended by the Committee of the whole to the present Constitutional Convention of Illinois. They are respectively as follows:

(First): 'Any public officer or employe, a part of whose compensation has been or shall be deferred and contributed to any death, disability or retirement fund, as a whole or a part thereof, may have such vested interest in such fund as may be provided by law.'

(Second): 'Whenever any death, disability or retirement fund shall have been or shall be created by law, and a part of the compensation of a public officer or employe is required to be deferred and contributed thereto, as the whole or as a part thereof, such public officer or employe or his beneficiary may have such vested interest therein as may be provided by law, but such interest shall attach only to the fund accumulated, and shall impose no obligation upon the state to create or maintain such fund.'

Pensions Not Protected in Illinois Constitution.

One of these provisions should be supported because at present there is nothing in the Constitution to prevent the legislature (if it see fit) from repealing present pension laws entirely and wiping out the fund, or from diverting it to other public uses as against the contributors, who are still teaching. Under the present Constitution the legislature is **without power** to pass a law that would in terms protect teachers against such an event. Either provision if a part of the Constitution would give the legislature **such power**, and if and when exercised it would give the contributing teacher a **vested interest in the fund**. This will be true as to pension legislation whether on the present plan, or any other plan.

Increase Public Payments.

(2) Certain public interest moneys are now contributed to the pension fund, and the Board of Education is directed to add thereto enough to make the whole annual public contributions equal the aggregate annual deductions from salaries, and that Board is **permitted** to add enough more to make the total public contributions **double** the salary deductions. The law should **direct** instead of merely **permitting** this last mentioned addition.

This or more is done in some other states. In Georgia, Oregon and South Carolina the total contributions to teachers' pensions are from public funds only. (See Ill. Pension Laws Commission Report of 1916, page 50.) It was also approved by the Illinois Pension Laws Commission (see Chicago Teachers' Pension Board Proceedings, April 17, 1919, page 389) and by the Chicago Teachers' Pension Board. (See Proceedings of Chicago Teachers' Pension Board, March 5, 1917, page 136.)

Guard Against Possible Deficit

(3) The Pension Law should guard against the consequences of the even remote contingency of the current pension disbursements ever exceeding the current income, thus requiring any pensions to be paid from the accumulated and invested reserve, by providing now that the proper authorities

are authorized and directed in such event to increase public contributions and salary deductions (both and all proportionately) enough to supply such deficit and restore such reserve.

This is upon the principle of provisions in New Jersey and South Carolina, where the public makes up the whole of any such deficiency. (U. S. Bulletin, 1918—No. 23, Bureau of Education, Pages 117, 118, New Jersey, Chapter 85, March 24, 1915; South Carolina Act No. 506, Feb. 11, 1916.) Our fund has a reserve surplus of over \$1,500,000 and its income has for years exceeded its disbursements.

Estimates of Future Expenditures by Life Insurance Actuaries and Agents Private Foundations Not Dependable.

Attention is here called to the following excerpts from the report of Hon. Will C. Wood, State Superintendent of Instruction and ex officio President of State Teachers' Pension Fund of California:

'We are aware that no one, not even the life insurance actuaries or agents of private foundations, can estimate future expenditures with any degree of accuracy. American experience with retirement salaries for teachers has been too brief; the data collected by systems operating over a period of years has been too incomplete for actuaries to develop dependable scientific tables which we may use as a guide. Annuity tables used by life insurance companies are not fully adapted to our needs. * * * If we accept fully the recommendation of the actuaries, who are naturally conservative, the teachers will have to contribute so much toward the retirement salary that they will find the payments a burden, or, on the other hand, the retirement salary will be so little that it will not be worth while. We in California are gathering data and employing actuarial assistance in analyzing it. We expect to develop our own tables, accepting them only tentatively at first, and correcting them in the light of our experience. We are not ready to sacrifice the humanitarian principle underlying the retirement salary, just to gain

the approval of our plan by business experts who are as yet quite in the dark. We would rather err on the side of generosity, confident that the state will see us through if we get into deep water, than to err on the side of niggardliness. We believe that the state is better able to meet any deficiency by special appropriation than the children are able to pay through sacrifice of efficiency in the schools. We in California shall work toward a business basis. Meanwhile, we shall go on, trusting in God and the people of California to see us through.'

Disability Annuity Term Shortened

(4) The term of service necessary to precede any annuity for disability should be made twelve years, instead of fifteen years, which is the present term.

Increase Teachers' Payments

(5) Reclassify contributors and salary deductions so that the periods of service and deductions per year shall be as follows:

First class—first four years—\$10.

Second class—next four years—\$15.

Third class—next four years—\$25.

Fourth class—after twelve years—\$50.

This would increase the aggregate contributions of each teacher from \$450 as at present to \$850.

Increase Annuities

(6) The full annuity should be increased from \$400 to \$600 per year.

Eliminate Final Election.

(7) Any candidate for Trustee of the Pension Fund who receives a majority of all the votes cast at the Primary Election should be declared elected. Where the full number of candidates to be finally elected each receives a majority of all the votes cast at the Primary Election no final election should be held.

This method is now in use in Chicago and elsewhere in municipal elections.

**REPORT OF THE RECORDING
SECRETARY CONCERNING
THE PENSION DELEGATE
CONVENTION.**

(224A)

The Recording Secretary of this Board of Trustees, and who is also the Secretary of the Pension Delegate Convention hereinafter mentioned, reported to this Board that:

Pursuant to the order of this Board made October 15, 1920 (Pro., page 566), the Recording Secretary called a Pension Delegate Convention, by giving notice to the pension contributors, and the judges of election to meet in each school on Friday, October 22, 1920, and elect a delegate and alter-

nate for each 25 contributors or major fraction thereof from each school to a Pension Delegate Convention to be held Saturday, October 30, 1920, at 10 o'clock A. M. at the Y. M. C. A. Auditorium, on the main floor at 19 S. LaSalle Street in this city, and that such convention would be then and there held to take action on the Report of the Committee on Pension Law and Rules of this Board in regard to Pension Legislation. This report recommends principles and propositions as a basis for supporting or resisting any proposed changes in the Chicago Teachers' Pension Law at the coming session of the Legislature. Pursuant to such notice such delegates and alternates were so elected and duly certified.

Pursuant to the action of this Board on Saturday, October 23, 1920 (Pro., page 579), receiving and approving such Report of the Committee on Pension Law and Rules and directing the printing of a sufficient number of copies thereof to supply the delegates, such copies were printed and so supplied and sent to delegates and alternates; and in reply to requests from delegates a circular was sent all, containing references to portions of the proceedings of this Board for information on pension legislation.

Pursuant to such election and notice, such Pension Delegate Convention was duly held at the time and place therefor before mentioned, and there were present 335 delegates representing 276 schools; and such Convention received,

debated and considered the Report of the Committee on Pension Law and Rules, section by section, and by formal action requested that this report of the Committee be submitted to the teachers of every school for discussion and approval, and requested that this Pension Board request the Board of Education to concede to the teachers sufficient time to put the pension propositions (contained in the Report) before the teachers during school time, dismissing the schools an hour earlier for that purpose some day during next week; and then the Convention, to await the action indicated, adjourned subject to call by its chairman.

Thereupon the above report was considered by the Board.

On motion of Mr. Meade, seconded by Miss Schjoldager, the following order was unanimously adopted and passed:

Ordered, That the Report of the Recording Secretary this day made to this Board is and the matters therein are, hereby approved; and subject to the consent and co-operation of the proper school authorities, a meeting of the Pension Contributors in each school and branch is hereby called to be held Monday, November 8, 1920, at each main school to discuss the Report of the Committee on Pension Law and Rules recommending principles and propositions as a basis for supporting or resisting any proposed changes in the Chicago Teachers' Pension Law at the coming session of the Legislature; And it is further

Ordered, That at the time and places of the regular final pension election,

to be held November 10, 1920, a referendum vote of the contributors be taken on such principles and propositions by secret ballot (of a color different from the official ballot for trustees and different from the color of any specimen ballots) to be folded separately from the candidates' ballot and that the referendum ballots be counted, returned, canvassed and the result declared and certified by the regular election officers and Canvassing Board in a manner similar to other ballots as nearly as may be. And it is further

Ordered, That the Committee on Pension Law and Rules is authorized and requested to call an adjourned session or meeting of the Pension Delegate Convention to be held at some time shortly after such contributors' meeting for discussion, and after such referendum election, and preferably on Saturday, November 20, 1920, at 10 o'clock A. M., at the Marshall High School Auditorium in this city, provided the president of such Convention consents and co-operates, and the proper school authorities permit, as to such time and place; and that Committee is requested to report to this Board a summary of the proceedings of the Convention.

ADJOURNMENT.

On motion of Mr. Meade, seconded by Miss Swett, the meeting adjourned.

Recording Secretary,
Teachers' Pension Board.

Dear Madam:

For the information of the Pension Board, I wish to state that Mabel D. Foss, who retired on pension to date from Jan. 2nd, 1920, has returned to the teaching service. Miss Foss has received from the Pension Fund a total of \$240.00, and she has this day delivered to me the Cashier's Check, in the sum of \$240.00, so that her account with the Pension Fund is the same as though she had never been on the pension roll.

Pending her refund of the above pensioned amount, warrant No. 81220,

in the sum of \$40.00 and warrant No. 81910, in the sum of \$40.00 were issued to her for September and October pensions, but were held in this office and will be deposited back into the Teachers' Pension Fund.

Will you kindly authorize me to remove her name from the pension roll.

Yours truly,
CHAS. E. GILBERT,
Acting Secretary.

The above communications were received and ordered printed in the proceedings and the name of Mabel D. Foss was ordered stricken from the pension-roll as requested.

Salvaging Material.

The Secretary of the Canvassing Board reports that the notice printed on the large Ballot Box Envelopes requesting the Judges of Election to return these envelopes in good condition so that they might be used for future elections and the Special Notice of the Recording Secretary of the Pension Board to return the "Supplies Envelopes" and card-board "Letters of Instruction" in good condition, resulted as follows:

295 of the 313 Ballot Box envelopes used at the Final election have been put away for use at the Primary election in 1921, that is, only 18 were not returned or were returned in an unfit condition for future use.

The Judges and Clerks of Election in 295 schools returned the card-board "Letters of Instruction" in usable condition.

The Supplies Envelopes from 313 schools were also salvaged and prepared for use at the 1921 elections.

In this connection it might be well to repeat that 330 of the Collapsible Ballot Boxes which were purchased in 1914, and used for the first time at the Final election of that year, are still in excellent condition after having been

used at fourteen elections, and are stored away ready for future use.

The Canvassing Board appreciates the co-operation of the Judges of Election in the schools in returning the Election material in such good condition.

The work of collecting, salvaging, wrapping, labeling and storing election material, including the repairing of Ballot Box and Supplies Envelopes, is done during the count and canvass of the ballots under the direction of the Recording Secretary of the Pension Board, and the Secretary of the Canvassing Board.

It is done by clerks from the office of the Secretary of the Board of Education, working overtime and paid by the Pension Board for these services. They are assisted by a committee of Judges of Election, who contribute their services.

ELIZABETH C. BUHMANN,
Secretary.

On motion of Miss Abbe, seconded by Miss Swett, the report of the Canvassing Board was received and ordered printed in the proceedings.

Miss Schjoldager, Chairman of the Committee on Pension Law and Rules, presented the following report of the Committee:

The Committee on Pension Law and Rules reports that in accordance with the action of the Pension Delegate Convention held on October 30, 1920, and as directed by the Pension Board at an adjourned session held on November 1, 1920, the Chairman of the Convention and also this Committee called an adjourned session of the Pension Delegate Convention for, and the same was held at, the Marshall High School Auditorium, at 3250 West Monroe Street, in this City of Chicago, on Saturday, November 20, 1920, at ten o'clock A. M., with the permission of the proper school authorities as to the place of meeting.

The call for the Convention was sent to the Pension Delegates and Alternates, and to the contributors, care of the Judges of Election, and a copy sent for each contributor in each school. The contributors were invited to attend and provision was made for seating them apart from the delegates. A copy of the call is herewith presented. The credentials which were used at the October 30, 1920, session of the Convention were returned to the delegates and used at this adjourned session thereof, and as used are submitted herewith.

The then vice-president of this Pension Board, Mrs. Ida L. M. Fursman, presided at this and the former session of the Convention and the Recording Secretary of the Pension Board, Miss Mary M. Abbe, acted as secretary at each session.

A correct summary of the proceedings of the session of October 30, 1920, of the Convention, was reported to this Board at its adjourned meeting of November 1, 1920, by the Recording Secretary, and is hereby re-

ferred to and made a part of this report.

Credentials of 299 delegates or alternate delegates who were present at this adjourned session were presented from 269 schools. Check-sheet is presented herewith containing an alphabetical list of all the schools, with the schools represented by delegates or alternate delegates checked. The number of checks (✓) after the name of each school indicates the number of delegates present from that school.

Complete stenographic reports or transcripts of the proceedings of the Convention at both sessions are submitted herewith; also the minutes of the secretary of the Convention made up from such stenographic reports.

The committee recommends that the stenographic transcripts and all other documents presented herewith be filed with this report and that the minutes of the Convention be printed in the proceedings of the Pension Board.

The following resolutions were adopted by the Convention:

RESOLUTIONS.

RESOLVED, that this Convention express confidence in the Pension Board and grateful appreciation of its services.

RESOLVED, that this Convention endorse the Principles and Propositions which were submitted to and approved by the contributors on November 10, 1920, under the conditions and as set forth in the Report of the Committee on Pension Law and Rules of the Chicago Teachers' Pension Board dated October 23, 1920.

RESOLVED, that this Convention authorize the Pension Board to cause a Bill to be drafted for introduction into the Legislature at the coming session.

RESOLVED, that the Convention authorize the Pension Board to appoint such committees for counsel and conference as it may deem necessary to make effective the will of the contributors.

Your Committee recommends that the following action be taken by the Pension Board in regard to these resolutions:

In regard to the third Resolution, authorizing the Pension Board to cause

a Bill to be drafted for introduction into the Legislature at the coming session: The Committee recommends that authority be granted to the Committee on Pension Law and Rules, by and with the advice of the attorney for the Pension Board, to draft this Bill amending the Pension Law in conformity with the principles and propositions set forth in the Report of the Committee on Pension Law and Rules under date of October 23, 1920, and approved by the referendum vote of the contributors on November 10, 1920, and endorsed by the Delegate Convention on November 20, as set forth in the resolution.

In regard to the fourth Resolution authorizing the Pension Board to appoint such committees for counsel and conference as it may deem necessary to make effective the will of the contributors: The Committee recommends that the Pension Board authorize the Committee on Pension Law and Rules to appoint these Committees with authority to distribute the work in connection with the several propositions and principles to such committees or sub-committees on each proposition, as in the judgment of the committee on Pension Law and Rules will best further the work of carrying out the will of the contributors as expressed in the referendum vote and the Pension Delegate Convention.

The Committee makes the following report and recommendation in regard to the proposition which was referred to the Pension Board by the Convention, i. e., the matter of asking the Legislature to permit non-contributors to become contributors. The Committee recommends that this matter be referred to the Committee on Pension Law and Rules with authority to secure the necessary information in regard to the number of such non-contributors, the length of service of each, and any other information that may be deemed necessary by the Committee, and report such information back to the Pension Board for consideration before embodying any provision for admitting non-contributors in the proposed amendments to the Pension Law.

The Committee presents herewith a Condensed Schedule of Comparisons of Pensions in the United States in 1920, submitted to and made a part

of the record of the Convention, and distributed to the delegates and contributors present. The Committee recommends that it be filed in the office of the Recording Secretary of the Pension Board as a part of the record of the Convention.

After debate, the chairman put the substitute motion as a motion that the Pension Board be requested to ask the Board of Education to concede to the teachers sufficient time to put the pension propositions before the teachers during school time, dismissing the schools an hour earlier for that purpose some day next week.

This motion prevailed, and was unanimously carried.

Ladies and Gentlemen:

Mr. H. J. Rust, Commissioner of Finance of the City of Pekin, Ill., called at this office today for the purpose of ascertaining if the Trustees of the Teachers' Pension Fund would be interested in obtaining payment of the principal and interest on \$6,000 or \$7,000 of the City of Pekin four and one-half per cent Street Railway bonds, on April 1, 1921, which is the next interest date.

The following is a list of these bonds now owned by the Pension Fund:

They offer to retire the bonds at par. Should you be able to purchase Liberty Loan Bonds at less than par, this would appear to be a good proposition.

Will you kindly advise me as soon as possible concerning the action taken by your Board of Trustees?

City Treasurer.

Rust, Commissioner of Finance, of the City of Pekin, Illinois, to retire at par on April 1, 1921, certain Street Railway four and one-half per cent bonds held by the Chicago Teachers' Pension Board, as contained in the above communication from the City Treasurer of Chicago, was accepted, and the Recording Secretary was instructed to so notify the City Treasurer of Chicago.

Refund—15 years. Inadvertently Issued for 1918, Instead 1920 —Amount Refunded.

Secretary, March 11, 1921.
Teachers' Pension Board.

Dear Madam:

At the last meeting of the Pension Board, application from Mabelle C. S. Dobbs for the refund of one-half of her contribution to the Pension Fund, on account of her resignation from the service was granted.

Mrs. Dobbs retired from the service in 1918, and received refund of \$19.25. She returned to the service in January, 1920, and remained one year. Inadvertently, the amount due her on

account of contributions to 1918 was inserted, instead of the amount due her for 1920.

Mrs. Dobbs has refunded the \$19.25 and she has filed another application covering the 1920 contributions.

Yours truly,
CHARLES E. GILBERT,
Acting Secretary.

For the purpose of providing revenue for such pension fund the board of education of such city shall in the year 1922 and annually thereafter demand and direct, and the city council of such city shall upon such demand and under such direction in the year 1922 and annually thereafter levy a tax of three-tenths (3/10) of a mill on the dollar on all taxable property in such city. Such tax shall be levied and collected in like manner with other general taxes for school or educational purposes of such city and shall be in addition to all other taxes which such city (either with or without such demand or direction) is now or hereafter may be authorized to levy upon the aggregate valuation of all taxable property within such city. The County Clerk in reducing the tax levies under the provisions of Section 2 of an Act entitled, "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider the tax herein authorized as a part of the general taxes for city purposes or for school purposes, educational purposes or building purposes, and shall not include the same in any of the limitations of any percentages of the assessed valuation upon which taxes for said last three mentioned purposes are required to be levied or extended. Said tax, when collected, shall be paid into the public school teachers' pension and retirement fund as a part thereof.

SEC. 155. Any person who at the time this Act (as now amended) shall take effect is a contributor to said pension fund and any person who shall thereafter be employed to teach in the public schools of any such city and any other person who becomes a contributor pursuant to the provisions of this Act, shall be entitled to the benefits of said fund upon complying with the provisions of this Act and for the purposes of this Act such persons shall be divided into the following groups according to the number of years of service within the meaning of this Act:

First. Those who have taught four years or less.

Second. Those who have taught more than four years and not more than eight years.

Third. Those who have taught more than eight years and not more than twelve years.

Fourth. Those who have taught more than twelve years.

After this Act shall take effect, there shall be set apart from the salaries of all persons heretofore described in this section one dollar (\$1.00) per month for each month of service while they remain in the first group; One dollar and fifty cents (\$1.50) per month for each month of service while they remain in the second group; Two dollars fifty cents (\$2.50) per month for each month of service while they remain in the third group and Five dollars (\$5.00) per month for each month of service while they remain in the fourth group, which amounts shall be deducted by the Board of Education in equal installments from their respective salaries at the regular times for the payment thereof, and be paid into and constitute a part of the public school teachers' pension and retirement fund of such city.

The board of trustees in any such city created or existing under the provisions of this Act, shall succeed to the administration of any like fund established under any law now or heretofore in force in this State, and such board is hereby given the power to use both the principal and income of all funds for the payment of the pensions or annuities in this Act provided for, and shall have power to increase or reduce from time to time all pensions or annuities, provided such increases or reductions shall be at the same rate on all classes; And, further provided, that all reductions shall in the judgment of said board of trustees be rendered necessary by the condition of said fund.

All teachers entering the service of the said board of education for the first time shall submit to said board of education evidence which has been approved and accepted by the board of trustees of said pension fund, attesting and proving service rendered in public schools outside of said city, and such evidence shall be the basis for placing such teachers in the proper group of the groups provided in this section. *No teacher in the service of said board of education at the time this Act (as now amended) shall take effect whose evidence of service outside said city has not been so submitted and approved at that time or within six months thereafter shall be entitled to count such service outside said city as a part of the period of twenty-five years hereinafter specified.*

Any public school teacher who has heretofore retired from service and is entitled to a pension or annuity from a like fund, created under any law now or heretofore in force, to the administration of which fund such board of trustees has succeeded, or is a recipient of a pension or annuity thereunder, shall henceforth be entitled to receive a graduating pension ranging from four-fifths to five-fifths of pensions paid under the provisions of this Act, dependent upon time of service as public school teachers, under uniform schedules to be provided by rules of said board of trustees; and *Two Hundred (\$200.00) Dollars per annum shall be withheld from such pensioner or annuitant until he or she shall have paid the aggregate amount of Eight Hundred Fifty Dollars.*

Sec. 156. Teachers employed by the Board of Education of any such city, who shall become contributors to and beneficiaries of a public school teachers' pension and retirement fund, under any provisions of this Act, may count past service as a part of the period of twenty-five years hereinafter specified and become entitled to the benefit of such past service, by paying into said fund a sum equal to that which he or she would have contributed under the provisions of this Act, had he or she been a regular contributor to said fund during said period of past service, together with interest thereon at the rate of four per cent per annum from the time such payments would have been made, *and an additional sum equal to the amount of appropriation by the Board of Education withheld from payment into the pension fund because he or she was not a contributor during said period, together with interest thereon at four per cent per annum as aforesaid, and what, if any, other sum may be necessary to indemnify said fund against any loss it may have sustained by reason of receiving less public contribution than it would have received if such teacher had been a regular contributor during such period.*

Sec. 156a. All persons who have heretofore been contributors to the public school teachers' pension and retirement fund of cities having a population exceeding 100,000 inhabitants, under any law then in force but who have withdrawn from such participation, may, if they shall exercise the option on or before the first day of July, in the year of our Lord 1924, renew their right to participation in a fund to be created in said city under the provisions of this Act, by paying into said fund the full amount of any moneys they may have withdrawn from such previous fund, and the full amount they would have contributed had they not withdrawn therefrom, together with interest thereon at the rate of four per cent per annum from the time such moneys were withdrawn and from the time payment would have become due to the date of their acceptance of the provisions of this Act, *together with what, if any, further sum may be necessary to indemnify said fund as mentioned in above Section 156;* and thereafter such person shall contribute to said fund upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund: *Provided, however,* that such persons who shall be re-employed by said Board of Education as such teachers on or after July 1, 1921, may, if they shall exercise such option within three years after such re-employment, renew their right to participation in such fund upon the same terms and conditions aforesaid.

SEC. 156b. All teachers who are now in the service of the board of education of any such city, other than those described in the previous section, may, if they shall exercise the option, on or before the first day of July in the year of Our Lord One Thousand Nine Hundred and *Twenty-four*, become contribu-

tors to and beneficiaries of the public school teachers' pension and retirement fund created under the provisions of this Act, upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund under Section 156a of this Act.

SEC. 157. Such board of trustees shall have the power, and it shall be its duty, to pass a resolution declaring the maturity of service and right to the immediate benefits of said fund in favor of persons entitled to the benefits thereof, in the following cases:

1. When any such person shall have taught in the public schools in the United States, or rendered service therein, for a period of twenty-five years, within the meaning of this Act.

2. When any contributor to the said fund shall have taught *twelve* years in the public schools within the meaning of this Act, and shall have been declared by three competent physicians, who have made a physical examination of the teacher, at the request of a majority of such board of trustees, to be suffering from a permanent disability.

Provided, that neither said board of trustees nor said board of education shall declare any contributor entitled to the immediate benefits of said fund until he or she shall have taught in the public schools of such city three-fifths of the term of service of twenty-five years, or three-fifths of the term of service of *twelve* years, as the case may be, said three-fifths service in said city must be the last service rendered prior to his or her retirement on a pension and no person shall be entitled to the benefits of said fund until his or her employment as a *teacher* in the service of such board of education shall have been terminated.

SEC. 158. Each teacher so retired or retiring after twenty-five years of service shall thereafter be entitled to receive a *full service* annuity of \$600.00 and each teacher so retired because of permanent disability after *twelve* years of service shall receive as an annual pension such proportion of the full annuity as the sum contributed by such teacher so retired bears to the total contributions required for a full annuity, *provided no disability annuity shall be less than \$200.00.*

Said pensions and annuities shall be paid monthly during the school year by said Board of Trustees out of the fund created in accordance with the provisions of this Act in the manner provided by law for the payment of teachers' salaries.

SEC. 165. *If the moneys collected and paid into such public school teachers' pension and retirement fund from taxes levied for the purpose of providing revenue for such pension fund in any current fiscal year shall not equal twice the amount of the moneys deducted or contributed from teachers' salaries for such fund for such year; or should the current income of such pension fund in any fiscal year ever be less than the current disbursements of such fund for such year, then in either or both of such events, such Board of Education shall the next year in addition to demanding and directing the annual tax levy hereinbefore provided for, set apart and appropriate from moneys derived or to be derived from the general tax levy for educational purposes an amount of money sufficient to supply such deficiency or deficiencies, as the case may be, and promptly pay such sum of money into such fund for such purpose and to restore what, if any, of the reserve of such pension fund may have been necessarily temporarily used in the meantime.*

An Act to provide for the contribution from public moneys to the Public School Teachers' Pension and Retirement Fund in cities having a population exceeding 100,000 inhabitants," approved June 5, 1911, in force July 1, 1911, as amended, is repealed.

1. That the last check-up of the teachers' pension securities in the City Treasurer's office was on June 17, 1920, report of which is printed in the Proceedings of the Pension Board, June 18, 1920, pages 535 to 547.

2. That the Committee on June 23, 1921, checked up the securities of the Pension Fund in the custody of the City Treasurer and found securities having a total face value of \$1,600,975, as follows:

Total Bonds in custody of City Treasurer on June 17, 1920, Items 1 to 580, inclusive, reported in proceedings of Teachers' Pension Board, December 21, 1917, page 205 to 219, "List C"; also Items 581 to 739, inclusive, reported in proceedings of June 18, 1920, pages 542 to 546, "List C1".....	\$1,539,675.00
Bonds in above lists, "List C" and "List C1," which matured between June 17, 1920 and June 23, 1921, as shown by above lists, and verified on June 23, 1921, with the City Treasurer's records of maturities	53,700.00
<hr/>

The Committee further reports that all the recommendations that were made by the Special Committee which checked up the bonds on June 17, 1920, have been carried out, and since that date all the information in regard to bonds purchased has been printed in the Proceedings of the Pension Board in the reports of the Committee on Finance and Judiciary. This printed information has greatly facilitated the work of the committee both in preparing the list for checking and in the work of checking and in the preparation of this report for submission to the Pension Board.

**REPORTS OF COMMITTEE
ON PENSION LAW
AND RULES.**

Miss Schjoldager, Chairman of the Committee on Pension Law and Rules, presented the following reports of the Committee:

Pension Law Amended.

(292)

The Committee on Pension Law and Rules reports that Senate Bill 425, amending the Pension Law, as set forth in the proceedings of April 15,

1921, pages 649 to 653, was passed by the Legislature, was signed by the Governor on June 29, and became effective July 1, 1921.

The Committee further reports that the amendments reported above have been inserted in their respective sections in the Pension Law, and a copy of the Law as amended is submitted herewith.

The Committee recommends the adoption of this report, and that the Pension Law as amended be printed in the proceedings.

Objection to Pension Bill Filed

The Committee further reports that it has received from the Recording Secretary and presents herewith the following communication from Mr. I. T. Greenacre, the attorney for the Pension Board:

Chicago, September 9, 1921.
Board of Trustees of the Public School
Teachers' Pension and Retirement
Fund.

Chicago, Illinois.

Ladies and Gentlemen:

Your attorney presents the following

report concerning the final steps in the passage of the amendments to the Pension Law:—

When the Bill had passed both houses it was sent to the Governor for signature. On June 22d, an objection to the Bill was filed by Mr. Douglas Sutherland, which objection and the letter which accompanied it are submitted herewith.

In the opinion of your attorney the only part of this objection which merited serious consideration is contained in the last paragraph—that relating to the effect the Bill would have on the finances of the Public School Employes' Pension Fund. After consideration of evidence presented by your attorney, the Attorney General held that the objection presented by Mr. Sutherland was not a valid one. Public contribution to the School Employes' Fund is preserved by the Act approved June 27th, 1913, (see: Laws of Illinois of 1913, page 583). This act *is not* found in the Revised Statutes of 1919 which is still generally used. The 1921 Revised Statutes is not yet published. This omission probably accounts for the objection being made. The Act nevertheless exists, and will probably appear in the next Revised Statutes.

The legal difficulties having been thus removed, the Governor signed the Bill on June 29, 1921.

Respectfully submitted,

(Signed) I. T. GREENACRE.

Letter of Mr. Douglas Sutherland.

Chicago, Illinois.
June 22, 1921.

Hon. Clarence Boord,
Assistant Attorney General,
Springfield, Illinois.

My Dear Mr. Boord:—

At the suggestion of General Brundage I am enclosing to you direct a memorandum in re Senate Bill 425. I also enclose a copy of the original bill with annotations to indicate the amendments adopted in the Senate on May 26th. I have not at hand a copy of this Bill as it was printed in the House. No amendments were adopted in the House,

Thank you very much for your consideration.

Yours respectfully,

(Signed) Douglas Sutherland.

Memoranda in re Senate Bill 425.

Senate Bill No. 425 purports to amend Section 152, 154, 155, 156, 156a, 156b, 157, 158 and 165 of an Act entitled "An Act to establish and maintain a system of free schools" approved June 12, 1909, in force June 12, 1909, as subsequently amended and to repeal Section 165a of said Act, which sections are a part of the sections providing for the establishment of a teachers' pension fund in cities having a population of over 100,000 inhabitants, Section 165a being "An Act to provide for the contribution from public moneys to the public school teachers' pension and retirement fund in cities having a population of over 100,000 inhabitants" approved June 5, 1911, in force July 1, 1911, as amended by act approved June 27, 1913, in force July 1, 1913. (Hurds 1919 pp. 2740-2745).

Senate Bill 425 purports to amend Section 154 of the above Act by adding to the existing language a provision for a special tax levy of 3/10 mill per annum on the dollar on all taxable property in such city (outside of the scaling process of the Juul law) which special tax, however, is specifically not to be levied until the year 1922, and which, when collected, is to be paid into the public school teachers' pension and retirement fund as a part thereof.

Section 165 of the existing Act purports, by terms of Senate Bill 425 to be amended to read: "If the moneys collected and paid into such public school teachers' pension and retirement fund from taxes levied for the purpose of providing revenue for such pension fund in any current fiscal year shall not equal twice the amount of the moneys deducted or contributed from teachers' salaries for such fund for such year; or should the current income of such pension fund in any fiscal year ever be less than the current disbursements of such fund for such year, then in either or both of such events, such Board of Education shall the next year in addition to demanding and directing the annual tax levy hereinbefore provided for, set apart and appropriate from moneys derived or to be derived from the general tax levy for educational purposes an amount of money sufficient to supply such deficiency or deficiencies, as the case may be, and promptly pay such sum of money into such fund for such purpose and to restore what, if any, of the reserve of such pension fund may have been necessarily temporarily used in the meantime."

Under the proposed new section 154, no money from the direct special three mill tax may pass (even by operation of tax anticipation warrants) into the pension fund before next year, 1922. Under the proposed new Section 165 the Board of Education is not authorized to pay from

its general educational tax levy an amount of money sufficient to supply any deficiency described in said new section until the "next year" after such deficiency shall have occurred.

The only other fiscal resources of this pension and retirement fund mentioned are those retained in Section 154 from the present act, i. e. "Moneys paid into said fund by persons desiring the benefits thereof, under the provisions of this Act; of moneys received from donations, legacies, gifts, bequests or otherwise on account of said fund, and of moneys paid into said fund in pursuance of any law now in force or hereafter to be enacted."

The only other fiscal provisions now in force are in the aforementioned existing Sections 165 and 165a which provided that the Board of Education shall pay into such fund from interest on school funds raised by taxation for either educational or building purposes, an amount not exceeding in any year one per cent of the sums so levied for such purposes, and (Section 165a) that the Board of Education shall annually set aside, appropriate and pay into such pension and retirement fund a sum of public money so that the same when taken together with the moneys added to such pension fund for that year from interest on school funds raised by taxation as provided in Section 165 of the existing Act, shall equal the amount contributed to said fund from the teachers and may have power to appropriate and set aside and pay into said fund from interest and general funds an amount double the contributions from teachers to the fund.

Senate Bill 425, however, purports to omit from the revised Section 165 all mention of the appropriation from one per cent of the interest on school funds raised by taxation, and purports completely to repeal Section 165a.

Therefore, if this Bill is enacted, in the year 1921 the public school teachers' pension and retirement fund will lose the revenues now provided for in present Sections 165 and 165a of the present Act, and cannot receive the revenues from the special tax to be levied beginning in 1922, nor the supplemental appropriations provided in the proposed new Section 165 because these cannot be made until the "next year" after the deficit has occurred, which, at the earliest, will be the year 1922.

This cannot fail to mean a serious blow to this fund, (the only substantial contributions to which in 1921 will be the contributions from teachers' salaries), which is already reported to be in critical condition. The Illinois Pension Laws Commission in its 1918-1919 report pp. 217-18, says that as of 1916 "there was found a

deficiency of over \$5,600,000; that is to say it was found that in order to provide adequate reserves it would require over \$5,600,000 beside the future contributions of teachers and of the Board of Education as provided by law to carry out the pension plan on behalf of present teachers. When the system has reached the point where it is carrying its ultimate normal load the outlay for pensions per year would be 7.06 per cent of the payroll.

The present value of the deficiency of \$5,601,199 shown in the balance sheet (report of 1916, page 146) is due to the accrued liabilities that were assumed when the pension system was started and to the fact that the system was in operation for a number of years before the Board of Education began to contribute on the present basis.

However, the contributions are not sufficient to pay both the pensions and the interest on the deficiency and the deficiency will increase under the present conditions.

In addition to still further increasing the deficiency by withholding the normal substantial contributions from the Board of Education for the year 1921, the load upon the fund is materially increased in the bill both by increasing the amount of pensions 50 per cent (from \$400 to \$600) and by reducing the service period requisite to eligibility for permanent disability pensions from 15 years to 12 years. Both of these provisions probably would operate to add to the number of pensioners also.

Affects Public School Employees Other Than Teachers.

Should Senate Bill 425 become a law it would seriously affect also the revenues of the Public School Employees' Pension Fund (Hurds 1919 Ed. p. 2792, Chap. 122, Section 423a, E. S.) in that in revising Section 165 aforesaid it omits the provision of setting aside one per cent of the interest on school tax funds for "the public school teachers' and public school employees' pension and retirement funds now created or existing or such as may be hereafter created pursuant to any law." This fund under the action of this Bill apparently would be left without any public contribution.

The Committee recommends that this report from the attorney be accepted and printed in the proceedings, together with the communication from Mr. Sutherland referred to therein.

CHICAGO TEACHERS' PENSION LAW

As Amended and in Force July 1, 1921

(Sec. 152 to 163 and Sec. 165 of the Illinois School Act.)

(Amendments by Legislature of 1921 in Italics)

Sec. 152. In every city in this State having a population exceeding 100,000 inhabitants there shall be elected a board of trustees to have the administration and control of the public school teachers' pension and retirement fund, to be created and maintained in the manner provided by this Act. On the date of the first meeting of said board of education in the month of November of each year thereafter there shall in like manner be elected two members of said board of trustees from those members of the teaching force who are contributors to said pension and retirement fund, who shall hold office for a term of three years, while remaining contributors thereto. The election of the members of the said board of education to said board of trustees shall be by a majority of said board of education in such manner as they, the board of education shall provide. The election of the members to said board of trustees by those members of the teaching force contributing to said fund of said city shall be by secret ballot at an election held by the board of education in such manner as the board of trustees shall by by-laws provide. Nominations for trustees shall be made by a secret primary election held by the board of education *in such manner as the Board of Trustees shall by by-laws provide* at least thirty days before such final election and every person who is a member of the teaching force of such city, and a contributor to such pension and retirement fund, shall be entitled to vote at such primary election for as many persons to be nominees as there are trustees to be elected. *The name of no candidate for nomination shall be printed upon the primary ballot unless upon a petition signed by not less than twenty-five members of the teaching force employed in such city who are contributors to the pension fund, provided each such petition shall be filed with the Recording Secretary not less than ten days before the primary election and provided not more than one candidate may be nominated by any one petition, and that each such petition shall contain the number of signatures above prescribed. The names of the persons receiving the highest number of votes in said primary less than a majority of all the votes cast thereat shall appear as nominees for trustees upon the election ballot: Provided, the number of such names appearing on the election ballot shall be not more than double the number of trustees to be elected and provided that any candidate for Trustee of the Pension Fund who receives a majority of all the votes cast at the Primary Election shall thereby be, and be declared to be, finally elected Trustee. Where the full number of candidates to be finally elected each receives a majority of all the votes cast at the Primary Election no final election shall be held. Each person who is a member of the teaching force of such city, and a contributor to said pension and retirement fund shall be entitled to vote at the election for such*

number of persons as is to be elected trustees. The location and number of polling places shall be designated by the board of trustees. The judges and clerks of such primary and election shall be selected from the members of the teaching force of such city who are contributors to such pension and retirement fund in such manner as the board of trustees shall by by-laws provide. Elections to fill vacancies in the Board of Trustees shall be held at the next ensuing annual election: *Provided, however,* that the board of education may fill vacancies occurring in the membership of said board of trustees elected from said board of education at any regular meeting of the board of education. All trustees, while members of said board of education or while contributors to said pension fund, including members of the board of trustees of the teachers' pension and retirement fund to which the board created by this Act succeeds, shall hold their offices until their successors shall have been elected and duly qualified.

Sec. 153. Such Board of Trustees shall have charge of and administration of the public school teachers' pension and retirement fund of such city, and shall have power to invest the same in such manner as it shall deem most beneficial to said fund, but in the same manner and subject to the same terms and conditions as township trustees are permitted to invest school funds under the law, and shall have power to make payments from said fund of pensions or annuities granted in pursuance of this Act; and shall from time to time make and establish such by-laws, rules and regulations for the administration of said fund, as they shall deem advisable and shall have power to employ such assistance and service as may, in their judgment, be necessary for the proper enforcement of the provisions of this Act and carrying into effect valid by-laws, rules and regulations enacted by them; and they shall have power to fill any vacancies occurring in said Board of Trustees of members elected from the teaching force of said city, until the next annual election, when said vacancies shall be filled as provided by this Act.

Sec. 154. The public school teachers' pension and retirement fund of such city shall consist of moneys paid into said fund by persons desiring the benefits thereof, under the provisions of this Act; of moneys received from donations, legacies, gifts, bequests or otherwise on account of said fund, and of moneys paid into said fund in pursuance of any law now in force or hereafter to be enacted, and also all taxes collected for said fund pursuant to the levy herein (or hereafter) authorized, and moneys from any legal source or increment. *For the purpose of providing revenue for such pension fund the board of education of such city shall in the year 1922 and annually thereafter demand and direct, and the city council of such city shall upon such demand and under such direction in the year 1922 and annually thereafter levy a tax of three-tenths (3/10) of a mill on the dollar on all taxable property in such city. Such tax shall be levied and collected in like manner with other general taxes for school or educational purposes of such city and shall be in addition to all other taxes which such city (either with or without such demand or direction) is now or hereafter may be authorized to levy upon the aggregate valuation of all taxable property within such city. The County Clerk in reducing the tax levies under the provisions of Section 2 of an Act entitled, "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider the tax herein authorized as a part of the general taxes for city purposes or for school purposes, educational purposes or building purposes, and shall not include the same in any of the limitations of any percentages of the assessed valuation upon which taxes for said last three mentioned purposes are required to be levied or extended. Said tax, when collected, shall be paid into the public school teachers' pension and retirement fund as a part thereof.*

Sec. 155. Any person who at the time this Act (as now amended) shall take effect is a contributor to said pension fund and any person who shall thereafter be employed to teach in the public schools of any such city and any other person who becomes a contributor pursuant to the provisions of this Act, shall be entitled to the benefits of said fund upon complying with the provisions of this Act and for the purposes of this Act such persons shall be divided

into the following groups according to the number of years of service within the meaning of this Act.

First. Those who have taught four years or less.

Second. Those who have taught more than four years and not more than eight years.

Third. Those who have taught more than eight years and not more than twelve years.

Fourth. Those who have taught more than twelve years.

After this Act shall take effect, there shall be set apart from the salaries of all persons heretofore described in this section one dollar (\$1.00) per month for each month of service while they remain in the first group; One dollar and fifty cents (\$1.50) per month for each month of service while they remain in the second group; Two dollars fifty cents (\$2.50) per month for each month of service while they remain in the third group and Five dollars (\$5.00) per month for each month of service while they remain in the fourth group, which amounts shall be deducted by the Board of Education in equal installments from their respective salaries at the regular times for the payment thereof, and be paid into and constitute a part of the public school teachers' pension and retirement fund of such city.

The board of trustees in any such city created or existing under the provisions of this Act, shall succeed to the administration of any like fund established under any law now or heretofore in force in this State, and such board is hereby given the power to use both the principal and income of all funds for the payment of the pensions or annuities in this Act provided for, and shall have power to increase or reduce from time to time all pensions or annuities, provided such increases or reductions shall be at the same rate on all classes. And, further provided, that all reductions shall in the judgment of said board of trustees be rendered necessary by the condition of said fund.

All teachers entering the service of the said board of education for the first time shall submit to said board of education evidence which has been approved and accepted by the board of trustees of said pension fund, attesting and proving service rendered in public schools outside of said city, and such evidence shall be the basis for placing such teachers in the proper group of the groups provided in this section. *No teacher in the service of said board of education at the time this Act (as now amended) shall take effect whose evidence of service outside said city has not been so submitted and approved at that time or within six months thereafter shall be entitled to count such service outside said city as a part of the period of twenty-five years hereinafter specified.*

Any public school teacher who has heretofore retired from service and is entitled to a pension or annuity from a like fund, created under any law now or heretofore in force, to the administration of which fund such board of trustees has succeeded, or is a recipient of a pension or annuity thereunder, shall henceforth be entitled to receive a graduating pension ranging from four-fifths to five-fifths of pensions paid under the provisions of this Act, dependent upon time of service as public school teachers, under uniform schedules to be provided by rules of said board of trustees; and Two Hundred (\$200) Dollars per annum shall be withheld from such pensioner or annuitant until he or she shall have paid the aggregate amount of Eight Hundred Fifty Dollars.

Sec. 156. Teachers employed by the Board of Education of any such city, who shall become contributors to and beneficiaries of a public school teachers' pension and retirement fund, under any provisions of this Act, may count past service as a part of the period of twenty-five years hereinafter specified and become entitled to the benefit of such past service, by paying into said fund a sum equal to that which he or she would have contributed under the provisions of this Act, had he or she been a regular contributor to said fund during said period of past service, together with interest thereon at the rate of four per cent per annum from the time such payments would have been made, and an additional sum equal to the amount of appropriation by the Board of Edu-

cation withheld from payment into the pension fund because he or she was not a contributor during said period, together with interest thereon at four per cent per annum as aforesaid, and what, if any, other sum may be necessary to indemnify said fund against any loss it may have sustained by reason of receiving less public contribution than it would have received if such teacher had been a regular contributor during such period.

Sec. 156a. All persons who have heretofore been contributors to the public school teachers' pension and retirement fund of cities having a population exceeding 100,000 inhabitants, under any law then in force but who have withdrawn from such participation, may, if they shall exercise the option on or before the first day of July, in the year of our Lord 1924, renew their right to participation in a fund to be created in said city under the provisions of this Act, by paying into said fund the full amount of any moneys they may have withdrawn from such previous fund, and the full amount they would have contributed had they not withdrawn therefrom, together with interest thereon at the rate of four per cent per annum from the time such moneys were withdrawn and from the time payment would have become due to the date of their acceptance of the provisions of this, together with what, if any, further sum may be necessary to indemnify said fund as mentioned in above Section 156; and thereafter such person shall contribute to said fund upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund: *Provided, however,* that such persons who shall be re-employed by said Board of Education as such teachers on or after July 1, 1921, may, if they shall exercise such option within three years after such re-employment, renew their right to participation in such fund upon the same terms and conditions aforesaid.

Sec. 156b. All teachers who are now in the service of the board of education of any such city, other than those described in the previous section, may, if they shall exercise the option, on or before the first day of July in the year of Our Lord One Thousand Nine Hundred and *Twenty-four*, become contributors to and beneficiaries of the public school teachers' pension and retirement fund created under the provisions of this Act, upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund under Section 156a of this Act.

Sec. 157. Such board of trustees shall have the power, and it shall be its duty, to pass a resolution declaring the maturity of service and right to the immediate benefits of said fund in favor of persons entitled to the benefits thereof in the following cases:

(1) When any such person shall have taught in the public schools in the United States, or rendered service therein, for a period of twenty-five years, within the meaning of this Act;

(2) When any contributor to the said fund shall have taught *twelve* years in the public schools within the meaning of this Act, and shall have been declared by three competent physicians, who have made a physical examination of the teacher, at the request of a majority of such board of trustees, to be suffering from a permanent disability.

Provided, that neither said board of trustees nor said board of education shall declare any contributor entitled to the immediate benefits of said fund until he or she shall have taught in the public schools of such city three-fifths of the term of service of twenty-five years, or three-fifths of the term of service of *twelve* years, as the case may be, said three-fifths service in said city must be the last service rendered prior to his or her retirement on a pension and no person shall be entitled to the benefits of said fund until his or her employment as a teacher in the service of such board of education shall have been terminated.

Sec. 158. Each teacher so retired or retiring after twenty-five years of service shall thereafter be entitled to receive a full service annuity of \$600.00 and each teacher so retired because of permanent disability after *twelve* years of service shall receive as an annual pension such proportion of the full annuity as the sum contributed by such teacher so retired bears to the total contributions required for a full annuity, *provided no disability annuity shall*

be less than \$200.00. Said pensions and annuities shall be paid monthly during the school year by said Board of Trustees out of the fund created in accordance with the provisions of this Act in the manner provided by law for the payment of teachers' salaries.

Sec. 159. The President and the Secretary of said Board of Education shall certify monthly to the city treasurer all amounts deducted from the salaries of teachers, special teachers, principals and superintendents of schools, in accordance with the provisions of this Act, which amounts, as well, as all other moneys contributed to said fund, shall be set apart and held by said treasurer as a special fund for the purposes hereinbefore specified, subject to the order of said Board of Trustees herein created and shall be paid out upon warrants signed by the President and Secretary of said Board of Education and countersigned by the President of the said Board of Trustees.

Sec. 160. The City Treasurer ex-officio shall be the custodian of said pension fund, and shall secure and safely keep the same, subject to the control and direction of said Board of Trustees, and shall keep his books and accounts concerning such fund in such manner as may be prescribed by said Board; and said books and accounts shall always be subject to the inspection of said Board, or any member thereof. Said City Treasurer shall be liable on his official bond for the proper performance of his duties and the conservation of the fund created by this Act. Any legal proceedings which may be necessary for the enforcement of the provisions of this Act shall be brought by and in the name of the Board of Education for the use of the Board of Trustees of the public school teachers' pension fund.

Sec. 161. No teacher or principal who has been or shall be appointed by said board of education shall (after serving the probationary period of three years specified in Section 138 of this Act) be removed except for cause, and then only by a vote of not less than a majority of all members of the board, upon written charges presented by the superintendent of schools to be heard by the board, or a duly authorized committee of the same, after thirty days' notice with copy of the charges, is served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. At the request of any party such hearing shall be public. The action and decision of the board in the matter shall be final. Pending the hearing of such charges, the person charged may be suspended as by the rules of the board may be prescribed: Provided, however, that in the event of acquittal, such person shall not suffer any loss of salary by reason of this suspension. If at any time any member of the teaching force who is willing to continue is dismissed or discharged before the time he or she would under the provisions of this act be entitled to a pension, then such member shall be paid back at once the money he or she may have contributed under this law. Any member of the teaching force who shall retire voluntarily from the service, prior to entering upon the period of service during which he or she might become entitled to a pension or benefit for or on account of disability, as provided by law, shall receive a refund of one-half of the money he or she shall have contributed under this law.

Sec. 162. All persons who shall be employed as teachers by the Board of Education of any such city shall by such employment accept the provisions of this Act and thereupon become contributors to said pension fund in accordance with the terms thereof. And the provisions of this Act shall become a part of and enter into any such contract of employment.

Sec. 163. All pensions or annuities granted under the provisions of this Act and every portion thereof shall be exempt from attachment or garnishment process, and shall not be seized, taken, subjected to, detained or levied upon by virtue of any execution or any process or proceedings whatsoever issued out of or by any court of this State for the payment or satisfaction, in whole or in part, of any debt, claim, damage, demand or judgment against any pensioner hereunder, and no annuitant or pensioner shall have the right to transfer or assign his or her pension or annuity, or any part thereof, either by way of mortgage or otherwise.

Sec. 165. *If the moneys collected and paid into such public school teachers' pension and retirement fund from taxes levied for the purpose of providing revenue for such pension fund in any current fiscal year shall not equal twice the amount of the moneys deducted or contributed from teachers' salaries for such fund for such year; or should the current income of such pension fund in any fiscal year ever be less than the current disbursements of such fund for such year, then in either or both of such events, such Board of Education shall the next year in addition to demanding and directing the annual tax levy hereinbefore provided for, set apart and appropriate from moneys derived or to be derived from the general tax levy for educational purposes an amount of money sufficient to supply such deficiency or deficiencies, as the case may be, and promptly pay such sum of money into such fund for such purpose and to restore what, if any, of the reserve of such pension fund may have been necessarily temporarily used in the meantime.*

On motion of Miss Schjoldager, seconded by Miss Abbe, these reports of the Committee on Pension Law and Rules were approved and the recommendations concurred in.

Annuities Increased

(292-A)

(a) Raise Annuity to \$600

The Committee further reports that one of the amendments to the Pension Law made by the 52d General Assembly authorized a full service annuity of \$600. The Committee therefore recommends that the Pension Board raise the full annuity from \$400 to \$600.

(b) Notify Annuitants

The Committee further recommends that the Pension Board approve the following notice to be sent to annuitants notifying them of the increase in the annuities and increase in the amount of payment under the new law and that the Recording Secretary be directed to have copies of this notice printed and one copy mailed to each annuitant, together with a copy of the Pension Law, with the September checks.

(c) Notice to Annuitants of Change in Pension Law

At the meeting of the Pension Board held September 10, 1921, the full annuity was raised from \$400 to \$600, in accordance with the Pension Law as amended at the last session of the Legislature and in effect July 1, 1921, and a copy of this notice was ordered sent to every annuitant.

The total amount to be paid into the

Pension Fund has been increased from \$450 to \$850.

Annuitants who retired after twenty-five years or more of service will have their annuities increased to \$600, and must pay in a total of \$850.

Annuitants who retired under the old law after less than twenty-five years of service, must pay in a total of \$850, and receive a graduating annuity dependent upon time of service.

Annuitants who retired on a Disability Annuity must pay in a proportionate amount of \$850 and receive a proportionate pension, but not less than \$200.

The difference between the new pension and the old will be deducted each month until the balance due the fund, as per statement herewith from the Secretary of the Board of Education, has been paid.

Annuitants may at any time pay the balance due the fund in a lump sum and receive the full amount of pension due them as provided by the new law. When making payment of such lump sum, check should be drawn to the order of the Board of Education of Chicago and mailed to Mr. Charles E. Gilbert, Acting Secretary of the Board of Education, for deposit, for which a formal receipt will be issued and mailed.

ELECTION OF CANVASSING BOARD

Sec. VIII. On the Friday following Registration Day, there shall be elected by secret ballot by and from

the Judges of Election from the schools in each of the Pension Election Districts herein designated one member of the Canvassing Board for each said district to serve as herein provided; provided, that in odd-numbered districts in the said list herein mentioned the member of the Canvassing Board shall be elected in the even-numbered years and shall serve for a term of two years; and in even-numbered districts the member shall be elected in the odd-numbered years and shall serve for a term of two years. Notice of the annual district meetings of the Judges of Election to elect a member of the Canvassing Board shall be sent not less than three days before said meeting by the Recording Secretary to the Judge of Election in each school in the districts in which the term of the member of the Canvassing Board expires or in which there is a vacancy; said meetings shall be held in the schools herein designated as Pension Election District centers. Due notice of said district meetings shall be given to the principals, engineers and Judges of Election in the schools designated as district centers.

The Judge of Election in District 31, (Board of Education), shall be ex-officio a member of the Canvassing Board.

District Meetings of Judges to Elect Board

At each said district meeting the Judges of Election shall organize by electing a chairman and secretary who shall hold office for the same period as the member of the Canvassing Board elected from the respective districts and until their successors are elected and installed. Every Judge of Election shall be entitled to vote for a member of the Canvassing Board and participate in the meeting of one such district, provided he shall pre-

sent to the secretary thereof at the meeting at the district center herein designated for his school the credential, properly filled out, which he received at the meeting in his school at which he was elected Judge.

Vacancies

Vacancies in the membership of the Canvassing Board shall be filled temporarily and until the next annual election by the chairman and secretary of said board, from the Judges of Election in the district in which the vacancy occurs. If any member of the Canvassing Board severs his connection with the schools in the Pension Election District from which he was elected, his membership on the Canvassing Board shall thereby cease and a vacancy be created.

At any meeting of the Canvassing Board temporary vacancies caused by absence may be filled from the Judges of Election for the period of that meeting by the Chairman and Secretary of the Canvassing Board.

Order of Business

The order of business at District Meetings shall be as follows:

1. Credentials presented to Secretary.
2. Report of Secretary.
3. Organization after adoption of report on credentials.
4. Election of member of Canvassing Board by secret ballot.
5. Election of member of Canvassing Board certified to in quadruplicate by the signatures of the Chairman and Secretary on the blank appended to notice of meeting, and two copies of said certificate mailed at once to the Recording Secretary; one to the Secretary of the Board of Education; and one delivered to the member of the Canvassing Board so elected.

REGISTRATION SHEETS PRINTED, MAILED AND CORRECTED

Sec. IX. It shall be the duty of the Recording Secretary to have copies of the registration sheet for each school printed, said printed copies to contain the list of contributors to the said Pension Fund who are teachers in each school and entitled to vote therein.

With the Registration Sheet (see Section II of this By-Law), the Recording Secretary shall mail to the Judge of Election in each school one printed copy of the registration sheet for that school.

It shall be the duty of the Judge and Clerks of Election for each school at once on receiving the same to correct the printed copy of the registration sheet, and mail it to the Recording Secretary with the Registration Sheet and the credential blanks as provided in Section II of this By-Law.

SUPPLEMENTAL REGISTRATION SHEETS

With the "Supplies Envelope" to be sent to the Judge of Election in each school before the Primary and Final Elections, it shall be the duty of the Recording Secretary to mail a "Supplemental Registration Sheet" on which contributors may register on or before election day who have been appointed or transferred to that school subsequent to registration day, also other teachers entitled to vote in that school but who were not present or failed to register on registration day, and whose names do not appear on the printed copies of the registration sheet to be used in that school on election day.

After opening the supplies envelopes and before declaring the polls open at both Primary and Final Elections, it shall be the duty of the Judge and Clerks of Election in each school to add to the printed copies of the registration sheets the names of any con-

tributors who have registered on the "Supplemental Registration Sheet" and to strike off from the printed copies the names of any teachers no longer entitled to be registered or to vote in that school; the names so stricken off shall be entered in the proper place on the supplemental registration sheet by the Judge of Election, together with the reason for striking off each name; the supplemental registration sheet shall be properly filled out and returned by the Judge of Election to the Canvassing Board on election day with the two printed copies of the registration sheet used at such election. The Judge and Clerks of Election shall be entitled to a reasonable time after opening the supplies envelopes and before declaring the polls open to comply with the requirements of this section and also to check up the election supplies with the accompanying list of said supplies.

ELECTION SUPPLIES AND BAL- LOTS

Sec. X. It shall be the duty of the Recording Secretary to mail in a securely sealed package, the ballot box, the copy of the printed registration sheet which was corrected by the Judge of Election in September, two other printed copies of the registration sheet, blank certificates for returns, letters of instruction, and other election material for the schools, so that the same shall be received in each school not later than two days before any primary or final election. The envelope containing the official ballots shall be sealed and the same shall not be opened by the Judge and Clerks of Election until the polls have been declared opened. The Judge and Clerks of Election shall open and inspect the envelope containing the ballot box and the supplies other than the official ballots on receiving the same.

FINAL ELECTION

Sec. XI. If the full number of candidates to be finally elected did not each receive a majority of all the votes cast at the Primary Election, then a final election shall be held to complete the full number of trustees.

Final Election Ballots

For each election of Trustees there shall be printed Australian Ballots which shall not be numbered or contain any distinguishing mark except that such ballot shall be authenticated with the fac similes of the signatures of the Secretary of the Board of Education and the Recording Secretary of the Board of Trustees of the Public School Teachers' Pension and Retirement Fund on the back thereof. The names of the persons receiving the highest number of votes less than a majority of all the votes cast in said primary shall appear as nominees for trustees upon the election ballot; provided, the number of such names appearing on the election ballot shall be not more than double the number of trustees to be elected, and provided that names shall be placed on the ballot in groups, candidates for the same term to constitute a group and names shall be placed in each group in the order indicated by the number of votes cast for each one at the primary, those having the highest number appearing first in the group.

The form of ballot for the election of trustees shall be as follows as near as may be:

Election of Board of Trustees of the Public School Teachers' Pension and Retirement Fund, November, 19..

Vote for Two Candidates for the Three-Year Term.

.....

.....

FOR THE TWO-YEAR TERM.

Vote for Candidates for the Two-Year Term.

.....

FOR THE ONE-YEAR TERM.

Vote for Candidates for the One-Year Term.

.....

Specimen Election Ballots

It shall be the duty of the Secretary of the Board of Education to cause to be printed on colored paper in the form of a specimen ballot the names of the persons as they are to appear on the final election ballot, which specimen ballot shall be authenticated by the same fac simile signatures as in the case of the official ballot; and ten days before the final election he shall mail to the Judge of Election in each school not less than one such specimen ballot for each contributor teaching in such school and the teachers in branches, if any, of such school, and send one such specimen ballot to each contributor entitled to vote at the polling place at the office of the Board of Education.

ELECTIONS—HOW CONDUCTED

Sec. XII. At all elections, Primary and Final, the polls shall be opened

in each school immediately after the close of either the morning session or the afternoon session, as the contributors in the school shall by majority vote elect, and shall remain open for a period of one hour from the time of opening; provided, every voter in line at the time fixed for closing the polls shall be permitted to vote. When the polls are opened at either a primary or final election and a teacher entitled to vote appears for that purpose the judge of election shall hand such teacher one of the Australian ballots to be used at that election and such teacher shall then retire to some convenient place of secrecy on the same floor as the ballot box to prepare his or her ballot and properly mark the same, and while said teacher is preparing such ballot and marking the same, he or she shall be out of sight of any other person. Said teacher after marking his or her ballot shall fold the same so that the fac simile signatures on the back thereof are plainly visible. He or she shall then deliver the folded ballot to the Judge of Election who shall immediately cast the same into the ballot box in the presence of the voter and the clerks, who shall thereupon check off the name of such person voting from the printed copies of the registration sheets in their possession. The voter may vote by putting a cross in the square before the name of each person intended to be voted for. If the voter votes for more persons than may be voted for for the same office and term, no vote shall be counted for that office for that term.

Any judge or clerk of election in any school is hereby authorized and empowered to call on any number of contributors which he or she may deem necessary to assist in seeing to it that the secrecy of the ballot is maintained from the time the contrib-

utor receives the ballot from the judge and retires to mark such ballot and until the ballot is deposited in the ballot box; and that the contributor casting her ballot is given an opportunity to retire to a school room or other place on the same floor with the polling place and that no person is permitted to enter the room while a contributor is therein marking a ballot. There shall be no electioneering or soliciting on the same floor with the polling place while the polls are open.

Ballots Delivered to Canvassing Board.

Immediately on the closing of the polls at both the primary and final elections the ballot box shall be sealed and shall be taken by the judge of election together with the registration sheets used at the election, to the office of the Board of Education and delivered to the Canvassing Board.

Certificate of Election

Accompanying such sealed ballot box there shall also be a certificate signed by the judge and clerks that such election has been conducted in their school in accordance with the "Letter of Instruction" herein authorized.

COUNTING BALLOTS

Sec. XIII. It shall be the duty of the members of the Canvassing Board to assemble at the office of the Board of Education not later than 4 o'clock on the day of the primary and also on the day of the final election, and immediately on receipt of the sealed ballot boxes, certificates and registration sheets hereinbefore mentioned, proceed to count the ballots in the manner as herein prescribed.

Before opening the ballot box from any school it shall be the duty of the chairman and secretary of the Canvassing Board, or such other members of the Canvassing Board as they may call to their assistance, to compare

the certificate made out in triplicate accompanying such box with the printed copies of the registration sheet, and the returned, unused ballots. If it shall appear that the number of returned ballots, including any spoiled ballots, corresponds with the number reported in the certificate to have been returned; and the number of contributors in that school who have voted as stated in the certificate is the same as the number of such teachers indicated on the printed copies of the registration sheet, then the chairman and secretary of said Canvassing Board, or such other members of the Canvassing Board as they may call to their assistance, shall open the ballot box and count the ballots in said box. If it shall appear that the number of ballots cast in said school agrees with the statement on the judge's certificate from that school and with the registration sheets, the chairman and secretary shall so certify by their signatures in the proper blank on the certificate of the Judge of Election from that school, furnishing the Judge with one such signed certificate which shall be the Judge's receipt for his ballot box. Then the ballots shall be taken from the box, and placed in a receptacle for the purpose, together with the ballots from the other schools and District No. 31.

When the ballot boxes from all the schools and District No. 31 have been so opened and all the ballots have been so placed in the receptacle, the Canvassing Board shall proceed to count the votes on the ballots in the said receptacle, provided that when the hour of five o'clock arrives the Canvassing Board may proceed to count the votes on said ballots in said receptacle, and that ballot boxes returned after that hour may be opened by the chairman and secretary or such other members of the Canvassing Board as they may call to their as-

sistance, and that the contents of said boxes shall be counted and placed in said receptacle the same as the contents of other ballot boxes; and provided that the count of said votes shall not begin until at least two-thirds of the total number of members of the Canvassing Board shall be present.

Decision in Case of Tie.

If at any primary or final election two or more persons shall receive the same number of votes, and all of them cannot under these by-laws become candidates or trustees, as the case may be, then such tie or ties shall be then and there decided by lot.

Reporting Count and Canvass of Ballots.

When said count of said votes is completed, said board shall through its chairman and secretary, certify the results of said election to the Secretary of the Board of Education and to the Recording Secretary of the Board of Trustees. The ballots counted shall be securely sealed up in one package and returned to the Secretary of the Board of Education with said report. Discarded and uncounted ballots shall be returned with said report to the Secretary of the Board of Education. The Board of Trustees shall at its next meeting enter in its proceedings the result of said election.

On receipt of said certificate of the results of said election it shall be the duty of the Recording Secretary to mail at once, written notice of said results to all candidates whose names appear on said ballots, and printed notice to the judge of election in each school.

MISCELLANEOUS

Sec. XIV. All things herein provided to be done concerning which no person is designated to do the same shall be done by the Secretary of the

Board of Education or such other person as the Board of Education may designate.

Decision in Case of Annuitant Employed as Truant Officer (293)

The Committee further reports that it is in receipt of the following opinion from the Attorney in the case of an annuitant who is employed by the Board of Education as a truant officer:

Letter from Attorney

September 10, 1921.

To The Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen: Your attorney to whom has been submitted the question of whether the pension of a lady now employed as a truant officer

by the Board of Education should be suspended during such employment, respectfully reports that it is his opinion that such pension should not be suspended.

This opinion is based upon information that (and assumes that) the lady in question holds no certificate or license as a teacher and does not teach, and although paid from the educational fund (like the clerical force and other educational employees not teachers) is not paid from the appropriation or fund for teachers' salaries. She is not employed as a teacher and her pension is not forbidden, simply because after retirement as a teacher here, she does other work or has other sources of income. Other construction would be contrary to a sound policy in several ways. It would encourage dependence and idleness, tend to induce increases of pension when not necessary, deprive the public of useful service, tend to increase the cost thereof, etc. Section 157 only prohibits pension until "her employment as a teacher in the service of such board of education shall have been terminated." Prior to amendment of this section it was my opinion that reading the pension law as a whole, this section meant just what the amendment now declares and makes plain.

Sincerely yours,

(Signed) I. T. GREENACRE.

Miss Schjoldager, moved, seconded by Miss Swett, that the Board concur in the recommendation of the attorney, and that the letter be printed in the proceedings and a copy thereof transmitted to the Secretary of the Board of Education— Carried.

ADJOURNMENT

On motion of Mr. Meade, seconded by Miss Swett, the meeting adjourned, to meet at the call of the Recording Secretary.

Respectfully submitted,

Salvaging Material.

The Secretary of the Canvassing Board reports that the request to the Judges of Election to return the election material in good condition so that it might be used at future elections resulted in the salvaging of the following material, which has been filed ready for use next year:

- 284 large Ballot Box envelopes,
- 292 Letters of Instruction (Salmon Card),

267 "Supplies" envelopes.

The Pension Board had sent 318 of each of the above to the schools. This saving was made possible not only by the care taken by the Judges of Election but by slight repairs made by the Salvaging Committee of the Canvassing Board.

The Committee also reports that 320 of the Collapsible Ballot Boxes which were purchased in 1914, and used for the first time at the Final Election of that year, are still in excellent condition after having been used at fourteen elections and are stored away ready for future use.

ELIZABETH C. BUHMANN,

COMMUNICATIONS

The Recording Secretary, Miss Abbe, presented the following communication:

(309)

Over-Payment to Contributor Returned to Fund.

Chicago, November 10, 1921.

Secretary Teachers' Pension Board.

Dear Madam:

On the pay-roll of the Shepard School for March, 1920, deductions

were made from the salaries of teachers to cover monthly pension contributions and payments on Liberty Loan Bonds. An error of \$10.00 was made in the account of Margaret V. Hanna, a teacher in said school. We have just received a check for \$10.00, to cover said error.

Said check No. 223, in the sum of \$10.00, issued by Florence E. Hanna, will be deposited to the credit of the Teachers' Pension Fund, and thus correct the error made on the pay-roll referred to above.

Yours truly,

LOUIS F. WILK,
Secretary Board of Education.

On motion of Miss Abbe, seconded by Miss Swett, the above communication was accepted and ordered printed in the proceedings.

The Committee on Annuities and Claims reports that since the adoption of the last report on Disability Annuities, the Committee has received from the Recording Secretary and submits herewith certificates from the physicians appointed by the Pension Board to examine the persons hereinafter listed; that it has considered these certificates and the applications for Disability Annuity submitted by these persons together with other evidence and finds that each such person has completed twelve or more years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; and that each has been declared by three competent physicians who have made a physical examination of said person to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching. The committee, therefore

It is hereby ordered by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, City of Chicago, Illinois, that the proper officers are hereby authorized and directed to at once collect from said Company said sum of \$10,429.82 and upon the receipt thereof surrender any ad interim certificate or certificates held for said bonds, and deposit said sum when so collected with the Treasurer of the Public School Teachers' Pension and Retirement Fund; and that copies of this order be delivered to the Secretary, Comptroller, and Auditor of the Board of Education and delivered with such deposit to the Treasurer of said Fund.

REPORT OF COMMITTEE ON AMBITIOUS CLAIMS

The Committee on Ambitious Claims, created by the Senate on June 1, 1911, to investigate the claims of the United States against the Republic of Mexico, has the honor to submit herewith its report.

The claims of the United States against the Republic of Mexico are of two classes: (1) claims for damages to property and (2) claims for unpaid taxes. The total amount of these claims is estimated at \$100,000,000.

The Committee has held numerous public hearings and has received many suggestions from the public. It has also conducted extensive research into the claims and has prepared a detailed report on each claim.

The Committee believes that the claims are valid and that the United States is entitled to compensation for the damages to property and the unpaid taxes. It recommends that the claims be paid in full.

Very truly yours,

Outside Service—Tentative and Confirmatory Evidence.

The Committee on Finance and Judiciary further reports that:

The evidence of the persons named in the following schedule, (and whose evidence purporting to attest and prove service rendered as a teacher in public schools of the United States outside the City of Chicago was submitted within six months next after the first day of July, A. D. 1921, and which evidence—under the order of said board of trustees made December 31, 1921—was approved and accepted within said period of time, subject, however, to the right reserved by said board to further consider such evidence and vacate said approval and acceptance thereof as to all or any part of such service claimed) has been further considered, together with supplementary evidence from time to time submitted, and finds that the original evidence submitted within the time limited by law, (and which for convenience has been and is called tentative evidence, because the approval and acceptance thereof was claimed to be subject to vacation in whole or in part) has been further proved by further and approved confirmatory evidence to the extent indicated in and by said schedule; and

RECOMMENDS that:

- (1) Where in such schedule it appears, (see Column 5) as to any person that all of his or her service outside the City of Chicago originally claimed has been confirmed and that "none" remains "not confirmed," then as to such person the original approval and acceptance thereof shall be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (2) Where in such schedule it appears (see the third and fifth columns) as to any person that part of his or her originally claimed service outside the City of Chicago (see Column 2) has been further proved by approved confirmatory evidence (see Column 3), then as to such person the original approval and acceptance of his or her evidence and allowance for the time originally claimed be and is vacated except as to the time so confirmed (see Column 3) and as to such time so confirmed said original approval, acceptance, and allowance be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (3) As to any person whose name is not in said schedule or whose name has not heretofore been specifically mentioned in any former report recommending or action allowing his or her claim for such outside service, the original allowance of said claim and approval and acceptance of his or her evidence purporting to prove such service be and remain subject to further consideration and also subject to vacation in whole or in part under said reservation contained in said resolution of December 31, 1921, all until further action of said board to the contrary.

Said schedule is as follows:

SCHEDULE.

Concerning Tentative and Confirmatory Evidence,—that is, Outside Time originally certified to in December, 1921, and approved December 31, 1921, subject to further action by the Pension Board. See proceedings of December 31, 1921, p. 837, Doc. 337A.

Outside Service—Tentative and Confirmatory Evidence.

The Committee on Finance and Judiciary further reports that:

The evidence of the persons named in the following schedule, (and whose evidence purporting to attest and prove service rendered as a teacher in public schools of the United States outside the City of Chicago was submitted within six months next after the first day of July, A. D. 1921, and which evidence—under the order of said board of trustees made December 31, 1921—was approved and accepted within said period of time, subject, however, to the right reserved by said board to further consider such evidence and vacate said approval and acceptance thereof as to all or any part of such service claimed) has been further considered, together with supplementary evidence from time to time submitted, and finds that the original evidence submitted within the time limited by law, (and which for convenience has been and is called tentative evidence, because the approval and acceptance thereof was claimed to be subject to vacation in whole or in part) has been further proved by further and approved confirmatory evidence to the extent indicated in and by said schedule; and

RECOMMENDS that:

- (1) Where in such schedule it appears, (see Column 5) as to any person that all of his or her service outside the City of Chicago originally claimed has been confirmed and that "none" remains "not confirmed," then as to such person the original approval and acceptance thereof shall be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (2) Where in such schedule it appears (see the third and fifth columns) as to any person that part of his or her originally claimed service outside the City of Chicago (see Column 2) has been further proved by approved confirmatory evidence (see Column 3), then as to such person the original approval and acceptance of his or her evidence and allowance for the time originally claimed be and is vacated except as to the time so confirmed (see Column 3) and as to such time so confirmed said original approval, acceptance, and allowance be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (3) As to any person whose name is not in said schedule or whose name has not heretofore been specifically mentioned in any former report recommending or action allowing his or her claim for such outside service, the original allowance of said claim and approval and acceptance of his or her evidence purporting to prove such service be and remain subject to further consideration and also subject to vacation in whole or in part under said reservation contained in said resolution of December 31, 1921, all until further action of said board to the contrary.

Said schedule is as follows:

SCHEDULE.

Concerning Tentative and Confirmatory Evidence,—that is, Outside Time originally certified to in December, 1921, and approved December 31, 1921, subject to further action by the Pension Board. See proceedings of December 31, 1921, p. 837, Doc. 337A.

Outside Service—Tentative and Confirmatory Evidence.

The Committee on Finance and Judiciary further reports that:

The evidence of the persons named in the following schedule, (and whose evidence purporting to attest and prove service rendered as a teacher in public schools of the United States outside the City of Chicago was submitted within six months next after the first day of July, A. D. 1921, and which evidence—under the order of said board of trustees made December 31, 1921—was approved and accepted within said period of time, subject, however, to the right reserved by said board to further consider such evidence and vacate said approval and acceptance thereof as to all or any part of such service claimed) has been further considered, together with supplementary evidence from time to time submitted, and finds that the original evidence submitted within the time limited by law, (and which for convenience has been and is called tentative evidence, because the approval and acceptance thereof was claimed to be subject to vacation in whole or in part) has been further proved by further and approved confirmatory evidence to the extent indicated in and by said schedule; and

RECOMMENDS that:

- (1) Where in such schedule it appears, (see Column 5) as to any person that all of his or her service outside the City of Chicago originally claimed has been confirmed and that "none" remains "not confirmed," then as to such person the original approval and acceptance thereof shall be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (2) Where in such schedule it appears (see the third and fifth columns) as to any person that part of his or her originally claimed service outside the City of Chicago (see Column 2) has been further proved by approved confirmatory evidence (see Column 3), then as to such person the original approval and acceptance of his or her evidence and allowance for the time originally claimed be and is vacated except as to the time so confirmed (see Column 3) and as to such time so confirmed said original approval, acceptance, and allowance be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (3) As to any person whose name is not in said schedule or whose name has not heretofore been specifically mentioned in any former report recommending or action allowing his or her claim for such outside service, the original allowance of said claim and approval and acceptance of his or her evidence purporting to prove such service be and remain subject to further consideration and also subject to vacation in whole or in part under said reservation contained in said resolution of December 31, 1921, all until further action of said board to the contrary.

Said schedule is as follows:

SCHEDULE.

Concerning Tentative and Confirmatory Evidence,—that is, Outside Time originally certified to in December, 1921, and approved December 31, 1921, subject to further action by the Pension Board. See proceedings of December 31, 1921 p. 837, Doc. 337A.

Non-Contributors Becoming Contributors.

The Financial Secretary presented the following report on Non-Contributors who have become Contributors since July 1, 1921.

The Pension Law, as amended and in force July 1, 1921, permitted any teacher not a contributor to the Chicago Public School Teachers' Pension and Retirement Fund who was in the employ of the Chicago Board of Education on June 30, 1921, to become a contributor at any time before July 1, 1924, by paying into the Fund a "Lump Sum" amounting to the total of these items:

Item No. 1: The amount which, had he been a contributor, would have been deducted from his salary and paid into the Pension Fund before July 1, 1921, plus simple interest at 4%; and

Item No. 2: The amount which, had he been a contributor, the Board of Education, in order to duplicate his contributions, would have appropriated from January 1, 1912 to July 1, 1921, (but did not appropriate), plus simple interest at 4%.

Non-Contributors who, on or before Dec. 31, 1921, paid up the "Lump Sum" due on July 1, 1921, paid interest to July 1, 1921 only. Monthly Pension Payments of \$5 each for the period from July 1, 1921 to date of paying the "Lump Sum" were deducted in one amount (without interest) from the payroll of the month following the date of payment of said "Lump Sum."

Non-Contributors who paid up after Dec. 31, 1921 paid interest from July 1, 1921, to date of payment of "Lump Sum." They also had their "Lump Sum" increased by the following items:

Item 3: Their own payments of \$50 a year (with interest) from July 1, 1921 to date of payment; and

Item 4: \$100 a year (with interest) from January 1, 1922 to date of payment, in order to make up the amount of public money withheld from payment into the Pension Fund because such Non-Contributor was not a Contributor during this period.

In August, 1921, each non-contributor was notified by the Pension Board of the conditions for becoming a contributor, and a blank (in triplicate) was provided on which to request a statement of the amount due. Upon receipt of this "Request" the Pension Board furnished a detailed "Statement" showing the amount of money for each "Item," above, withheld from payment into the Fund each year because that non-contributor was not a contributor.

Of the 638 non-contributors, 373 have requested and have received their "Statements of Amount Due," and of that number, 197 have become contributors by complying with the provisions of the law.

The Financial Secretary recommends that this report be adopted, and that the list, submitted herewith, of those non-contributors who have become contributors be published in the proceedings.

PAYMENTS FROM NON-CONTRIBUTORS BECOMING CONTRIBUTORS.

Outside Experience Approved— July 1, 1921 to June 24, 1922.

The Committee on Finance and Judiciary presents the following report on "Outside Time".

The amendment to the Pension Law, effective July 1, 1921, contains the following provisions in regard to outside service:

All teachers in the service of the Chicago Board of Education on July 1, 1921, who had taught in public schools of the United States outside Chicago and who had not previously submitted to the Pension Board evidence of that experience were required to submit such evidence and have it approved by the Pension Board within six months,—that is, on or before January 1, 1922—or it could not be counted toward the 25 years required for an annuity.

OUTSIDE TIME BEFORE 1913.

An examination of the records of the Pension Board showed that before 1909 no evidence of outside experience had been recorded by the Pension Board unless and until the teacher applied for an annuity. Beginning in 1909 outside experience was approved by the Committee on Annuities and Claims and recorded in an "Outside Time Record Book", but was not approved by the Pension Board, and the record was not printed in the proceedings. This evidence was therefore examined and submitted to the Pension Board at its meeting on October 24, 1921, and approved. An alphabetical list of the names of the persons whose time was so approved is printed in the proceedings of that date, pages 725 to 731, inclusive. This list contains 507 names.

1913 TO 1921.

After the amendment to the law in 1913 evidence of outside experience was submitted to and approved by the Board of Trustees, was recorded in the "Outside Time Record Book", and a record thereof printed in the proceedings. An alphabetical list of these names with the time so approved is

printed in the proceedings of October 24, 1921, pages 732 to 741, inclusive. This list contains 422 names.

Up to the time the new law became effective on July 1, 1921, 1,175 names had been recorded in the Outside Time Record Book. Of these, the records showed that 246 were annuitants or deceased, and the names of these persons were omitted from the published lists, leaving 929 names of teachers whose record of Outside Time was printed in these two lists.

FROM BOARD OF EDUCATION RECORDS.

From July 1, 1913, to July 1, 1921, teachers who submitted evidence of their outside experience to the Board of Education for salary adjustment were grouped for pension payments by adding the time so submitted to their years of experience in Chicago. Abstracts of the records in custody of the Board of Education were therefore made for the 1,442 teachers who had received salary adjustment on the basis of outside experience between July 1, 1913, and July 1, 1921. 2,726 of these abstracts were examined and time was approved for 667 teachers. No time was approved for the remaining 775 of these teachers because their previous experience had been in foreign countries, or in private schools, or was practical experience—that is, not teaching experience—or because the evidence filed with the Board of Education was not in a form that could be accepted by the Pension Board.

The names of those teachers whose time was so approved appear in the lists published in the proceedings of November 7, 1921, pages 758 to 762, inclusive, and of November 18, pages 777 to 781, inclusive.

NEW AFFIDAVITS.

Since July 1, 1921, the Committee has examined 4,213 affidavits submitted by the teachers. Adding this number to the 2,726 abstracts received from the Board of Education makes a total of 6,939 pieces of evidence examined, in addition to the evidence already on file for the 1,175 persons whose names were recorded in the first "Outside Time" book.

EVIDENCE FOR 3,336 TEACHERS.

Cards were made for every name for which evidence was examined:

In the first Record Book..	1,175 names	
Abstracts from the Board of Education	1,442	"
Affidavits submitted by teachers	2,018	"
Total	4,635 names	

Deducting from this number the 775 who had no time approved, and 524 names which were duplicated because time was approved on more than one date leaves 3,336 teachers whose evidence was examined during the year. Of these 246 are annuitants or deceased and their time was not published in the lists of October, 1921, leaving a total of 3,090 teachers whose Outside Time has been published in the proceedings of the last year.

EVIDENCE RECORDED.

All this new "Outside Time" has been recorded in a new "Outside Time Record Book" and published in the proceedings of the Pension Board, and every teacher whose time has been

so approved has received a notice of that approval, giving the places and dates of service and the time approved at each place, as well as the total time approved. Each notice also gives the notice and item numbers as well as the number of the page in the Record Book on which the evidence is recorded, and the number of the Filing box in which it is filed. A duplicate of this notice has been delivered to the Secretary of the Board of Education and filed in that office for reference, and another copy of it is on file in the Pension Office.

The Committee recommends that an alphabetical list of all teachers whose time has been approved by the Pension Board be printed in the proceedings; and that hereafter there be published in the proceedings of the June meeting of each year a list of teachers whose evidence of outside experience has been approved since the last published alphabetical list.

On motion of Miss Rhinesmith, seconded by Miss Swett, the report of the committee was approved and the recommendation concurred in.

Outside Service—Tentative and Confirmatory Evidence.

The Committee on Finance and Judiciary further reports that:

The evidence of the persons named in the following schedule, (and whose evidence purporting to attest and prove service rendered as a teacher in public schools of the United States outside the City of Chicago was submitted within six months next after the first day of July, A. D. 1921, and which evidence—under the order of said board of trustees made December 31, 1921—was approved and accepted within said period of time, subject, however, to the right reserved by said board to further consider such evidence and vacate said approval and acceptance thereof as to all or any part of such service claimed) has been further considered, together with supplementary evidence from time to time submitted, and finds that the original evidence submitted within the time limited by law, (and which for convenience has been and is called tentative evidence, because the approval and acceptance thereof was claimed to be subject to vacation in whole or in part) has been further proved by further and approved confirmatory evidence to the extent indicated in and by said schedule; and

RECOMMENDS that:

- (1) Where in such schedule it appears, (see Column 5) as to any person that all of his or her service outside the City of Chicago originally claimed has been confirmed and that "none" remains "not confirmed," then as to such person the original approval and acceptance thereof shall be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (2) Where in such schedule it appears (see the third and fifth columns) as to any person that part of his or her originally claimed service outside the City of Chicago (see Column 2) has been further proved by approved confirmatory evidence (see Column 3), then as to such person the original approval and acceptance of his or her evidence and allowance for the time originally claimed be and is vacated except as to the time so confirmed (see Column 3) and as to such time so confirmed said original approval, acceptance and allowance be and remain absolute and no longer subject to the right reserved in said resolution of December 31, 1921, to vacate the same in whole or in part.
- (3) As to any person whose name is not in said schedule or whose name has not heretofore been specifically mentioned in any former report recommending or action allowing his or her claim for such outside service, the original allowance of said claim and approval and acceptance of his or her evidence purporting to prove such service be and remain subject to further consideration and also subject to vacation in whole or in part under said reservation contained in said resolution of December 31, 1921, all until further action of said board to the contrary.

Said schedule is as follows:

SCHEDULE.

Concerning Tentative and Confirmatory Evidence,—that is, Outside Time originally certified to in December, 1921, and approved December 31, 1921, subject to further action by the Pension Board. See proceedings of December 31, 1921, p. 837, Doc. 337A.

Status of Playground Instructors

The Committee on Finance and Judiciary presents the following report on the status of the Playground Instructors:

The management and direction of the playgrounds connected with the public schools were transferred by law enacted by the 52nd General Assembly from the control of the Bureau of Parks, Playgrounds and Beaches to the Board of Education.

The playground directors and attendants employed on these playgrounds were taken over by the Board of Education, and those of the Playground Directors who passed an examination of the Board of Education were granted Limited Elementary Physical Education Certificates. Immediately the question arose as to whether they should enter the Public School Teachers' Pension and Retirement Fund or remain in the Municipal Employes' Pension. Also, if they entered the Teachers' Pension what allowance would be made for their previous service as Playground Directors. This question of previous service brought the matter before this Committee in claims for "Outside Time", and the matter was referred to the attorney for his opinion, which opinion is submitted herewith:

OPINION OF THE ATTORNEY IN THE CASE OF THE PENSION STATUS OF THE PLAYGROUND DIRECTORS

Chicago, February 15, 1923.

Board of Trustees of the Public
School Teachers' Pension and
Retirement Fund,
Board of Education Building,
650 South Clark Street,
Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom has been referred the Teachers' Pension status of persons holding only Elementary Limited Physical Education Playgrounds Teachers Partial Certificates respectfully reports that it is his opinion that:

The Board of Education of the City of Chicago has power to grant such certificates, and upon so doing each person so certified becomes a "teacher" within the meaning of the Pension Act, and not before then. The mere fact that a person's work may have been the same before as after such certification will not make him such "teacher" before the certification. I can see no way to credit such persons with time spent in similar service before such certification, but after certification they have same pension status as other teachers.

(Signed) I. T. GREENACRE.

The Committee recommends that this report and the opinion of the attorney be approved and printed in the proceedings and that a copy of said opinion be delivered to the Secretary of the Board of Education.

On motion of Miss Rhinesmith, seconded by Miss Abbe, the Report of the Committee was approved and the recommendations concurred in.

Request of Mary F. Gawley to have Pension Dated Back to 1908

February 16, 1923.

The Committee on Annuities and Claims further reports that it has received the following letter from Mrs. Mary F. Gawley, an annuitant, requesting that her annuity be dated back to 1908.

"Chicago, Dec. 29, 1922.

Teachers' Pension Board,
650 South Clark Street,
Chicago, Illinois.

"I received notice a short time ago that my request for an annuity had been granted, for which I am truly grateful.

"I feel, however, that I should have received a pension when I first made application for it fourteen years ago, as at no time since then have I been able to teach.

"I am writing, therefore, to ask the Board of Pension Trustees to allow me the back pension I would have received during those fourteen years, less the amount I still owe the pension fund. I certainly think it is due me.

"Thanking you for the interest you have already taken in my case, and trusting that you will do what you can to secure the back pension for me, I am

Yours truly,

(Signed) MARY F. GAWLEY."

The Pension Board records show the following:

Mrs. Mary F. Gawley applied for disability annuity September 18, 1908. The physicians who examined her reported that she was not suffering from a permanent disability and her application was therefore denied (proceedings of October 17, 1908, Vol. 1, page 413). In June, 1909, she applied for a reconsideration of her case and at the meeting of June 19, 1909, the case was reconsidered and the orig-

inal decision adhered to. (Proceedings of June 19, 1909, Vol. 1, page 435.) She has never been able to return to service and on November 2, 1922, she filed another application and on December 15, 1922, was granted a disability annuity to date from November 2, 1922 (proceedings of December 15, Vol. V, page 75). The physicians' reports show her to be suffering from a partial paralysis resulting from diphtheria and influenza in 1898.

The Committee referred this matter to the attorney for the Pension Board, Mr. I. T. Greenacre, and presents herewith his opinion on the same.

(434B)

OPINION OF ATTORNEY IN CASE OF MARY F. GAWLEY

February 15, 1923.

Board of Trustees of the Public
School Teachers' Pension and
Retirement Fund,
Board of Education Building,
650 South Clark Street,
Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom has been referred the case of Mrs. Mary F. Gawley, who has applied for a disability annuity to date from September 18, 1908, reports that upon investigation of the facts in the case it is his opinion that her annuity should not be allowed as to any period prior to November 2, 1922.

The records of the Pension Board show that Mrs. Gawley applied for a disability annuity September 18, 1908, for a disability having its inception in 1899; that the physicians who were appointed to examine her reported unfavorably, and that, therefore, on October 17, 1908, the Board denied the annuity. (p. 413.)

On June 19, 1909, the case was reconsidered by the Committee on Annuities and Claims, the testimony reviewed and the Board adhered to the original decision. (p. 435.)

An application was received on November 2, 1922, physicians appointed, and disability annuity granted later in that year. Thereupon, application was made to date this annuity back to September, 1908, on the grounds that the physicians at that time were mistaken and that the disability was permanent, since Mrs. Gawley has never been able to return to school.

Among the reasons upon which this conclusion is reached are these:

The Pension Board in passing upon applications for disability annuity must consider the opinions of physicians. That the Pension Board of 1908-1909 did not act hastily and without due consideration is shown by the fact that the case was reopened eight months after the first decision was made and the original decision adhered to. The last application (i. e., for a back pension) is in effect a request that the Board continue to follow the decision of 1922 but disregard or set aside the decisions of 1908 and 1909 and pay close to \$4,000 as back pension, all on the ground that the former decisions are necessarily inconsistent with the later decision. Are they necessarily inconsistent? If so, the former decisions might well preclude the later one under the doctrine of **Stare Decisis**. In the absence of fraud proven, all the parties, including applicant, Doctors and Board Members, and their actions are presumed to have been in good faith, and all the decisions are presumed to have been correct. The decisions are not necessarily inconsistent. The disability had its inception in a sickness in 1898. That it was not immediately considered to be a permanent disability is apparent from the fact that the first application does not come until ten years later (1908). That it was not yet permanent in 1908 and

1909 appears from the former decisions. That it later became permanent and was so on November 2, 1922 appears from the last decision.

Again, even if it were true that in the light of subsequent events the disability was permanent in 1908 and since, and the decisions of 1908 and 1909 were mistaken conclusions of fact (largely medical), yet they should not be now disturbed for the following among other reasons of legal right and of sound administration policy:

1. Under the pension law it is not the bare existence of a permanent disability that authorizes a disability pension, but such authority exists only "when any contributor * * * shall have been declared by three competent physicians who have made a physical examination * * * to be suffering from a permanent disability". Applicant had never been so declared until 1922.

2. While decisions (like other human actions) may be in error, and may for a time be subject to review (as occurred in this case in 1909), still there must come a time when decisions are no longer reviewable. Applications to review legal decisions must ordinarily be made within three years, and some in much less time. This doctrine is based on a sound public policy that human differences should not remain forever open for contention. It is a doctrine for peace and rest. To grant this back pension in the face of the former decisions or to vacate them after fourteen years legal acquiescence by all concerned would be a bad precedent. It would be to open the doors to and invite claims to be readjudicated from time to time indefinitely, both as to the lapse of time and as to number of repetitions. Should this grow into an administrative custom there is no measuring the uncertainty and confusion which might follow. The board could never even estimate its unknown and latent liabilities. Let this become a general habit and it will lead to

abuse, and a situation might follow vastly injurious to the fund and all interested in the fund.

3. The members of the board are in law (as their name indicates) trustees. There are many things which an individual might willingly do with his own funds, that he is not permitted to do while acting for others. Waiving the statute of limitations is one of those things. In some cases of doubt trustees are permitted to apply to the courts for direction, and in others it may sometimes be better to leave the claimant to apply to a court, which has better

machinery for investigating the facts and reaching correct conclusions.

(Signed) I. T. GREENACRE.

The Committee recommends that in accordance with the opinion of the attorney, Mrs. Gawley's application for back pension be denied.

On motion of Miss Swett, seconded by Miss Dutton, the report of the Committee on Annuities and Claims, Document No. 434A, was adopted and the recommendation concurred in, and the Recording Secretary was instructed to notify Mrs. Gawley of this action and to send her a copy of the opinion of the attorney.

REPORT OF COMMITTEE ON PENSION LAW AND RULES

(435)

Recommendations of Pension Board Approved by Contributors

The Committee on Pension Law and Rules reports that, in accordance with the action of the Pension Board at its meeting of December 15, 1922, (see proceedings of that date, page 78, Doc. No. 417) the following communication was sent to the contributors:

BOARD OF TRUSTEES OF THE PUBLIC SCHOOL TEACHERS' PENSION AND RETIREMENT FUND, CHICAGO

To the Contributors

c/o Judge of Election:

The Reports of the Auditor of the Board of Education of the Receipts and Disbursements of the Chicago Teachers' Pension Fund for the year ending August 31, 1922, show that the income provided by the Pension Law of 1921 is sufficient to do the following without increasing the present contributions of either the teachers or the public:

- 1 Increase the Pension to \$800.
- 2 Refund to teachers leaving the service any time before taking an annuity the full amount of their contributions to the Pension Fund.
- 3 In addition to the above set aside for investment at least \$100,000 a year.

The Pension Board at its meeting on December 15, 1922, adopted the following Recommendation and directed that it be submitted to the contributors for their approval.

Recommendation of Pension Board

The Pension Board recommends that a Bill be drafted by the Pen-

sion Board for submission to the Legislature of 1923 authorizing the Pension Board to raise the Pension to \$800 and to refund to teachers leaving the service any time before taking an annuity the full amount of their contributions.

The above recommendation is accordingly submitted for the approval of the Contributors by their signatures on a sheet separate from this slip.

MARY M. ABBE,
Recording Secretary.

December 16, 1922.

In response to this communication returns were received from 314 schools and branches, showing that 8,261 contributors approved by their signatures the recommendations of the Pension Board.

On motion of Miss Dutton, seconded by Miss Swett, this report of the Committee was accepted, and ordered printed in the proceedings.

(435A)

Additional Annuity for Additional Service

The Committee on Pension Law and Rules further reports that it has carefully considered the question of additional annuity for additional service beyond 25 years and recommends that a further provision be added to the Bill to be presented to the Legislature providing for an additional annuity of \$20 for each year of service beyond 25 years, up to, but not beyond, a total of 35 years of service.

The Committee believes that this additional annuity will not entail any additional expense to the Fund since:

1. Such additional annuity will induce many teachers who under present conditions would retire at the end of 25 years of service to

remain in the service for a longer period.

2. A teacher who remains in the service for 35 years and therefore receives the **higher rate of annuity** actually receives **less money** than if she had retired with 25 years of service and received the **lower rate of annuity**.

3. The Fund is increased by the teacher's contribution of \$50 each year that she remains in the service, and also by the \$100 of public money,—\$2 for each \$1 deducted from the teacher's salary and paid into the Pension Fund.

On motion of Miss Dutton, seconded by Miss Swett, this report of the Committee was accepted and the recommendation concurred in.

(436)

Disposition of Old Election Material

Miss Dutton, chairman of the Committee on Pension Law and Rules, reports that the committee has received from the Recording Secretary a letter from the Secretary of the Board of Education stating that the Pension Election Material for the year 1921 has been disposed of. This is in accordance with Section 16 of By-Law 7 which provides for the disposing of election material after six months.

The committee recommends that this communication be printed in the proceedings as a part of this report.

February 1, 1923.

Miss Mary M. Abbe,
Secretary, Teachers' Pension Board.

Dear Madam:

Concerning the disposition of the election material for the year

1921, I wish to state that the official primary and final election ballots with the statements of the judges and clerks of election enclosed therewith, were burned on the 14th day of September, 1922 and the 31st day of January, 1923. This action was witnessed by specially designated employes of the office of the Secretary of the Board of Education, whose statement is hereto attached.

The Secretary has in his custody at the present time the available records of the Board of Trustees' action for the year 1922 so far as they pertain to primary and final elections.

Yours very truly,

LOUIS F. WILK,
Secretary.

No teacher entering the service of said Board of Education for the first time after this Act (as now amended) shall take effect, whose evidence of service outside of said city shall not have been submitted and approved within a year after date of first assignment, shall be entitled to count such service outside of said city as a part of the period of service required for an annuity or pension as hereinafter specified. No teacher in the service of said board of education at the time this Act (as now amended) shall take effect whose evidence of service outside said city has not been so submitted and approved at that time or within one year thereafter shall be entitled to count such service outside said city as a part of the period of service required for an annuity or pension hereinafter specified. Any public school teacher who has heretofore retired from service and is entitled to a pension or annuity from a like fund, created under any law now or heretofore in force, to the administration of which fund such board of trustees has succeeded, or, is a recipient of a pension or annuity thereunder, shall henceforth be entitled to receive a graduating pension or annuity ranging from four-fifths to five-fifths of the full annuity or pension paid for twenty-five years' service under the provisions of this Act, dependent upon time of service as public school teachers, under uniform schedules to be provided by rules of said board of trustees; and Two Hundred (\$200) Dollars per annum shall be withheld from such pensioner or annuitant until he or she shall have paid the aggregate sum of Eight Hundred Fifty Dollars (\$850); provided that if any such teacher had, at the time of retirement, taught in the public schools of the United States or rendered service therein for a period of from 26 to 35 years, within the meaning of this Act, he or she shall henceforth be entitled to receive the full service annuity paid

for 25 years of service as herein provided, and for each such full year of service rendered in excess of 25 years, an additional annuity, as provided in Section 158 of this Act; and there shall be withheld from said pensioner or annuitant twenty dollars (\$20) a year for each year of service in excess of 25 years for which such teacher shall be granted such additional annuity until he or she shall have paid an aggregate sum equal to fifty dollars (\$50) a year for each year in excess of 25 years for which such additional annuity is granted; and provided no such person so retired whose evidence of service in public schools of the United States outside said city has not been submitted to and approved by said board of trustees at the time this Act shall take effect, or within one year thereafter, shall be entitled to count such service outside of said city as a part of a period of service hereinafter specified required for an annuity or pension.

SEC. 157. Such board of trustees shall have the power, and it shall be its duty, to pass a resolution declaring the maturity of service and right to the immediate benefits of said fund in favor of persons entitled to the benefits thereof, in the following cases: (a) When any contributor to the said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of twenty-five years, within the meaning of this Act; and shall have contributed to the Pension Fund the aggregate sum of eight hundred and fifty dollars (\$850); (b) when any contributor to said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of from 26 to 35 years, within the meaning of this Act, and shall have contributed to said Pension Fund the aggregate sum of eight hundred and fifty dollars (\$850), and in addition thereto shall have paid the sum of fifty dollars (\$50) a year for each full year of such service in excess of 25 years for which an additional annuity may be granted under Section 158 of this Act; (c) when any contributor to said Fund shall have taught 12 years in the public schools of the United States, within the meaning of this Act, and shall have been declared by three competent physicians who have made a physical examination of the teacher, at the request of a majority of such board of trustees, to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching; and when such teacher shall have paid into the said pension fund the aggregate sum required under Section 155 of this Act for the total period for which such teacher is given credit in computing the amount of said teacher's disability annuity; provided, that said board of trustees shall not declare any person entitled to the immediate benefits of said fund until he or she shall have taught in the public schools of such city three-fifths of the term of service for which annuity is granted; said three-fifths service in said city must be the last service rendered prior to his or her retirement on a pension and no person shall be entitled to the benefits of said fund until his or her employment as a teacher in the service of such board of education shall have been terminated. It shall be unlawful for the said Board of Trustees to grant or to continue to pay an annuity or pension under this Act to any person on account of service as teacher rendered in the public schools of the United States, within the meaning of this Act, if any portion of such service as teacher has been, or shall be, counted in the total period of service for which such person is paid, or shall be paid, an annuity or pension, paid by some other public pensioning body, in addition to the annuity or pension paid under this Act.

SEC. 158. Each teacher so retired or retiring after twenty-five years of service within the meaning of this Act, shall thereafter be entitled to receive the full service annuity as fixed and paid by said Board of Trustees for 25 years of service, such full service annuity not to exceed \$800; and each teacher so retired or retiring after 26 or more years of service, within the meaning of this act, shall be entitled to receive the full service annuity paid for 25 years of service as herein provided, and in addition thereto for each full year of service in excess of 25 years an additional annuity or pension of twenty dollars (\$20), provided that no annuity or pension shall exceed one thousand dollars (\$1,000) and provided that in computing the time of service in excess of 25 years no

additional annuity or pension shall be paid for any fractional part of a year, nor for a longer period than 10 years in excess of 25 years; and provided each teacher so retired or retiring because of permanent disability after twelve years of service shall receive as an annuity or pension, such proportion of the full annuity paid for twenty-five years of service as the sum contributed by such teacher so retired or retiring bears to \$850; provided no disability annuity or pension shall be less than \$300. Said pensions and annuities shall be paid monthly during the school year by said Board of Trustees out of the fund created in accordance with the provisions of this Act in the manner provided by law for the payment of teachers' salaries.

SEC. 161. No teacher or principal who has been or shall be appointed by said board of education shall (after serving the probationary period of three years specified in Section 138 of this Act) be removed except for cause, and then only by a vote of not less than a majority of all members of the board, upon written charges presented by the superintendent of schools to be heard by the board, or a duly authorized committee of the same, after thirty days' notice with copy of the charges, is served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. At the request of any party such hearing shall be public. The action and decision of the board in the matter shall be final. Pending the hearing of such charges, the person charged may be suspended as by the rules of the board may be prescribed: Provided, however, that in the event of acquittal, such person shall not suffer any loss of salary by reason of this suspension.

If at any time, prior to the completion of 25 years of service, within the meaning of this Act, any member of the teaching force who is willing to continue in the service of said Board of Education is removed from said service as provided in this Section, or if at any time, prior to the completion of 25 years of service, within the meaning of this Act, any member of the teaching force retires voluntarily from the said service, then in either such case such member shall, upon application to said Board of Trustees, be paid back all the money he or she may have contributed to said fund.

On motion of Miss Swett, seconded by Mr. Meade, the report of the Committee on Pension Law and Rules was adopted and the recommendation concurred in.

Note on Purchase of McHenry County Bonds

On January 13, 1923, (see proceedings of that date, p. 91, Doc. No. 423), the Pension Board ordered the purchase from John Nuveen & Company of High School 6% bonds of Keithsburg, Illinois, face value \$28,405, to yield 4 $\frac{5}{8}$ %. The purchase price was \$31,927.22 and the accrued interest, \$75.75, a total of \$32,002.97. On January 17 Voucher Warrant No. 976-99333 for \$32,002.97 was issued to John Nuveen & Co., who gave therefor their interim certificate covering the purchase of the bonds pending delivery of same. It later developed that the bonds were not to be issued at that time and the Pension Board at their meeting of April 20, 1923 (see proceedings of that date, p. 131, Doc. No. 441A) decided to accept as a substitute for the Keithsburg bonds, 5% bonds of McHenry County, High School District 156, of about equivalent value.

On May 14, John Nuveen & Company billed the Pension Board as follows:

30,000 McHenry County, H. S. Dist. 156 5's, at 103.26.....\$30,978.00
 Interest at 5% from Jan. 1 to May 14 (4 mos. 13 days)..... 554.17

Purchase Price McHenry Co. bonds.....\$31,532.17

The Purchase Price of the Keithsburg bonds was \$32,002.97. This left a difference in favor of the Pension Board of \$470.80. To this amount Nuveen and Co. added interest on the amount of the interim certificate (\$32,002.97) from Jan 17th to May 14th @ 4 $\frac{5}{8}$ %, which amounted to \$426.96, making the total due from John Nuveen & Co. \$897.76, for which amount they sent a check on May 14, 1923.

On motion of Miss Rhinesmith, seconded by Mr. Meade, the Report of the Committee on Finance and Judiciary on "Bonds Reported Purchased," Doc. No. 451, was received, approved, and ordered printed in the proceedings.

REPORT OF COMMITTEE ON PENSION LAW AND RULES

Miss Dutton, chairman of the Committee on Pension Law and Rules, presented the following report of the Committee:

The Committee on Pension Law and Rules reports that it has carefully considered By-Law 6, which requires that annuitants returning to service must repay to the fund with interest all moneys received as annuity, and believes that this provision works unnecessary hardship to the annuitant who is able to return, and also deprives the schools of efficient teachers who feel that they cannot meet these payments. The Committee therefore recommends the adoption of the following:

(462)

Resolution Amending By-Law 6

BE IT RESOLVED by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund that By-Law 6 be, and the same is, hereby amended so that the same shall be and read as follows:

ANNUITANTS MAY SEVER CONNECTION WITH THE PENSION FUND.

By-Law 6.

Any person, whose name is on the list of those who are receiving a pen-

sion from the Public School Teachers' Pension and Retirement Fund, may have such name stricken from such list, provided that such person shall make an application in writing to the Board of Trustees stating such desire to avail himself or herself of the privileges of this rule.

Any person whose name is so stricken from the list of annuitants shall, if such person again retires from the service of the Board of Education, and is again granted an annuity, be qualified for an annuity under the provisions of the Pension Law then in force. The Pension Fund shall not, during the time such name remains stricken from the list of annuitants, nor at any time thereafter, be liable for or pay any pension, annuity, or benefit for such period of time while such name remained so stricken from said list.

(464)

Additional Time Approved for Annuitants.

The Committee on Annuities and Claims reports that the amendment to the pension law allowing additional annuity for additional service beyond 25 years has brought many requests to the pension office from annuitants who wish their record of time of service revised. The claims of these persons have been investigated, and the records examined.

The records of city time are furnished by the Secretary of the Board of Education. The outside time records are those on file in the pension office or with the application for annuity.

The Committee further reports that it has carefully considered the evidence on file and recommends that additional time as shown in the list below be granted to the following named annuitants who are now receiving pension for less than 25 years of service.

The Committee on Pension Law and Rules reports that House Bill 361, amending the Pension Law, which bill is set forth in the proceedings of April 20, 1923, pp. 136 to 140, Document No. 446, was passed by the legislature, signed by the Governor, and became effective July 1, 1923.

The Committee further reports that the amendments reported above have been inserted in their respective sections in the Pension Law, and a copy of the Law as amended is submitted herewith.

The Committee recommends the adoption of this report, and that the Law as amended be printed in the proceedings.

CHICAGO TEACHERS' PENSION LAW As Amended and in Force July 1, 1923.

(Sec. 152 to 163 and Sec. 165 of the Illinois School Act.)
(Amendments by Legislature of 1923 in Italics)

SEC. 152. In every city in this State having a population exceeding 100,000 inhabitants there shall be elected a board of trustees to have the administration and control of the public school teachers' pension and retirement fund, to be created and maintained in the manner provided by this Act. Such board of trustees shall consist of nine members of *whom three members shall be members of the board of education of such city, and six members shall be elected by and from those members of the teaching force who are contributors to said pension and retirement fund.* The chairman of the finance committee of the board of education of such city shall be ex-officio a member of said board of trustees. In addition thereto there shall be elected at the first meeting of the said board of education in the month of November *of each year one of its members to serve, while a member of said board of education, on said board of trustees, for a term of two years; and on the second Friday in the month of November of each year there shall be elected two members of said board of trustees from those members of the teaching force who are contributors to said pension and retirement fund, who shall hold office for a term of three years, while remaining contributors thereto.* The election of the members of the said board of education to said board of trustees shall be by a majority of said board of education in such manner as they, the board of education shall provide. The election of the members to said board of trustees by those members of the teaching force contributing to said fund of said city shall be by secret ballot at an election held by the board of education in such manner as the board of trustees shall by by-laws provide. Nominations for trustees

shall be made by a secret primary election held by the board of education in such manner as the Board of Trustees shall by by-laws provide at least thirty days before such final election and every person who is a member of the teaching force of such city, and a contributor to such pension and retirement fund; shall be entitled to vote at such primary election for as many persons to be nominees as there are trustees to be elected. The name of no candidate for nomination shall be printed upon the primary ballot unless upon a petition signed by not less than twenty-five members of the teaching force employed in such city who are contributors to the pension fund, provided each such petition shall be filed with the Recording Secretary not less than ten days before the primary election and provided not more than one candidate may be nominated by any one petition, and that each such petition shall contain the number of signatures above prescribed. The names of the persons receiving the highest number of votes in said primary less than a majority of all the votes cast thereat shall appear as nominees for trustees upon the election ballot: Provided the number of such names appearing on the election ballot shall be not more than double the number of trustees to be elected, and provided that any candidate for trustee of the pension fund who receives a majority of all the votes cast at the primary election shall thereby be, and be declared to be, finally elected trustee. Where the full number of candidates to be finally elected each receives a majority of all the votes cast at the primary election no final election shall be held. Each person who is a member of the teaching force of such city, and a contributor to said pension and retirement fund shall be entitled to vote at the election for such number of persons as is to be elected trustees. The location and number of polling places shall be designated by the board of trustees. The judges and clerks of such primary and election shall be selected from the members of the teaching force of such city who are contributors to such pension and retirement fund in such manner as the board of trustees shall by by-laws provide. Elections to fill vacancies in the board of trustees shall be held at the next ensuing annual election: Provided, however, that the board of education may fill vacancies occurring in the membership of said board of trustees elected from said board of education at any regular meeting of the board of education. All trustees, while members of said board of education or while contributors to said pension fund, including members of the board of trustees of the teachers' pension and retirement fund to which the board created by this Act succeeds, shall hold their offices until their successors shall have been elected and duly qualified.

The President, Recording Secretary and other officers of the said Board of Trustees shall be elected by and from the members of said Board of Trustees at the regular meeting of the Pension Board following the second Friday of the month of November of each year, or as soon thereafter as may be practicable.

SEC. 153. Such Board of Trustees shall have charge of and administration of the public school teachers' pension and retirement fund of such city, and shall have power to invest the same in such manner as it shall deem most beneficial to said fund, but in the same manner and subject to the same terms and conditions as township trustees are permitted to invest school funds under the law, and shall have power to make payments from said fund of pensions or annuities granted in pursuance of this Act; and shall from time to time make and establish such by-laws, rules and regulations for the administration of said fund, as they shall deem advisable and shall have power to employ such assistance and service as may, in their judgment, be necessary for the proper enforcement of the provisions of this Act and carrying into effect valid by-laws, rules and regulations enacted by them; and they shall have power to fill any vacancies occurring in said Board of Trustees of members elected from the teaching force of said city, until the next annual election, when said vacancies shall be filled as provided by this Act.

SEC. 154. The public school teachers' pension and retirement fund of such city shall consist of moneys paid into said fund by persons desiring the benefits thereof, under the provisions of this Act; of moneys received from donations, legacies, gifts, bequests or otherwise on account of said fund, and of moneys

paid into said fund in pursuance of any law now in force or hereafter to be enacted, and also all taxes collected for said fund pursuant to the levy herein (or hereafter) authorized, and moneys from any legal source or increment. For the purpose of providing revenue for such pension fund the board of education of such city shall in the year 1923 and annually thereafter demand and direct, and the city council of such city shall upon such demand and under such direction in the year 1923 and annually thereafter levy a tax of three-tenths (3/10) of a mill on the dollar of the assessed valuation of all taxable property on all taxable property in such city. *Said tax shall be known as public school teachers' pension and retirement fund tax.* Such tax shall be levied and collected in like manner with other general taxes for school or educational purposes of such city and shall be in addition to the maximum of all other taxes which such city (either with or without such demand or direction) is now or hereafter may be authorized by statute to levy upon the aggregate valuation of all taxable property within such city.

The County Clerk in reducing taxes levied as and when so required to do by the provisions of Section 2 of an Act entitled, "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider the tax herein authorized, as a part of the tax levy of such city required to be included in the aggregate of all taxes to be reduced, and no reduction of any tax levy made under the provisions of said last mentioned Act shall diminish the amount appropriated or levied for said public school teachers' pension and retirement fund tax; said tax, when collected, shall be paid into the public school teachers' pension and retirement fund as a part thereof.

SEC. 155. Any person who at the time this Act (as now amended) shall take effect is a contributor to said pension fund and any person who shall thereafter be employed to teach in the public schools of any such city and any other person who becomes a contributor pursuant to the provisions of this Act, shall be entitled to the benefits of said fund upon complying with the provisions of this Act and for the purposes of this Act such persons shall be divided into the following groups according to the number of years of service within the meaning of this Act. First. Those who have taught four years or less. Second. Those who have taught more than four years and not more than eight years. Third. Those who have taught more than eight years and not more than twelve years. Fourth. Those who have taught more than twelve years. After this Act shall take effect, there shall be set apart from the salaries of all persons heretofore described in this section One Dollar (\$1.00) per month for each month of service while they remain in the first group; One dollar and fifty cents (\$1.50) per month for each month of service while they remain in the second group; Two dollars fifty cents (\$2.50) per month for each month of service while they remain in the third group; and Five dollars (\$5.00) per month for each month of service while they remain in the fourth group, which amounts shall be deducted by the board of education in equal installments from their respective salaries at the regular times for the payment thereof, and be paid into and constitute a part of the public school teachers' pension and retirement fund of such city. The board of trustees in any such city created or existing under the provisions of this Act, shall succeed to the administration of any like fund established under any law now or heretofore in force in this State, and such board is hereby given the power to use both the principal and income of all funds for the payment of the pensions or annuities in this Act provided for, and shall have power to increase or reduce from time to time all pensions or annuities, provided such increases or reductions shall be at the same rate on all classes, and provided that the full service annuity paid for 25 years of service shall not exceed \$800 and no annuity in excess of \$1,000 shall be paid. And further provided, that all reductions shall in the judgment of said board of trustees be rendered necessary by the condition of said fund.

All teachers, who have taught in public schools of the United States outside said city, or rendered service therein, upon entering the service of the said

board of education for the first time shall *within one year after assignment* submit to the board of trustees of said pension fund evidence attesting and proving *such* service, and such evidence shall be the basis for placing such teachers in the proper group of the groups provided in this section. *No teacher entering the service of said Board of Education for the first time after this Act (as now amended) shall take effect, whose evidence of service outside of said city shall not have been submitted and approved within a year after date of first assignment, shall be entitled to count such service outside of said city as a part of the period of service required for an annuity or pension as hereinafter specified.* No teacher in the service of said board of education at the time this Act (as now amended) shall take effect whose evidence of service outside said city has not been so submitted and approved at that time or within *one year* thereafter shall be entitled to count such service outside said city as a part of the period of service required for an annuity or pension hereinafter specified. Any public school teacher who has heretofore retired from service and is entitled to a pension or annuity from a like fund, created under any law now or heretofore in force, to the administration of which fund such board of trustees has succeeded, or is a recipient of a pension or annuity thereunder, shall henceforth be entitled to receive a graduating pension or annuity ranging from four-fifths to five-fifths of the *full annuity or pension paid for twenty-five years' service* under the provisions of this Act, dependent upon time of service as public school teachers, under uniform schedules to be provided by rules of said board of trustees; and Two Hundred (\$200) Dollars per annum shall be withheld from such pensioner or annuitant until he or she shall have paid the aggregate sum of Eight Hundred Fifty Dollars (\$850); *provided that if any such teacher had, at the time of retirement, taught in the public schools of the United States or rendered service therein for a period of from 26 to 35 years, within the meaning of this Act, he or she shall henceforth be entitled to receive the full service annuity paid for 25 years of service as herein provided, and for each such full year of service rendered in excess of 25 years, an additional annuity, as provided in Section 158 of this Act; and there shall be withheld from said pensioner or annuitant twenty dollars (\$20) a year for each year of service in excess of 25 years for which such teacher shall be granted such additional annuity until he or she shall have paid an aggregate sum equal to fifty dollars (\$50) a year for each year in excess of 25 years for which such additional annuity is granted; and provided no such person so retired whose evidence of service in public schools of the United States outside said city has not been submitted to and approved by said board of trustees at the time this Act shall take effect, or within one year thereafter, shall be entitled to count such service outside of said city as a part of a period of service hereinafter specified required for an annuity or pension.*

SEC. 156. Teachers employed by the Board of Education of any such city, who shall become contributors to and beneficiaries of a public school teachers' pension and retirement fund, under any provisions of this Act, may count past service as a part of the period of twenty-five years hereinafter specified and become entitled to the benefit of such past service, by paying into said fund a sum equal to that which he or she would have contributed under the provisions of this Act, had he or she been a regular contributor to said fund during said period of past service, together with interest thereon at the rate of four per cent per annum from the time such payments would have been made, and an additional sum equal to the amount of appropriation by the Board of Education withheld from payment into the pension fund because he or she was not a contributor during said period, together with interest thereon at four per cent per annum as aforesaid, and what, if any, other sum may be necessary to indemnify said fund against any loss it may have sustained by reason of receiving less public contribution than it would have received if such teacher had been a regular contributor during such period.

SEC. 156a. All persons who have heretofore been contributors to the public school teachers' pension and retirement fund of cities having a population exceeding 100,000 inhabitants, under any law then in force but who have with-

drawn from such participation, may, if they shall exercise the option on or before the first day of July, in the year of our Lord 1924, renew their right to participation in a fund to be created in said city under the provisions of this Act, by paying into said fund the full amount of any moneys they may have withdrawn from such previous fund, and the full amount they would have contributed had they not withdrawn therefrom, together with interest thereon at the rate of four per cent per annum from the time such moneys were withdrawn and from the time payment would have become due to the date of their acceptance of the provisions of this Act, together with what, if any, further sum may be necessary to indemnify said fund as mentioned in above Section 156; and thereafter such person shall contribute to said fund upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund: Provided, however, that such persons who shall be re-employed by said Board of Education as such teachers on or after July 1, 1921, may if they shall exercise such option within three years after such re-employment, renew their right to participation in such fund upon the same terms and conditions aforesaid.

SEC. 156b. All teachers who are now in the service of the board of education of any such city, other than those described in the previous section, may, if they shall exercise the option, on or before the first day of July in the year of Our Lord One Thousand Nine Hundred and Twenty-four, become contributors to and beneficiaries of the public school teachers' pension and retirement fund created under the provisions of this Act, upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund under Section 156a of this Act.

SEC. 157. Such board of trustees shall have the power, and it shall be its duty, to pass a resolution declaring the maturity of service and right to the immediate benefits of said fund in favor of persons entitled to the benefits thereof, in the following cases: (a) When any contributor to the said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of twenty-five years, within the meaning of this Act, and shall have contributed to the Pension Fund the aggregate sum of eight hundred and fifty dollars (\$850); (b) when any contributor to said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of from 26 to 35 years, within the meaning of this Act, and shall have contributed to said Pension Fund the aggregate sum of eight hundred and fifty dollars (\$850), and in addition thereto shall have paid the sum of fifty dollars (\$50) a year for each full year of such service in excess of 25 years for which an additional annuity may be granted under Section 158 of this Act; (c) when any contributor to said Fund shall have taught 12 years in the public schools of the United States, within the meaning of this Act, and shall have been declared by three competent physicians who have made a physical examination of the teacher, at the request of a majority of such board of trustees, to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching; and when such teacher shall have paid into the said pension fund the aggregate sum required under Section 155 of this Act for the total period for which such teacher is given credit in computing the amount of said teacher's disability annuity; provided, that said board of trustees shall not declare any person entitled to the immediate benefits of said fund until he or she shall have taught in the public schools of such city three-fifths of the term of service for which annuity is granted; said three-fifths service in said city must be the last service rendered prior to his or her retirement on a pension and no person shall be entitled to the benefits of said fund until his or her employment as a teacher in the service of such board of education shall have been terminated. It shall be unlawful for the said Board of Trustees to grant or to continue to pay an annuity or pension under this Act to any person on account of service as teacher rendered in the public schools of the United States, within the meaning of this Act, if any portion of such service as teacher has been, or shall be, counted in the total period of service for which such person is paid, or shall be paid, an annuity or pension, paid by some

other public pensioning body, in addition to the annuity or pension paid under this Act.

SEC. 158. Each teacher so retired or retiring after twenty-five years of service *within the meaning of this Act*, shall thereafter be entitled to receive the full service annuity as fixed and paid by said Board of Trustees for 25 years of service, such full service annuity not to exceed \$800; and each teacher so retired or retiring after 26 or more years of service, *within the meaning of this act*, shall be entitled to receive the full service annuity paid for 25 years of service as herein provided, and in addition thereto for each full year of service in excess of 25 years an additional annuity or pension of twenty dollars (\$20), provided that no annuity or pension shall exceed one thousand dollars (\$1,000) and provided that in computing the time of service in excess of 25 years no additional annuity or pension shall be paid for any fractional part of a year, nor for a longer period than 10 years in excess of 25 years; and provided each teacher so retired or retiring because of permanent disability after twelve years of service shall receive as an annuity or pension, such proportion of the full annuity paid for twenty-five years of service as the sum contributed by such teacher so retired or retiring bears to \$850; provided no disability annuity or pension shall be less than \$300. Said pensions and annuities shall be paid monthly during the school year by said Board of Trustees out of the fund created in accordance with the provisions of this Act in the manner provided by law for the payment of teachers' salaries.

SEC. 159. The President and the Secretary of said Board of Education shall certify monthly to the city treasurer all amounts deducted from the salaries of teachers, special teachers, principals and superintendents of schools, in accordance with the provisions of this Act, which amounts, as well as all other moneys contributed to said fund, shall be set apart and held by said treasurer as a special fund for the purposes hereinbefore specified, subject to the order of said Board of Trustees herein created and shall be paid out upon warrants signed by the President and Secretary of said Board of Education and countersigned by the President of the said Board of Trustees.

SEC. 160. The City Treasurer ex-officio shall be the custodian of said pension fund, and shall secure and safely keep the same, subject to the control and direction of said Board of Trustees, and shall keep his books and accounts concerning such fund in such manner as may be prescribed by said Board; and said books and accounts shall always be subject to the inspection of said Board, or any member thereof. Said City Treasurer shall be liable on his official bond for the proper performance of his duties and the conservation of the fund created by this Act. Any legal proceedings which may be necessary for the enforcement of the provisions of this Act shall be brought by and in the name of the Board of Education for the use of the Board of Trustees of the public school teachers' pension fund.

SEC. 161. No teacher or principal who has been or shall be appointed by said board of education shall (after serving the probationary period of three years specified in Section 138 of this Act) be removed except for cause, and then only by a vote of not less than a majority of all members of the board, upon written charges presented by the superintendent of schools to be heard by the board, or a duly authorized committee of the same, after thirty days' notice with copy of the charges, is served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. At the request of any party such hearing shall be public. The action and decision of the board in the matter shall be final. Pending the hearing of such charges, the person charged may be suspended as by the rules of the board may be prescribed: Provided, however, that in the event of acquittal, such person shall not suffer any loss of salary by reason of this suspension.

If at any time, prior to the completion of 25 years of service, *within the meaning of this Act*, any member of the teaching force who is willing to continue in the service of said Board of Education is removed from said service as provided in this Section, or if at any time, prior to the completion of 25

years of service, within the meaning of this Act, any member of the teaching force retires voluntarily from the said service, then in either such case such member shall, upon application to said Board of Trustees, be paid back all the money he or she may have contributed to said fund.

SEC. 162. All persons who shall be employed as teachers by the Board of Education of any such city shall by such employment accept the provisions of this Act and thereupon become contributors to said pension fund in accordance with the terms thereof. And the provisions of this Act shall become a part of and enter into any such contract of employment.

SEC. 163. All pensions or annuities granted under the provisions of this Act and every portion thereof shall be exempt from attachment or garnishment process, and shall not be seized, taken, subjected to, detained or levied upon by virtue of any execution or any process or proceedings whatsoever issued out of or by any court of this State for the payment or satisfaction, in whole or in part, of any debt, claim, damage, demand or judgment against any pensioner hereunder, and no annuitant or pensioner shall have the right to transfer or assign his or her pension or annuity, or any part thereof, either by way of mortgage or otherwise.

SEC. 165. If the moneys collected and paid into such public school teachers' pension and retirement fund from taxes levied for the purpose of providing revenue for such pension fund in any current fiscal year shall not equal twice the amount of the moneys deducted or contributed from teachers' salaries for such fund for such year; or should the current income of such pension fund in any fiscal year ever be less than the current disbursements for such fund for such year, then in either or both of such events, such Board of Education shall the next year in addition to demanding and directing the annual tax levy hereinbefore provided for, set apart and appropriate from moneys derived or to be derived from the general tax levy for educational purposes an amount of money sufficient to supply such deficiency or deficiencies, as the case may be, and promptly pay such sum of money into such fund for such purpose and to restore what, if any, of the reserve of such pension fund may have been necessarily temporarily used in the meantime.

On motion of Miss Dutton, seconded by Miss Swett, the report of the Committee on Pension Law and Rules was adopted and the recommendation concurred in.

Schedule of Annuities

The Committee on Pension Law and Rules further reports that the Pension Law as amended provides for the payment of an additional annuity of \$20 for each additional year of service beyond 25 years, up to and including a total of 35 years. The Committee therefore recommends that the following schedule of annuities be adopted for those annuitants whose period of service is 25 years or more, to take effect September 1, 1923, and that each annuitant be notified of the time recorded for her, the rate at which her annuity will be allowed, and of the payments due from her to the Fund in order to comply with the requirements of the law.

Amend Rule 1 of the Rules and Regulations—Election of Officers.

The Committee on Pension Law and Rules reports that a change in Rule 1 of the Rules and Regulations of

the Board of Trustees is made necessary by the amended Pension Law.

Under the former law the chairman of the Committee on Finance of the Board of Education was *ex-officio* president of the Pension Board. Under the amended law, the chairman of the Committee on Finance is a member of the Board of Trustees but is not *ex-officio* the president thereof.

This leaves the selection of a president with the Board of Trustees, and your committee recommends that the president be elected at the same time and in the same manner that the other officers of the Board are elected.

The Committee therefore recommends the adoption of the following

RESOLUTION, AMENDING RULE ONE.

BE IT RESOLVED by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund of the City of Chicago that Rule 1 of the Rules and Regulations as now existing be, and the same is, hereby amended so that the same shall be and read as follows:

Rule 1. The officers of the Board of Trustees shall be a President, a Vice-President, a Recording Secretary and a Financial Secretary, who shall hold their respective offices for one year, or until their successors shall be elected and qualified. These officers shall be elected at the regular meeting of the Pension Board in the month of November of each year, or as soon thereafter as may be practicable; the election shall be by ballot and a majority vote of the entire Board shall be necessary to elect.

None of the above-mentioned officers excepting the Recording Secretary, shall receive remuneration or compensation.

On motion of Miss Dutton, seconded by Miss Abbe, this Report of the Committee on Pension Law and Rules was adopted and Rule 1 amended by the following roll-call vote:

Ayes—Miss Abbe, Mr. Meade, Miss Rhinesmith, Miss Schjoldager, Miss Swett, Miss Dutton, Mr. Greenebaum—7.

Nays—None.

Bonds of the Village of Summit Ill., not Redeemed at Maturity.

Chicago, September 27, 1923.

Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.
Ladies and Gentlemen:

On May 4, 1923, I wrote you advising that four coupons due March 1, 1923, amounting to \$50, detached from village of Summit, Ill., 5% Electric Light Bonds Nos. 17 to 20, had not been paid. They were subsequently paid by John Nuveen & Co.

On September 1, 1923, the following described bonds and coupons, issued by the Village of Summit and purchased by your Pension Board, became due:

Village of Summit, Ill., 5% Electric Light Bonds Nos. 17 and 18 at \$500 each; and coupons from bonds Nos. 17 to 20, at \$12.50, totaling \$50.00.

None of the above described bonds and coupons have been paid, although the Foreman National Bank has tried several times to make such collection.

We are informed by the Argo State Bank, that the Village of Summit keeps its funds in that bank and that if the bonds are forwarded to them, they will endeavor to effect the collection; that there has been some delay in the payment of some of the bonds, but that in each instance interest is paid to the date of payment of the principal and that the matter

of the payment of its obligations is now receiving attention at the hands of the village officials.

As I have received no notification from the officials of the Village of Summit relative to the above, I am holding the bonds and coupons until I receive instructions from your Pension Board as to whether or not it is desired that I forward the bonds and coupons to the Argo State Bank.

Enclosed you will find a copy of the letter referred to which I received from the Argo State Bank.

Very truly yours,

JOHN A. CERVENKA,
City Treasurer and ex-officio
Treasurer of the Public
School Teachers' Pension &
Retirement Fund.

Argo, Ill., Sept. 25, 1923.

Mr. John A. Cervenka,
City Treasurer,
Chicago.

Dear Mr. Cervenka:

We are in receipt of your favor of the 13th inst. inquiring relative to place of payment of Village of Summit Bonds. The Village keeps its fund in this Bank and, if you will forward the Bonds to us for collection, we shall be glad to endeavor to effect the collection for you. There has been some delay in the payment of some of the Bonds but, of course, in each instance interest is paid to the date of payment of the principal. The matter of the payment of its obligations is now receiving attention at the hands of the village officials and, pending the receipt of the bonds from you, I shall report to them the items you mention.

Yours very truly,

S. M. FRANKLAND,
Cashier.

On motion of Miss Abbe, seconded by Mr. Meade, the above communication was accepted and the city treasurer authorized to deliver the bonds as suggested by the Argo State Bank.

Information Furnished the Pension Board by the Secretary of the Board of Education Concerning

UNEARNED PENSION

Chicago, Oct. 19, 1923.

Secretary,
Teachers' Pension Board.

Dear Madam:

Alfarata R. Hall was a pensioner for a number of years. She died September 15, 1919, and this office was not notified of her death until some-time after the September warrants had been issued and mailed. In October, 1919, a warrant* was issued for balance due the estate of Alfarata R. Hall for September. The September warrant referred to above was mis-laid, and was just returned to this office by the Administratrix. In 1922, a report was presented to the Pension Board authorizing the issue of duplicate warrants to be deposited into the Fund to cover old warrants that had never been cashed, and among them was the warrant for Alfarata R. Hall.

As the estate is entitled to \$20.35 for balance of pension due at the time of her death, I would respectfully request that authority be given for the issue of a voucher for said amount.

The Annuitants of October, 1923.

The Committee on Annuities and Claims presents the following information in regard to the present annuitants:

The Pension Law as amended and in force July 1, 1923, provides for a full annuity to be paid for 25 years of service; also for an additional annuity of twenty dollars for each year of service beyond 25 years up to and including 35 years. It further provides that in addition to the \$850 to be paid into the fund by a teacher retiring with 25 years of service there shall be paid the sum of fifty dollars for each year of additional service for which annuity is granted. This makes the total payments into the fund equal the amount that would have been deducted from salaries if the present schedule of deductions had been in force for the entire period of service. The Law also provides that those annuitants who had retired before the present law became effective, may make payment of this additional amount by allowing the additional annuity to accumulate. This will require twenty-five months or two and a half years. Many of the annuitants, therefore, will not receive their full rate of annuity until February, 1926. In the meantime they draw the amount given them under the former law—that is \$60 per month.

In order to take advantage of this additional annuity many of the annuitants have presented further evidence of teaching service both in Chicago and outside. The claims for Chicago service have been verified by the Secretary of the Board of Education. The claims for outside time have been passed on by the Committee on Finance and Judiciary.

The Committee presents herewith a list of the annuitants showing the time of service for each in Chicago and outside of Chicago with the total time allowed and the rate of annuity which each annuitant will receive when all payments into the fund have been completed.

The following table shows the number of annuitants who have from 25 to 35 years of service, with the rate of annuity for each such year and the amount that will be paid to each group when all payments into the fund are completed. It also shows the number of disability annuitants and the number of annuitants who retired under the old law (that is, before July 1, 1907) with less than 25 years of service.

The 566 annuitants who have 25 or more years of service have an average time of over 30 years.

The annuitants who have less than 25 years of service are in two groups:

- (1) Annuitants who retired under the old law with less than 25 years of service. Before July 1, 1907, a teacher could retire on the completion of 20 years of service.
- (2) Disability Annuitants,—teachers with 12 to 25 years of service who are incapacitated for teaching.

The Pension Law provides that the annuitants under the old law shall receive a pro rata pension "ranging from four-fifths to five-fifths of the full annuity paid for 25 years' service dependent upon time of service." (Sec. 155, ¶ 5.)

Those who retire on a disability annuity receive "such proportion of the full annuity paid for 25 years of service as the sum contributed by such teacher * * * bears to \$850." (Sec. 158, ¶ 3.) In other words the annuitant under the old law receives a pension proportional to the length of her service, the disability annuitant receives a pension proportional to the sum she has contributed.

For twenty years of service the annuitant under the old law receives 20/25 or 4/5 of \$600 or \$480. The deductions for the first 20 years of service are \$600; therefore a teacher with twenty years of service retiring on disability annuity will receive 600/850 of \$600 or \$423.50.

In computing the time of service for which annuity is granted, the last three-fifths must be Chicago service.

(527)

Village of Summit— Unredeemed Bonds

LETTER FROM CITY TREASURER.

Chicago, February 19, 1924.

Board of Trustees of the Public School Teachers' Pension & Retirement Fund.

Ladies and Gentlemen:

Supplementing my letter of September 27, 1923, I again call the attention of your Board to the fact that I was unable to make collection on Village of Summit, Ill., 5% Electric Light bonds Nos. 17 and 18, @ \$500.00 each, and coupons from bonds Nos. 17 to 20, 4 @ \$12.50 each, \$50.00, due Sept. 1, 1923.

On or about December 5, 1923, I again tried to make collection but was not successful, concerning which I notified your office by telephone on December 8, 1923.

Additional interest on the unpaid bonds is accruing and will amount to \$25.00 on March 1, 1924. In addition thereto, \$25.00 in interest will be-

come due March 1, 1924, on bonds not yet matured.

I am again calling your attention to the matter in order that your Board of Trustees, if it has not already done so, may take such action in the premises as will conserve the interests of the Public School Teachers' Pension & Retirement Fund, which owns the bonds.

Very truly yours,

(Signed) JOHN A. CERVENKA,
City Treasurer and ex-officio
Treasurer of the Public
School Teachers' Pension
and Retirement
Fund.

Upon receipt of above communication from the City Treasurer, the Secretary presented the facts in regard to the Summit bonds to the firm from which said bonds were purchased—John Nuveen & Co.—and received from them the following reply:

(527A)

LETTER FROM JOHN NUVEEN & CO.
Chicago, March 5, 1924.

Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Board of Education, 650 S. Clark St., Chicago, Illinois.

We have your letter regarding the Village of Summit, Ill., bonds—\$1,000

of which fell due September 1, 1923, which have been unpaid.

Will state that we have taken the matter up with the Village Trustees and they have proceedings under way for issuing refunding bonds which will refund not only these bonds, but some other indebtedness. This explains the reason for the delay.

You need not feel uneasy about these bonds, as we will see that they are paid and also that you receive interest upon interest so that you will not lose a cent in any way because of the delay. You can rest assured that although we do not have the say about the refunding, nevertheless, we will not cease to push the matter until these bonds are taken up.

Thanking you for calling our attention to the same, we remain,

Yours very truly,

(Signed)
JOHN NUVEEN & COMPANY.

On motion of Miss Abbe, seconded by Miss Rhinesmith, the above communications were accepted and ordered printed in the proceedings.

Report on the Application of Lovilla Nutting McGraw

The Committee on Annuities and Claims presents the following report on the case of Lovilla Nutting McGraw, whose application for annuity is included among the applications presented to the Pension Board on this date:

Mrs. McGraw (then Lovilla Nutting) was teaching in the Chicago public schools in June, 1907. She was re-elected in that month, but did not return to service in September. Instead, she applied in September, 1907, for a leave of absence, which under the rules of the Board of Education could not be granted as no leave of absence is granted to teachers who absent themselves immediately after marriage. On September 23, 1907, she was reported to the Board of Education as being on the Unassigned List. She had 24 years and 6 months of teaching experience.

April 12, 1924, she applied for an annuity under the old law, under which teachers with 20 years or more experience were entitled to pension. Three questions arose in reference to this application for annuity:

1st—May the Pension Board now grant an annuity to a teacher with less than 25 years of service?

2nd—Is the claim barred by lapse of time?

3rd—Was Mrs. McGraw a teacher on July 1, 1907? (On July 1, 1907, a change in the pension law required 25 years of service.)

The Committee therefore referred the case to the attorney and his opinion is submitted herewith.

OPINION OF ATTORNEY IN CASE OF LOVILLA NUTTING MCGRAW.

April 15, 1924.

To the Honorable Board of Trustees of the Public School Teachers' Pension and Retirement Fund of the City of Chicago, Illinois.

Ladies and Gentlemen:

In regard to the application in 1924 of Mrs. E. R. McGraw (formerly Lovilla Nutting) for a teacher's pension, which has been referred to me, I respectfully report that upon the data submitted to the effect that in June, 1907, Mrs. McGraw was elected a teacher for the school year 1907-1908, and that she did not teach after the last school day in June, 1907, and up to that time had taught 15½ years in Chicago public schools and had 9 years of outside service (total 24½ years), and that September 2, 1907, she applied for a leave of absence which was refused and that September 23, 1907, she was reported to the Board of Education as having been placed on the unassigned list, and such report was approved, it is my opinion that:

Mrs. McGraw if otherwise entitled should have a graduated pension from the date of her application pro rated in the proportion of her service time to the full 25 year period, upon her complying with the various provisions of the law. Among the reasons for this opinion are the following:

In 1907 teachers had service contracts expiring each year. Mrs. McGraw's election in June, 1907, was in legal effect merely a proposition tending employment, which would become a contract for the succeeding year, if she accepted the proposition, which she could do formally, or by merely commencing to teach under it. Instead of accepting this proposition

she asked for a leave of absence. This was in effect an acceptance, conditioned upon the granting of such leave. The Board denied such leave, and thereby refused to consent to the condition imposed, and so her acceptance never became absolute, and no contract existed. She was therefore not a teacher in the service on July 1, 1907, when the act requiring 25 years of service went into effect, but was a teacher theretofore while the 20-year service law was in effect, and so entitled to have applied for a pension under it. The laws of 1907 and thereafter provide that persons so entitled under the 20-year law shall be entitled to a graduated pension.

The other legal questions here considered were also involved in opin-

ions rendered by your attorney January 28, 1908, and March 26, 1908, which are hereby referred to; (see: your published proceedings of February 15, 1908, page 388, and April 4, 1908, page 391).

Respectfully submitted,

(Signed) I. T. GREENACRE.

The Committee recommends that in accordance with the opinion of the attorney Lovilla Nutting McGraw's application for an annuity be granted to be effective from the date of her application.

On motion of Miss Abbe, seconded by Miss Dutton, the report of the Committee on Annuities and Claims, Document No. 541, was adopted and the recommendation concurred in.

Disability Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Disability Annuities, the Committee has received from the Recording Secretary and submits herewith certificates from the physicians appointed by the Pension Board to examine the persons hereinafter listed; that it has considered these certificates and the applications for Disability Annuity submitted by these persons together with other evidence and finds that each such person has completed twelve or more years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; and that each has been declared by three competent physicians who have made a physical examination of said person to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching. The committee therefore

NEW BUSINESS**Proposal to Raise Annuity**

Miss Rhinesmith moved that the "Schedule of Annuities" adopted by the Pension Board on September 13, 1923 (see proceedings of Sept. 13, 1923, page 202, Doc. 465A), be amended by raising the basic annuity paid for 25 years of service to \$700, thus giving a raise of \$100 a year to each annuitant with more than 25 years of service, and a proportional raise to each annuitant with less than 25 years of service; the raise to become effective January 1, 1925.

The motion was seconded by Miss Swett, and discussed by the members of the Pension Board.

On motion of Miss Rhinesmith, seconded by Mr. Meade, the proposal was referred to the Committees on Annuities and Claims and on Finance and Judiciary for consideration; a report to be made at the next meeting.

ADJOURNMENT

On motion of Miss Abbe, seconded by Mr. Meade, the meeting adjourned.

Mary M. Abbe

Recording Secretary.
