\*NOTE: Public Money. For the Public School Teachers' Pension and Retirement Fund a separate tax of three-twentieths of a mill is levied annually on each dollar of assessed valuation of property in Chicago. To this tax the Board of Education is required to add an appropriation from the Educational Fund sufficient to make the total public money \$2.00 for each \$1.00 deducted from teachers' salaries and paid into the Pension Fund.

The public money for any year is collected the following year. The taxes under the 1928 tax levy were not collected until 1930, and the amount collected for the Public School Teachers' Pension and Retirement Fund was not transferred to that fund until after the close of this fiscal period. Owing also to this delay in the collection of taxes, the money due the pension fund from the Board of Education has not been received, although appropriation therefor was made in the budget of the Board.

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. ### The Annuitants of October, 1930

NOTE: The Financial Secretary reports 1,483 annuitants drawing pension in June, 1930. This includes only those who have completed their payments into the Fund. The Recording Secretary, reporting the number in October, subtracts from 1,483 the sum of those who have returned to service and those whose deaths have been reported, and adds those who were placed on the pension roll in September, including all those whose payments are not completed.

The following table shows the number of annuitants who have from 25 to 35 years of service, with the rate of annuity for each such year and the amount that will be paid to each group when all payments into the fund are completed. It also shows the number of disability annuitants and the number of annuitants who retired under the old law (that is, before July 1, 1907) with less than 25 years of service. The amounts are computed at the rates authorized by the legislature of 1923, although the increases granted by the legislature in that year have been withheld since September 1, 1927, from those persons who were placed on the pension roll before July 1, 1923, on account of Injunction proceedings instituted against the Pension Board.

## LIST B.

The Annuitants in the following list were placed on the pension roll since July 1, 1923, and are therefore not affected by the suit for injunction.

A teacher retiring with more than 25 years of service adds to the deductions from salary an amount sufficient to bring the total to \$850; he then receives the annuity paid for 25 years of service and may permit the additional annuity allowed for additional service to accumulate until the required payment for the additional annuity is completed.

(1319)

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. In each case where the amount of annuity recommended, as hereinafter stated in this report, exceeds the sum of \$800, the applicant has in effect made application for two annuities, that is, one regular full service annuity for \$800 and an additional annuity for the amount of such excess based on additional service, together aggregating the amount stated.

The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the date on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, authorized and directed to deliver to the Secretary of the Board of Education a Duplicate of this Report, together with the Applications and other evidence herewith submitted; to enter on the Records of the Pension Board the Annuities granted herein; and to file this report in the Pension Office.

**ACT EMPOWERING THE DIRECTOR OF TRADE AND  
COMMERCE TO EXAMINE AND REPORT UPON  
CERTAIN BENEFIT FUNDS**

The following Act was passed by the Fifty-fifth General Assembly of the State of Illinois, and approved by the Governor on July 6, 1927.

AN ACT empowering the Director of Trade and Commerce to examine and report upon certain benefit funds.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* The Director of Trade and Commerce, or any deputy duly appointed by him under the official seal of the Director of Trade and Commerce, shall have power and it shall be his duty to make a thorough examination, including an audit of the fund and a report regarding the securities held in such fund for loans and investments made out of such fund, regarding the affairs of any annuity and benefit fund, pension fund or relief fund heretofore or hereafter created in this State, whenever such fund is made up in whole or in part from contributions, by the people of this State or any branch, bureau, department or municipality thereof by taxation or otherwise.

The Director of Trade and Commerce shall report the results of the examination together with any legislative recommendation regarding said funds, as he may deem proper, to the Governor of the State for transmittal to the General Assembly. He shall also send a report of the examination and a copy of the legislative recommendations regarding the fund examined to the officer or officers charged with the administration of the fund involved, to the city council, village board, county board or other legislative body of the municipal corporation, branch, bureau or department of this State which may be involved in such funds. It is the duty of such legislative body, at its first meeting after receiving such report and legislative recommendations to spread the same upon their official records.

SEC. 2. The Director of Trade and Commerce may administer oaths or affirmations and shall have power to summon and compel the attendance before him and examine under oath any officer, trustee, agent, actuary, attorney or employee connected either directly or indirectly with any of the above mentioned funds, or any other person having information regarding the condition, affairs, management, ad-

ministration or methods of conducting such funds or records pertinent to the examination of any of the above mentioned funds. He may further require any person having in his possession any records, books, papers, contracts or other documents pertaining to any of the above mentioned funds to surrender the same to him or to otherwise afford him access to the same and for failure so to do the Director of Trade and Commerce may attach the same.

Should any person fail to obey the summons of the Director of Trade and Commerce or refuse to surrender to him or afford him access to any of the above mentioned records, books, papers, contracts or other documents he may make application either in term time or in vacation, to the Circuit Court of the county in which the fund involved is located, and that court, if it finds that the Director of Trade and Commerce has not exceeded his authority in the matter, may, by order duly entered, require the attendance of witnesses and the production of all relevant books and papers required by the Director of Trade and Commerce in carrying on the provisions of this Act. Upon refusal or neglect to obey the order of the court or judge, the court or judge may compel, by proceedings for contempt of court, obedience of its or his order.

SEC. 3. Each such fund now existing in the State shall be examined, as hereinabove provided, by the Director of Trade and Commerce as soon as practicable after this Act becomes effective and biennially thereafter, and each such fund hereafter created shall be examined as soon as practicable after the first year of its existence, and biennially thereafter.

SEC. 4. Whoever knowingly makes a false certificate entry or memorandum upon any of the books or papers pertaining to any fund within this Act or upon any statement or exhibit filed or offered for file with the Director of Trade and Commerce in the course of any examination, inquiry or investigation, with intent to deceive the Director of Trade and Commerce or any of his deputies shall, upon conviction, be punished by a fine not exceeding one thousand dollars (\$1,000) or by imprisonment in the county jail for a period not exceeding one year or by both such fine and imprisonment.

SEC. 5. Any actual and necessary expense connected with the examination, audit or report required under the provisions of this Act shall be paid out of the fund under examination upon presentation of a bill of expense to the proper administrative officer of the fund

involved by the Director of Trade and Commerce. Upon receipt of such money the Director of Trade and Commerce shall pay the same into the State treasury for the use and benefit of the State.

SEC. 6. There is appropriated to the Department of Trade and Commerce the sum of twenty-five thousand dollars (\$25,000.00), or so much thereof as may be necessary, for the purpose of carrying out the provisions of this Act during the biennium commencing July 1, 1927.

SEC. 7. This appropriation is subject to the provisions of "An Act in relation to State finance," approved June 10, 1919, as amended.

### APPROPRIATION IN 1929

Included in the Appropriation made by the Fifty-sixth General Assembly to meet the ordinary and contingent expenses of the Department of Trade and Commerce for the ensuing biennium was the sum of Twenty-five Thousand Dollars (\$25,000) for the purpose of carrying out the provisions of the Act hereinbefore quoted.

---

Pursuant to the provisions of said Act, the Director of Trade and Commerce submits the results of his examination in the report given herewith.

### LETTER OF TRANSMITTAL TO GOVERNOR

*To His Excellency, the Honorable Louis L. Emmerson, Governor of the State of Illinois, Springfield:*

Pursuant to the provisions of an Act entitled "An Act empowering the Director of Trade and Commerce to examine and report upon certain benefit funds," approved July 6, 1927, I hereby submit to you my report concerning such funds.

The examinations were made under my direction by a Deputy appointed by me for such purpose,—Mr. Donald F. Campbell, 160 No. La Salle St., Chicago.

Respectfully submitted,

(Signed) LEO H. LOWE,

*Director of Trade and Commerce.*

Springfield, Illinois, December, 1930.

## LETTER OF TRANSMITTAL TO DIRECTOR OF TRADE AND COMMERCE

*To the Honorable Leo H. Lowe, Director of Trade and Commerce of the State of Illinois, Springfield:*

Pursuant to the provisions of the Act hereinbefore quoted and my appointment by you under your official seal to make an examination regarding the affairs of all annuity and benefit funds, pension funds or relief funds heretofore created in this State to which contributions by the people of the State are being made, I hereby have the honor of submitting to you the results of my examination.

The laws pertaining to pension systems for public employees of political subdivisions of this State, make 190 systems for such employees mandatory. There are now 79 systems for such employees in operation. Of the remaining 111 instances, reports from the several cities showed that in 108 cases the law was not being obeyed. In three cases, several letters failed to bring any response.

In the 79 systems in operation, the number of employees in active service at the close of the periods under examination totaled 74,730; the number of pensioners, 10,998; the total of the amounts being paid in pensions and retirement allowances was running at a figure in excess of \$7,150,000.00 per year; and the combined assets of the several systems exceeded \$54,500,000.00.

These figures were known approximately to the Deputy Examiner before he began his examination of the systems. Their immensity led him to the conclusion that the time and appropriation at his disposal would need to be conserved carefully if a Report sufficiently comprehensive to be of value was to be made.

He realized at the outset in this, the first examination of its kind undertaken in the State, the necessity for laying a foundation which would accurately set forth the present status of pension laws in force; the groups of employees involved; the number of employees and pensioners in each group; and the assets and liabilities of the several funds in operation as the result of these and former laws.

He realized, as well, that his examination should involve not only the present provisions of laws now in force, but also provisions in force in the past. He knew that in many instances pensioners have been on the rolls for long periods of years and that therefore to determine the liability of the fund in any system involving pen-

sioners of long standing it was necessary to be familiar with the act in force at the time any such pension was granted.

These facts led him to the conclusion that this, the pioneer audit, had to begin with a study of all the laws affecting present pensioners. Accordingly he began his examination by searching the Session Laws of the various General Assemblies in general or special session from the beginning of the history of the State to the time of this writing.

He encountered the first pension law in the Session Laws of the year 1849, and in the various Session Laws since that time he found some one hundred and fifty-two original laws and/or amendments passed by the several General Assemblies pertaining to pensions for public servants.

The investigation of all these laws was an arduous task but one amply justified by results. In addition to finding two funds which he did not know existed, he found one law that should be repealed, and a condition in another which forced the board of pension trustees into a situation which should be rectified by a validating act, and was able also to give a history of pension legislation in this State, much fuller than was heretofore attempted; to make synopses of the several laws now in operation as contained in Chapter II; to outline the accounting system involved as stated in Chapter III; to prepare the Tabular Digest given in Chapter IV; to give the synopses of the several acts for the guidance of any future examiners who may be appointed for such work, as given in the opening parts of Chapters V to XX inclusive, and to list the titles of the several acts for convenience of future references, as given in Appendix B.

The laws in force in this State at the present time govern systems listed immediately hereinafter by popular title. The legal description of each such law will be found at the head of the Chapter pertaining to the audit of the Fund.

14. The County Employees' Annuity and Benefit Fund of Cook County.
15. The Park Employees' Annuity and Benefit Fund of Chicago.
16. The Judges' Pension Fund.

To these may be added the act pertaining to employees of the Chicago Water Works Department, although no system was legally constituted under such act and the law is now a dead letter owing to the fact that the employees whom it was contemplated would come under the provisions of this act are now included in the Municipal Employees' Annuity and Benefit Fund of Chicago.

Except in the cases of the Firemen's and Policemen's pension funds in cities of 5,000 of population to 200,000, each system in operation is operated under an act separate and distinct from the act governing any other system.

This condition led the Deputy Examiner to adopt the plan of devoting one Chapter to each act now in force and to make his audit or survey cover all funds which are governed by such act.

Because of the expense involved in establishing a sound foundation upon which to build this pioneer audit, and the necessity for making an actuarial investigation of as many of the larger funds as his time and appropriation permitted, he decided, after consultation with those whose advice he deemed valuable, not to attempt to make an examination of the Policemen's and Firemen's pension funds in

cities outside of Chicago but to content himself with a survey of this field from data furnished by the officials of the City or of the funds.

He regrets to be compelled to state that not all such cities co-operated with him in furnishing him with the required data. A survey as far as was possible from the data furnished is given in Chapters XI, XII and XXII.

In each of the other systems, an audit was made, sufficient to satisfy the Deputy Examiner that the assets and liabilities of the system as reported are correct and that the system is being operated according to law. In some cases, audits as to receipts and disbursements made by reputable accountants were accepted, thus permitting the Deputy Examiner to devote more time to an investigation of the actions of the pension board in the granting of pensions and refunds and to an actuarial investigation of the Fund than he could otherwise give to this important part of an examination by the State. The nature and extent of each audit are stated in the Chapter pertaining to the audit of the Fund.

Lists of the securities held by each system are given in Appendix A. In all cases, except when specifically stated otherwise, these securities were examined carefully by examiners of the State under supervision of the Deputy Examiner. In each case the bond was examined for unmatured coupons and each detached coupon from the date of purchase of the bond was accounted for. Details will be found in the Chapters pertaining to the audit of the Fund.

In the Allocation-Reserve systems, all bonds must be registered in the name of the Annuity and Benefit Fund concerned. All bonds were examined for this registration and in all cases, the registry was found to be in proper form.

In beginning this, the pioneer audit, the Deputy Examiner was at first at a loss as to where to begin. He finally concluded that the best point of beginning was the date of inception of the Fund. In all possible cases therefore the statements as to Income, Disbursements and Fund Balances begin when the fund was organized.

No system on a Stipulated Annuity basis carried any items of liability other than current items in their Statements or on their books. The computation of liabilities in all cases where such was attempted comprised an extremely large part of the total work involved in the examination.

The Deputy Examiner is pleased to state that, during the progress of the examination, he was able to assist the Chicago City Treasurer

in designing forms for use in the transmittal of, and accounting for of securities purchased, sold and redeemed as well as interest coupons for collection and credit, the money value of which reaches a total of many millions annually.

The magnitude of the extra work devolving upon this office as Custodian of the several pension funds can hardly be realized, but notwithstanding this fact, all the securities are being securely kept and were all accounted for, principal and interest, to the last penny.

In concluding this letter, the Deputy Examiner wishes to acknowledge his obligations to those who assisted him in the preparation of this Report.

His assistant actuaries in the work were A. S. Hansen, his regular office assistant and Donald F. Campbell, Jr., a graduate in Actuarial Science. Mr. T. L. Anderson, formerly actuary of the Illinois Insurance Division, also made an independent check on the computations of annuities in those funds of which the Deputy Examiner is the actuary.

The examiners who were associated with him throughout the major part of the time devoted to these examinations were:

E. J. Camit, Jr.	George F. Mulligan, Jr.
R. D. Jackson	F. M. McMahon
W. A. Hurlbut, Jr.	W. C. Duggan

To all of these men the Deputy Examiner is under obligations for faithful and efficient services.

To Honorable Harry W. Hansen, Superintendent of Insurance, the Deputy Examiner is indebted for many courtesies. His helpful suggestions were gratefully received and followed with advantage to the plan of work and to the preparation of this Report.

As for yourself, Mr. Director, your advice and cordial cooperation were very much appreciated and your steadfast confidence that the Report would be completed in a manner satisfactory to all concerned was a source of inspiration to the Deputy Examiner from the beginning of the undertaking.

Respectfully submitted,

(Signed) DONALD F. CAMPBELL,  
*Deputy Examiner.*

## CHICAGO TEACHERS AND SCHOOL EMPLOYEES

Until the year 1895, the pension acts in force in the State, applied exclusively to policemen and firemen.

In the year 1895 an act was passed for the benefit of Public School Teachers and Public School Employees of Chicago entitled, "AN ACT to provide for the formation and disbursement of a public school teachers' and public school employees' pension and retirement fund in cities having a population exceeding one hundred thousand inhabitants," approved May 31, 1895, in force July 1, 1895.

This Act was obligatory on all teachers and employees in the system, and in 1901 an amendment was made allowing teachers and employees to withdraw from the system by written application. Quite a number withdrew—a circumstance which caused considerable trouble as there appears to be a more or less sustained effort on the part of those who withdrew to get back into the system again. This is evidenced by the number of amendments and sections in original laws permitting their return.

In the year 1903, an Act was passed definitely separating the school teachers from the employees for pension purposes by placing the school employees under the provisions of an Act entitled "AN ACT to provide for the formation and disbursement of a public school employees' pension fund in cities having a population exceeding one hundred thousand inhabitants," approved May 15, 1903, in force July 1, 1903.

Under this Act, such sums as were paid by the school employees to the fund created under the act of 1895 were to be transferred to the employees' pension fund, which assumed payment of benefits to all employees. The act also repealed the part of the act of 1895 relating to school employees.

Originally both acts provided for deductions from salaries, donations, etc., but no public moneys. In the year 1907 an act was passed entitled, "AN ACT to provide for the contribution from interest on public school funds to the public school teachers' and the public school employees' pension and retirement funds in cities having a population exceeding one hundred thousand inhabitants," approved May 24, 1907, in force July 1, 1907.

In this year also an entirely new act was passed relating to the teachers.

In the year 1909 an entirely new act was passed relating to Chicago Teachers entitled, "An Act to establish and maintain a system of free schools," approved and in force, June 12, 1909.

References to amendments to the act of 1909 will be found in the chapter pertaining to the audit of the fund.

## **SYSTEMS COMPOSED OF A SERIES OF FLAT ANNUITIES**

A system composed of a series of flat annuities is one in which a pension of a given amount is granted upon completion of a specified number of years of service, and an additional annuity of stated amount is granted for each additional year of service until the maximum annuity is reached, the annuities not being based upon salary or age, nor does any relationship exist between annuity and length of service on the one hand and revenue on the other.

The systems on this plan are:

The Public School Teachers' Pension and Retirement Fund of Chicago.

The Public Library Employees' Pension Fund.

A short synopsis of each such plan is given hereinafter.

### **CHICAGO PUBLIC SCHOOL TEACHERS' PENSION AND RETIREMENT FUND**

In this system, any teacher who has served as a teacher in the public schools of Chicago for twenty-five years is entitled to an annuity of \$800 per year. To this amount is added an annuity of \$20 per year for each year of service in addition to twenty-five years of service until a maximum of \$1,000 per year is reached, after which, further service will not operate to increase the annuity.

Disability annuities are payable after twelve years of service. The amounts of any such annuity is that proportionate part of \$800 which the sum contributed by the teacher bears to \$850, but not less than \$300 per year.

The sources of revenue are:

From each teacher: \$10 per year for each teacher in service four years or less; \$15 per year for teachers in service eight years

or less but more than four years; \$25 per year for teachers in service twelve years or less but more than eight years; \$50 per year for teachers in service more than twelve years; and from taxation: A tax of three-tenths\* of a mill on the dollar of the assessed valuation of the city with a provision that if the tax levy does not produce an income in any year in excess of twice the amount paid by the teachers or if the disbursements of any year should exceed the income of the year, the board of education shall appropriate from the fund for general educational purposes an amount sufficient to supply such deficiency or deficiencies.

Amended in special session of 1930.

Refund of all the amounts paid by the teacher will be made if the teacher retires voluntarily or involuntarily from the service before being eligible for annuity.

Service in public schools outside of Chicago may be counted for annuity purposes provided that the teacher makes certain payments to the fund.

---

\*Note by Secretary of Pension Board: In 1921 the legislature provided a tax of  $\frac{3}{10}$  of a mill for the Public School Teachers' Pension and Retirement Fund of Chicago. In 1927 the legislature changed the basis of valuation of property in Illinois for the purposes of taxation from one-half of actual value to full actual value. At the same time the rate for the pension fund was cut to  $\frac{3}{20}$  of a mill. In the special session of 1930 this rate was raised to  $\frac{1}{4}$  of a mill.

## CHAPTER VI

### CHICAGO PUBLIC SCHOOL TEACHERS' PENSION AND RETIREMENT FUND

**Legislative References.**—Original Act: AN ACT to provide for the formation and disbursement of a public school teachers' and public school employees' pension and retirement fund in cities having a population exceeding one hundred thousand inhabitants. (Approved May 31, 1895.)

**Present Act:** AN ACT to establish and maintain a system of free schools. (Approved and in force June 12, 1909.)

#### HISTORY

As shown by the original title, this act applied at the outset to public school teachers and public school employees of Chicago. It was approved by the Governor on May 31, 1895.

In the year 1903, the public school employees were taken from under the provisions of this act and placed in a separate fund under the provisions of an act entitled, "AN ACT to provide for the formation and disbursement of a public school employees' pension fund in cities having a population exceeding one hundred thousand inhabitants," (Approved May 15, 1903).

Originally the sources of income were deductions from salaries and donations, legacies, etc., but no public funds.

At the outset the act took in all Chicago Public School Teachers. In 1901, it was amended so as to permit contributors to withdraw from participation in the fund upon written request.

In 1907 an act was passed superseding the act of 1895 as amended in 1901. In the same year another act was passed in which there was granted to the fund all interest accruing on public school funds held by the Treasurer or any other officer, and interest on all moneys derived from taxes held by the Board of Education, not however to exceed one (1%) per cent of the sums levied for educational purposes. These provisions were contained in an Act entitled, "AN ACT to provide for the contribution from interest on public school funds to the public school teachers' and public school employees' pension and retirement funds in cities having a population exceeding one hundred thousand inhabitants." (Approved May 24, 1907.)

Under the amendment of 1901, several teachers withdrew from the fund and as a result, various amendments were made in later years permitting their reinstatement. The provisions regarding such amendments are given on page 70\* under the heading "Amendments Permitting Return of Teachers Who Withdrew."

In 1909, the act of 1895 as amended was included among the provisions of an act entitled, "AN ACT to establish and maintain a system of free schools," approved and in force, June 12, 1909. This is the title under which the act is known at the present time.

In 1911, an act was passed giving the board of education the power to contribute to the pension fund a sum which taken with interest being contributed as required under the act of 1907 will make a sum equal in amount to the aggregate of the sums set apart from the salaries of the teachers for purposes of the pension fund. This power was granted under the provisions of an act entitled, "AN ACT to provide for the contribution from public moneys to the public school teachers' pension and retirement fund in cities having a population exceeding 100,000 inhabitants," approved June 5, 1911.

In 1913, this latter named act was amended so as to give the board of education the power to contribute the difference between interest as aforesaid and double the amount contributed by teachers.

In 1921, the act entitled, "AN ACT to establish and maintain a system of free schools," approved June 12, 1909, was amended as to contributions from public sources to provide from tax levies as follows:

Beginning in the year 1922, a tax of three-tenths (3/10) of a mill on the dollar on all taxable property of the city was levied for the purposes of this fund, with the further provision that if such tax levy does not produce, in any one year, an amount equal to twice the amount of the moneys deducted or contributed by the teachers for such year, or if the current income in any fiscal year be less than the current disbursements of the fund for such year, then in either or both such events the board of education shall appropriate from moneys derived from the general tax levy for educational purposes an amount sufficient to supply such deficiency or deficiencies. This appropriation is to be in addition to the regular tax levy for such year. This tax levy was changed in the Special Session of 1930.†

This act repealed the act of 1911.

### DETAILS OF EXAMINATION

This system dates from July 1, 1895, and that part of the examination dealing with the finances of the Fund covers thirty-four fiscal years, namely, from January 1, 1896, to August 31, 1929, inclusive.

All Income, Disbursements and Fund Balances as shown, were taken from the available records, such as annual reports, minute books and auxiliary records in the hands of the Assistant Secretary of the board of trustees, Miss Catherine Trout, the Auditor of the Board of Education, Mr. H. H. Brackett, the Head Clerk of the payroll division of the Board of Education, Mr. F. E. Miller, and the Chief Clerk of the City Treasurer's office, Mr. Albert J. Keefe. All of these people gave splendid cooperation to the Deputy Examiner and his assistants during the progress of the examination.

From January 1, 1911, down to and including August 31, 1929, all income and disbursements as well as all transactions concerning securities were verified and reconciled with the records of the City Treasurer who is Custodian of the Fund, and through whose hands all cash transactions pass.

All securities belonging to this Fund were examined by the State Examiners under the supervision of the Deputy Examiner and were found to be as listed in Appendix A, page 257.\*

During the examination of these securities, each and every bond was examined for unmatured coupons, and it was found that in all cases such coupons were attached or in the custody of the City Treasurer.

This examination showed that on August 31, 1929, no bonds were in default as to principal, and that interest was in default in the sum of \$675 as follows:

Village of Bradley, Ill.....	\$100.00
School District No. 147, Ill.....	200.00
Village of Hazel Crest, Ill.....	375.00
Total .....	<u>\$675.00</u>

The Cash Balance of the Fund on September 1, 1929, was found by reconciliation to May 25, 1930, to have been correct.

---

\*Appendix A is omitted from this reprint. The list of securities belonging to the fund is printed every year in the proceedings of the Pension Board for June.

Sufficient tests of the amounts deducted from salaries or otherwise contributed by the teachers were made to enable the Deputy Examiner to state that in his opinion such deductions and contributions are being made in accordance with law.

An extensive check of the amounts being paid in annuities was made and in all cases the annuities being paid were such as were authorized by the act.

The minutes of the meetings of the board of trustees for the last fiscal year of examination were examined for authorization for disbursements and were found to have been kept as required by law.

The magnitude of this system, comprising, as it does, the largest body of employees in any pension system in Chicago and the second largest in the State made a determination of the liabilities of this Fund the most important matter connected with the examination.

This work was undertaken by first making a complete card record of all teachers in the service on September 1, 1927, and all who withdrew from or entered the service between September 1, 1927, and September 1, 1929.

These cards were then checked with the records of the Board of Education for accuracy as to ages and periods of service of the teachers, and were then rearranged and grouped so as to give the years of service of teachers in the service on September 1, 1927, and again on September 1, 1929, arranged under attained ages on such dates.

From these compilations, the liabilities of the Fund were computed as of September 1, 1927, and again as of September 1, 1929, and a statement of assets and liabilities as of each such date drawn off so as to exhibit the financial trend of the Fund during such two year period.

Liabilities are listed under two heads, namely, "Liabilities on Pensioners" and "Liabilities on Teachers in Service." The amounts stated opposite such heads on each of the dates stated are the amounts on each such date that are necessary to provide the pensions or parts of pensions earned on such date, because of service rendered before such date, without having to draw on future income of the fund to provide for such pensions or parts of pensions.

### ASSETS AND LIABILITIES

The following is a Statement of Assets and Liabilities as of September 1, 1927, and September 1, 1929, on the supposition that active teachers will take pension when entitled to pension and that all remain in service unless removed by death. Mortality was measured by means of the American Experience Table of Mortality and it was assumed that all balances will earn interest at the rate of four per cent per annum.

Increase .....	\$ 3,976,366.83
Average Increase per Year over Two year Period.....	\$ 1,988,183.42

The average increase per year is obviously too high because not all teachers will accept pension when eligible. In view of this fact, I examined the data compiled on annuitants and active teachers and determined that considering withdrawals from the Fund the result would be practically equivalent to assuming that no teacher retires from service except removed by death, (deaths occurring according to the American Experience Table of Mortality) before attainment of age of 60.

This supposition was made after careful consideration and is a reasonable one in view of the fact that on September 1, 1927, the average age of annuitants was 62.5 years and on September 1, 1929, such average was 64.0 years.

Assuming that all teachers remain in the service until attainment of age 60 unless removed by death and that deaths will occur according to the American Experience Table of Mortality and that balances will earn interest at the rate of four per cent per annum, I obtained the following results as to Assets and Liabilities as of the two dates under consideration:

On this assumption the Balance sheets would be:

**ASSETS, SEPTEMBER 1, 1927**

As Already Stated.....\$ 5,010,391.85

**LIABILITIES, SEPTEMBER 1, 1927**

Liabilities on Pensioners.....\$ 6,526,088.71

Liabilities on Teachers in Service..... 33,416,476.90

Total Liabilities .....\$39,942,565.61

Excess of Liabilities over Assets.....\$34,932,173.76

**ASSETS, SEPTEMBER 1, 1929**

As Already Stated.....\$ 6,010,244.22

**LIABILITIES, SEPTEMBER 1, 1929**

Liabilities on Pensioners.....\$ 8,502,307.91

Liabilities on Teachers in Service..... 35,359,645.81

Total Liabilities .....\$43,861,953.72

Excess of Liabilities over Assets.....\$37,851,709.50

**INCREASE IN EXCESS OF LIABILITIES FROM 9-1-27 TO 9-1-29**

Excess of Liabilities on 9-1-29.....\$37,851,709.50

Excess of Liabilities on 9-1-27..... 34,932,173.76

Increase .....\$ 2,919,535.74

Average Increase per Year over Two Year Period.....\$ 1,459,767.87

The increase of \$1,988,183.42 given hereinbefore gives the amount on the supposition stated which is not being supplied by current income and the increase of \$1,459,767.87 given hereinbefore gives the amount on the supposition stated which is not being supplied by current income. From present experience the smaller of the two figures given may be expected to measure the actual amount required in addition to present income to prevent the Fund from going further behind each year. If teachers retire earlier than the present experience indicated, this amount will increase. Such increase, however, will not be larger than the larger figure quoted in this paragraph.

On the basis that withdrawals take place at age 60 as stated hereinbefore, I computed the amounts necessary to be contributed each year to pay for benefits accruing because of service rendered each year in the future and found the amount to be \$1,059,052.17 per year.

This will be the amount necessary to provide for current service only. In addition there was on September 1, 1929, a liability of \$43,861,953.72 on the lower basis of calculation, with assets of \$6,010,244.22 or a net deficiency of \$37,851,709.50. In order to keep this deficiency at its present amount, interest on such deficiency must be paid at the rate of four per cent per annum. The yearly amount to be required will therefore be:

Contributions for Current Service.....	\$ 1,059,052.17
Interest on Net Deficiency.....	1,514,068.36
<b>Total amount required.....</b>	<b>\$ 2,573,120.53</b>

That annual contributions of \$2,573,120.53 will be required in the future to keep the deficiency at its present level is shown roughly from an investigation of the actual operation of the fund for the two year period under observation:

Liabilities on Teachers in Service 9-1-29.....	\$35,359,645.81
Liabilities on Teachers in Service 9-1-27.....	33,416,476.90
Teachers Increase .....	\$ 1,943,168.91
Liabilities on Pensioners 9-1-29.....	\$ 8,502,307.91
Liabilities on Pensioners 9-1-27.....	6,526,088.71
Increase .....	\$ 1,976,219.00

### LIABILITIES AND PENSION PAYMENTS

Increase of Liabilities on Active Teachers.....	\$ 1,943,168.91
Increase of Liabilities on Pensioners.....	1,976,219.00
Pensions paid 1927-1928.....	853,595.33
Pensions paid 1928-1929.....	941,574.64
Total .....	\$ 5,714,558.08
Average per year.....	\$ 2,857,279.04
Interest Credit of 4% on Present Assets.....	240,409.77
Balance, Annual Requirement.....	\$ 2,616,869.27

The only item that can be open to discussion in the above exhibit is the one entitled "Increase of Liabilities on Active Teachers." This item may be greater or may be less than the amount stated depending upon the rapidity with which the teachers accept pension after being eligible for pension but any increase or decrease in such item will be small compared with the figures in the Exhibit. This total is within \$44,000 per year of the total stated immediately above on the same page.

From the foregoing investigation, the Deputy Examiner finds that in order to hold the deficiency on September 1, 1929, level on such date, the amount of \$2,575,000 must be contributed to this Fund each year. Of this amount around \$450,000 per year will be contributed by the teachers on the basis of present number of teachers, deductions and contributions of teachers. This leaves \$2,125,000 per year to be provided from other sources, such sources not including interest on securities owned by the Fund as of September 1, 1929.

This is the amount necessary to be added to present income in order to keep the liabilities as of September 1, 1929, from increasing beyond those of such date. If these liabilities are to be amortized over a period of forty years, the cost of such amortization would be \$398,500 per year for forty years.

This yields the following results:

The amounts necessary to pay pensions in the future on the basis of present pension scale and present number of teachers, without amortization of liabilities of September 1, 1929, are \$2,125,000 per year, equivalent to approximately six-tenths of a mill on the dollar of the taxable valuation of the City for the year 1928.

If the liabilities as of September 1, 1929, are to be amortized over a period of forty years, also, the amount required each year

will be \$2,523,500, equivalent to practically seven-tenths of a mill on the dollar of the assessed valuation of the City for the year 1928.

If to those payments, the amounts necessary to be paid by the board of education under the Compulsory and Voluntary Teachers' act, be added, the totals of payments to both such systems will be equivalent to a tax levy of nine-tenths of a mill on the dollar of the taxable valuation of the City if the deficiency be not amortized, or of one mill on the dollar of the taxable valuation of the City if the deficiency on September 1, 1929, be amortized over a period of forty years.

On September 1, 1929, there were 13,254 teachers in active service and 1,298 pensioners, and pension payments were running at the rate of \$982,684.58 per year.

Respectfully submitted,

(Signed) DONALD F. CAMPBELL,  
Deputy Examiner.

#### **SYSTEMS FINANCED FROM CURRENT PAY ROLL**

Such systems in this State are merely retirement allowances paid from current funds in the same manner as salaries are being paid. They are:

The system created by the Voluntary and Compulsory Act referring to Chicago Teachers.

The Judges' Pension System.

## ACT PROVIDING FOR COMPULSORY AND VOLUNTARY RETIREMENT OF TEACHERS OF CHICAGO

**Legislative Reference.**—AN ACT to provide for the compulsory and voluntary retirement of teachers, principals, district superintendents, and assistant superintendents, and the payment of retirement annuities. (Approved May 19, 1926; title as amended by act approved June 24, 1927.)

### HISTORY

The law was enacted in 1925. The bill originated in the House of Representatives and was amended in the Senate. The Conference Committee recommended to the Senate that it recede from its amendments and the Senate followed the recommendation. No report, however, was made to the House of Representatives. Because of the question of constitutionality, the bill was not approved by the Governor until May 19, 1926.

The act applied originally only to compulsory retirement in accordance with the following provisions:

In 1926, all seventy-five years or over shall be retired.

In 1927, all seventy-four years or over shall be retired.

In 1928, all seventy-three years or over shall be retired.

In 1929, all seventy-two years or over shall be retired.

In 1930, all seventy years or over shall be retired.

In the year 1927, the act was amended in title and text to provide for voluntary retirement between ages of 65 and 69 inclusive, or for retirement between such ages upon incapacity for service.

### BENEFICIARIES

All teachers, principals, district superintendents, and assistant superintendents in the public schools of any city having a population exceeding 250,000 inhabitants.

### BOARD OF TRUSTEES

The Board of Education makes payments direct from payroll.

## DEDUCTIONS FROM SALARIES

There are no deductions from salaries for purposes of this act.

## SOURCES OF INCOME

The source of income is current funds for educational purposes.

## CONDITIONS FOR RETIREMENT ALLOWANCES

The conditions for retirement allowances are:

For Compulsory Retirement at age 70.—Twenty or more years of service in the public schools of the city.

For Voluntary Retirement, or for Compulsory Retirement because of incapacity before attainment of age 70.—Twenty-five or more years of service in the public schools of the United States, the last fifteen of which were spent in service in the public schools of the city.

## AMOUNTS OF RETIREMENT ALLOWANCES

If retirement occurs at the age stated, the amount of yearly allowance is the amount stated: Age 65, \$1,000; Age 66, \$1,100; Age 67, \$1,200; Age 68, \$1,300; Age 69, \$1,400; Age 70, \$1,500.

## ALLOWANCES INDEPENDENT OF ANNUITIES

The amounts paid under this act are in addition to amounts paid in annuities under the Act regulating the Chicago Public School Teachers' Pension and Retirement Fund.

---

## DETAIL OF SURVEY

This system is supported entirely by public moneys devoted to educational purposes and all disbursements for purposes of this act are made directly by the board of education.

On October 31, 1929, almost exactly three years after the act came into effect, there were two hundred and fifty-one persons drawing allowances under this act. The total payments being made on

such date were \$33,600 per month of ten months in the year, or at the rate of \$336,000 per year.

The average allowance for each participant on such date was \$1,338.65 per year.

A survey of the Chicago Public School Teachers' Pension and Retirement Fund, which fund includes practically all the public school teachers of Chicago and therefore practically all persons looking forward to allowances under this act, revealed the fact that but two teachers remained in the pension fund who were over age 70 and that they retired almost immediately after October 31, 1929.

No search of the records of the board of education was made to see if any of the teachers not in the Chicago Public School Teachers' Pension and Retirement Fund were over age 70 and still in service.

According to the records of the Board of Education, supplemented by those of the Chicago Public School Teachers' Pension and Retirement Fund, all persons drawing retirement allowances under this act were eligible for such allowances, and the amounts being paid to such persons are in accordance with the provisions of this act.

A survey of the records of the Chicago Public School Teachers' Pension and Retirement Fund discloses that during the five year period beginning on October 31, 1929, two hundred and sixty-four persons will attain age 70 or over and must be retired if not overtaken by death, and that five hundred and ninety-one will be between ages 65 and 70 and will therefore be eligible for retirement, if alive. These, with the two hundred and fifty-one persons receiving allowances on October 31, 1929, make a total of one thousand one hundred and six persons in all who will be eligible for retirement within the five year period, if alive.

According to the American Experience Table of Mortality, some nine hundred of these will be alive and eligible for retirement allowance on October 31, 1934. Taking the average allowance of October 31, 1929, as the average allowance of October 31, 1934, there is a possibility therefore that on October 31, 1934, the amounts being paid in retirement allowances under this act will be in excess of \$1,200,000 per year.

(Signed) DONALD F. CAMPBELL,  
*Deputy Examiner.*

## CHAPTER XXIII

### SYNOPSIS OF EXAMINATIONS WITH RECOMMENDATIONS

The letter of transmittal to the Director of Trade and Commerce contains the following paragraph:

“The laws pertaining to pension systems for public employees of political subdivisions of this State, make 190 systems for such employees mandatory. There are now 79 systems for such employees in operation. Of the remaining 111 instances, reports from the several cities showed that in 108 cases the law was not being obeyed. In some three cases, several letters failed to bring any response.

In the 79 systems in operation, the number of employees in active service at the close of the periods under examinations totaled 74,730; the number of pensioners, 10,998; the total of the amounts being paid in pensions and retirement allowances was running at a figure in excess of \$7,150,000 per year; and the combined assets of the several systems exceeded \$54,500,000.”

The instances in which the laws were not being obeyed were entirely in cities of 5,000 or over but less than 200,000 of population and applied to the police and fire services of such cities.

The attention of those cities that do not have both such funds is called to a decision of the Supreme Court of Illinois of September, 1915, the reference being 274 Ill. 380.

The acts regulating the systems in operation are sixteen in number. Of these, thirteen apply to single groups of employees, while three are general, applying to more than one group. The general acts are:

1. Act regulating policemen's pension systems in cities of 5,000 or over and less than 200,000 of population.
2. Act regulating firemen's pension system in cities of 5,000 or over and less than 200,000 of population.
3. Act pertaining to pensioning of Judges.

The specific acts referring to the remaining thirteen systems, are listed by popular title below, arranged in order of number of employees involved in the system. Two are bracketed because the employees involved in each are practically identical:

1. Illinois State Teachers' Pension and Retirement Fund.
2. Chicago Public School Teachers' Pension and Retirement Fund.
3. Compulsory and Voluntary Act applicable to Chicago Teachers.
4. Municipal Employees' Annuity and Benefit Fund of Chicago.
5. Chicago Policemen's Annuity and Benefit Fund.
6. Park Employees' Annuity and Benefit Fund of Chicago.
7. Chicago Firemen's Pension Fund.
8. County Employees' Annuity and Benefit Fund of Cook County.
9. Park Policemen's Annuity and Benefit Fund of Chicago.
10. Library Employee's Pension Fund of Chicago.
11. Peoria Public School Teachers' Pension and Retirement Fund.
12. State Institutions Teachers' Pension and Retirement Fund.
13. House of Correction Pension Fund of Chicago.

In what follows will be given a brief statement concerning conclusions drawn from an examination of each of the Funds examined, together with recommendations regarding future legislation.

In all but the five acts regulating Funds on what is called in this Report the "Allocation-Reserve basis," the plans differ widely in amounts of pension payable; in the requirements as to service for pension; in the ages at which pension may begin; and in the deductions from salaries for pension purposes. The recommendations herein are made with a view to effecting uniformity in the provisions of the several systems, due regard being given to the character of the service involved in each.

In all five systems on the Allocation-Reserve basis, the plans for determining the amounts of pension payable are uniform considering the character of the service rendered by the group of employees involved. In all such systems, annuities arising because of current service are derived by accumulating at interest amounts equal to stated percentages of salary deducted, and sums contributed while the service is being rendered, and using the sum thus accumulated to provide an annuity for the employee concerned. The amount of such annuity is determined from the accumulated sum by measuring the probable after lifetime of the employee by means of a specified Table of Mortality and assuming that all balances will earn interest at the rate of four per cent per annum. The amount of annuity thus determined is paid throughout the entire after life time of the employee.

Under such a plan no opportunity is given to the employee to retire on full annuity at an early age. If the employee should retire at an early age, the sum accumulated to his credit would be small and his probable after life time long, and consequently the annuity payable would be small. The large pensions could be obtained only by those who give a life time to the service.

The recommendations herein are made with the view to having all funds arranged on the Allocation-Reserve basis and when the expression "properly arranged" is used, the Deputy Examiner means that in his opinion the Fund should be arranged on the Allocation-Reserve basis.

### **CHICAGO PUBLIC SCHOOL TEACHERS' AND RETIREMENT FUND**

On August 31, 1929, this system included 13,254 employees; 1927\* pensioners; and the pension roll was running at the rate of \$982,685 per year.

In number of employees involved, this system comprises the second largest in the State.

In extent of finances involved, this System taken with the Voluntary and Compulsory Retirement System, which forms a natural part of it although operating under a separate act, is the second largest in the State.

The plan of pensioning in this System does not involve salary or age, but only length of service. A teacher is entitled to a pension of \$800 per year after twenty-five years of service and an additional pension of \$20 per year for each year of service in addition to twenty-five years of service until a limit of \$1,000 per year in pension is reached. After that, additional service will not operate to increase the pension in this Pension System, but upon attainment of age of 65, the teacher will, in addition to the pension, be entitled to a retirement allowance of \$1,000 per year under the Voluntary and Compulsory Act, and this allowance will be advanced \$100 for each year of service after attainment of age 65, thus reaching \$1,500 per year upon attainment of age 70. Upon attainment of age 70, retirement is compulsory.

The two acts considered together thus give the teacher who retires from service upon attainment of age 65, a pension and re-

\*Misprint; should be 1,298.

tirement allowance combined of \$2,000 per year, and upon retirement at age 70, a pension and retirement allowance combined of \$2,500 per year.

The salaries of the great majority of teachers in this group reach a maximum of \$2,500 per year, so that at age 65, such a teacher may retire on a pension and retirement allowance equal to 80 per cent of salary, and at age 70, on a pension and retirement allowance equal to salary.

Such pension and allowance combined at age 65 or at age 70 is closely in line with the pensions being paid in systems on the Allocation-Reserve basis, considering the fact that in the great majority of cases, the teacher upon attainment of age 70 shall have given over fifty years to preparation and active service.

These plans are criticized in the following particulars:

Outside of a small tax levy for the Chicago Public School Teachers' Pension and Retirement System, both systems are financed by payments made to the board of education for educational purposes.

This will in a few years seriously conflict with any budget which may be prepared by the board of education.

The deductions from salaries for pension purposes are very much lower than those required in the Municipal and Cook County services although the salaries are higher on the average.

In this system the deductions from salaries in order to obtain the maximum pension is \$1,350. In the Municipal and Cook County systems deductions for such purposes on the basis of \$2,500 of salary would be approximately \$2,850.

The system is badly arranged in that a teacher who retires on pension after twenty-five years of service receives very much more in pension than the proportionate part of the annuity which a teacher would receive who retires on pension after thirty-five years of service. Also, in that the pension of the teacher does not increase by reason of service after thirty-five years of service and before attainment of age 65.

It is recommended that the Voluntary and Compulsory system be consolidated with the Chicago Public School Teachers' Pension and Retirement System; that deductions from salaries be made to conform to those in the Municipal and Cook County services; that the consolidated system be properly arranged; and that the system be financed by direct taxation and not in any way from appropriations made to the board of education for educational purposes.

## REPORT OF COMMITTEE ON PENSION LAW AND RULES

Miss Mayhew, Chairman of the Committee on Pension Law and Rules, presented the following reports of the Committee:

(1345)

### Amendments to Pension Law Recommended

The Committee on Pension Law and Rules reports that it has carefully considered the question of amending the pension law and recommends that the attorney for the Pension Board, Mr. I. T. Greenacre, be requested to draft a bill in accordance with the following provisions:

- (a) Change the tax rate from  $\frac{1}{4}$  mill to  $\frac{1}{2}$  mill on the dollar of assessed valuation of property in Chicago, and release the Board of Education from making up the deficiency when the tax money collected in any year is less than double the deductions from salary.
- (b) Increase the deductions from teachers' salaries and make the deductions in the different groups at a more nearly equal rate, as follows:

Period of Service	Present Rate	Proposed Plan
1st 4 years .....	\$10.00	\$45.00
Next 4 years .....	15.00	60.00
Next 4 years .....	25.00	75.00
After 12 years.....	50.00	100.00

- (c) Require teachers coming into the service to make payments for their outside time.
- (d) Rearrange the schedule for disability pension by keeping the present minimum of \$300 for 12 years of service and by increasing that amount by \$38 for each year of service beyond 12 years up to 25 years.
- (e) Arrange the payments due the Fund from teachers retiring on pension so that payment for service rendered after the amendment becomes law will be under the new scale of deductions, and payment for service rendered before it becomes law will be under the present scale of deductions, with the provision that for teachers with more than 35 years of service, only the last 35 years of service shall be considered in calculating these payments.

The Committee further recommends that the Recording Secretary be instructed to notify the contributors of this contemplated amendment.

## REPORT OF COMMITTEE ON PENSION LAW AND RULES

Miss Mayhew, Chairman of the Committee on Pension Law and Rules, presented the following reports of the Committee:

(1346)

### Pension Bill Approved

The Committee on Pension Law and Rules reports that in accordance with the direction of the Pension Board at its meeting on April 17, 1931, the attorney for the Pension Board, Mr. I. T. Greenacre, has drafted a Pension Bill (presented herewith) for introduction into the Legislature now in session at Springfield, which Bill contains the following provisions:

The deductions from teachers' salaries are increased according to the following schedule:

Period of Service	Annual Rate	
	Present Rate	Proposed Rate
1st 4 years.....	\$10.00	\$45.00
Next 4 years.....	15.00	60.00
Next 4 years.....	25.00	75.00
After 12 years.....	50.00	100.00

This will make the total deductions in 25 years \$2,020, and in 35 years, \$3,020.

The tax rate for the Pension Fund is increased from  $\frac{1}{4}$  of a mill to  $\frac{1}{2}$  of a mill on the dollar of assessed valuation of property in Chicago for 1932 and 1933; and beginning with 1934 the rate will be increased to  $\frac{3}{4}$  of a mill. In consideration of this increased tax rate, the Board of Education is released from making up the deficiency caused by the failure of the money received from taxes to equal twice the deductions from teachers' salaries. In future the Board will make up the deficiency only if the tax rate fails to equal the deductions; and the Board is released from the payments due the Pension Fund, but unpaid, for the years 1928 to 1931, both inclusive. Three of these payments are already due, and the fourth would be due in 1932.

Teachers must pay for their outside time within five years, instead of paying if and when they take a pension. Only ten years of outside service may be counted for pension.

Teachers who leave the service before completing 25 years of service may receive a refund of four-fifths of all money they have contributed to the fund. Four-fifths of the amount contributed may be paid to the estates of deceased teachers.

Teachers who are retired by the Board of Education under the Compulsory Retirement Law with less than 25 years of service shall receive as pension such part of \$800 as their time of service bears to 25 years.

Other changes are administrative, necessary for the enforcement of the law, or to clarify the language of the law.

The Committee recommends that these amendments be approved by the Pension Board; that steps be taken to have the Bill as drafted introduced in the Legislature; that the Superintendent of Schools be requested to grant leave of absence to the President of the Pension Board, Miss Mary E. Dutton, and to Miss Mary B. Livingston, and Mr. Henry G. Gellen, in order that they may attend sessions of the Legislature and its Committees to further the passage of the Bill; and that the Bill as drafted be printed in the proceedings.

The Committee further recommends that the Recording Secretary be instructed to notify the teachers when the Bill is introduced and to keep them informed as to its progress through the Legislature.

**A BILL**

For an Act to amend an Act entitled "An Act to establish and maintain a system of free schools" approved June 12, 1909, as amended, by amending Sections 154, 155, (as said Section 155 is in the Act approved June 21, 1923, and as said Section 155 is in the Act approved June 27, 1923) 156, 157, 158, 161, 165, and 189½ of said Act, and by adding to said Act a new Section to be known as Section 155a of said Act.

*Be it enacted by the people of the State of Illinois, represented in the General Assembly:*

SECTION 1. That an Act entitled "An Act to establish and maintain a system of free schools," approved June 12, 1909, as amended, be and it is, hereby amended by amending Sections 154, 155, (as said Section 155 is in the Act approved June 21, 1923, and as said Section 155 is in the Act approved June 27, 1923,) 156, 157, 158, 161, 165, and 189½ of said Act, and by adding a new Section to be known as Section 155a of said Act, so that said amended sections and said new section shall be and read, respectively as follows:

SEC. 154. The public school teachers' pension and retirement fund of such city shall consist of moneys paid into said fund by persons desiring the benefits thereof, under the provisions of this Act; of moneys received from donations, legacies, gifts, bequests or otherwise on account of said fund, and of moneys paid into said fund in pursuance of any law now in force or hereafter to be enacted, and also all taxes collected for said fund pursuant to the levy herein (or hereafter) authorized, and moneys from any legal source or increment. For the purpose of providing revenue for such pension fund the board of education of such city shall annually demand and direct and the city council of such city shall upon such demand and under such direction annually levy a tax, *which in each of the two years 1932 and 1933 shall be one-half (1/2) of a mill on the dollar of assessed valuation of all taxable property on all taxable property in such city, and which in the year 1934 and annually thereafter shall be three-fourths (3/4) of a mill on the dollar of the assessed valuation of all taxable property on all taxable property in such city.* Said tax shall be known as public school teachers' pension and retirement fund tax. Such tax shall be levied and collected in like manner with other general taxes for school or educational purposes of such city and shall be in addition to the maximum of all other taxes which such city (either with or without such demand or direction) is now or hereafter may be authorized by statute to levy upon the aggregate valuation of all taxable property within such city.

*In consideration of the levy of the tax at the three-fourths (3/4)*

*of a mill rate last above mentioned and the payment to said pension fund of the moneys collected therefrom, the school district and board of education of such city shall stand released from the further payment by it of all due and unpaid balances of past liabilities to said pension fund heretofore incurred during the year 1931 and prior years as charges against the moneys derived from the general tax for educational purposes for those years and to have been contributed therefrom to said pension fund; but shall not be so released from the payment to said pension fund of moneys collected from public school teachers' pension and retirement fund tax nor from the payments provided for in Section 165 of this Act as now amended.*

The county clerk in reducing taxes levied as and when so required to do by the provisions of Section 2 of an Act entitled, "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider the tax herein authorized as a part of the tax levy of such city required to be included in the aggregate of all taxes to be reduced, and no reduction of any tax levy made under the provisions of said last mentioned Act shall diminish the amount appropriated or levied for said public school teachers' pension and retirement fund tax; said tax, when collected, shall be paid into the public school teachers' pension and retirement fund as a part thereof.

SEC. 155. Any person who at the time this Act (as now amended) shall take effect is a contributor to said pension fund and any person who shall thereafter be employed to teach in the public schools of any such city and any other person who becomes a contributor pursuant to the provisions of this Act, shall be entitled to the benefits of said fund upon complying with the provisions of this Act and for the purposes of this Act such persons shall be divided into the following groups according to the number of years of service within the meaning of this Act:

First: Those who have taught four years or less.

Second: Those who have taught more than four years and not more than eight years.

Third: Those who have taught more than eight years and not more than twelve years.

Fourth: Those who have taught more than twelve years.

After this Act (*as now amended*) shall take effect, there shall be set apart from the *salary of each* of all persons heretofore described in this section *four dollars fifty cents (\$4.50)* per month for each month of service while *such person remains* in the first group; *six dollars (\$6.00)* per month for each month of service while *such person remains* in the second group; *seven dollars fifty cents (\$7.50)* per month for each month of service while *such person remains* in the third group; and *ten dollars (\$10.00)* per month for each month of service while *such person remains* in the fourth group, which amounts shall be deducted by the board of education in equal installments from their respective salaries at the regular times for the payment thereof, and be paid into

and constitute a part of the public school teachers' pension and retirement fund of such city.

The board of trustees in any such city created or existing under the provisions of this Act, shall succeed to the administration of any like fund established under any law now or heretofore in force in this State, and such board is hereby given the power to use both the principal and income of all funds for the payment of the pensions or annuities in this Act provided for, and shall have power to increase or reduce from time to time all pensions or annuities, provided such increases or reductions shall be at the same rate on all classes, and provided that the full service annuity paid for 25 years of service shall not exceed \$800 and no annuity in excess of \$1,000 shall be paid. And further provided, that all reductions shall in the judgment of said board of trustees be rendered necessary by the condition of said fund.

All teachers, who have taught in public schools of the United States outside of said city, or rendered service therein, upon entering the service of the said board of education for the first time shall within one year after assignment submit to the board of trustees of said pension fund evidence attesting and proving such service, and *when approved by said board of trustees*, such evidence shall be the basis for placing such teachers in the proper group of the groups provided in this section. No teacher entering the service of said board of education for the first time after this Act (as now amended) shall take effect, whose evidence of service outside of said city shall not have been submitted and approved within a year after date of first assignment, shall be entitled to count such service outside of said city as a part of the period of service required for an annuity or pension as hereinafter specified.

Any public school teacher who has heretofore retired from service and is entitled to a pension or annuity from a like fund, created under any law now or heretofore in force, to the administration of which fund such board of trustees has succeeded, or is a recipient of a pension or annuity thereunder, shall henceforth be entitled to receive a graduating pension or annuity ranging from four-fifths to five-fifths of the full annuity or pension paid for twenty-five years' service under the provisions of this Act, dependent upon time of service as public school teachers, under uniform schedules to be provided by rules of said board of trustees; provided that if any such teacher had, at the time of retirement, taught in the public schools of the United States or rendered service therein for a period of from 26 to 35 years, within the meaning of this Act, he or she shall henceforth be entitled to receive the full service annuity paid for 25 years of service as herein provided, and for each such full year of service rendered in excess of 25 years, an additional annuity as provided in Section 158 of this Act.

In computing any term of service herein required by teachers coming under the pension provisions of this Act, time spent in the military service of the United States during the pension period shall stand in lieu of a like number of years of teaching service in the public schools of such city, if the person desiring such credit for his military service shall pay into the treasury such amount of money as would have been

due from him had he actually been in such teaching service during such time.

SEC. 155a. *Each teacher who has taught in public schools of the United States outside of said city, upon entering the service of said board of education after this Act (as now amended) shall take effect, shall, for each year of service outside said city approved by said board of trustees, pay into said pension fund within five years after date of first assignment in said city, an amount equal to what would be deducted from the salary of such person for a like period at the rates provided in this section (as now amended) if such service were in the public schools of said city. Each teacher in the service of said board of education at the time this Act (as now amended) shall take effect, shall, for each year of service outside said city approved by said board of trustees, pay into said pension fund within five years after this Act (as now amended) shall take effect, an amount equal to what would have been deducted from the salary of such person for a like period at the rates heretofore in force and effect if such service had been in the public schools of said city; provided that payment shall be required for not more than ten years of service outside of said city, and that said payment may be made in installments in such manner as the board of trustees shall by by-laws provide.*

SEC. 156. *Any teacher now or heretofore employed by the board of education of any such city who is not now a contributor to said pension and retirement fund but who hereafter shall become a contributor and beneficiary of the public school teachers' pension and retirement fund, of such city under Section 156a of this Act, may count past service as a part of the period of twenty-five years hereinafter specified and become entitled to the benefit of such past service, by paying into said fund a sum equal to that which he or she would have contributed under the provisions of this Act, had he or she been a regular contributor to said fund during said period of past service, together with interest thereon at the rate of four per cent per annum from the time such payments would have been made and an additional sum equal to the amount of appropriation by the board of education withheld from payment into the pension fund because he or she was not a contributor during said period, together with interest thereon at four per cent per annum as aforesaid, and what, if any, other sum may be necessary to indemnify said fund against any loss it may have sustained by reason of receiving less public contribution than it would have received if such teacher had been a regular contributor during such period.*

SECTION 157. Such board of trustees shall have the power, and it shall be its duty, to pass a resolution declaring the maturity of *active* service and right to the immediate benefits of said fund in favor of persons entitled to the benefits thereof, in the following cases:

(a) When any contributor to the said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of twenty-five years, within the meaning of this Act, and shall have contributed the *said* pension fund the aggregate sum *to be ascertained and determined as hereafter provided in this section.*

(b) When any contributor to said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of from 26 to 35 years, within the meaning of this Act, and shall have contributed to said pension fund the aggregate sum *to be ascertained and determined as hereafter provided in this section.*

(c) When any contributor to said fund shall have taught 12 years or more, *but less than twenty-five (25) years* in the public schools of the United States, within the meaning of this Act, and shall have been declared by three competent physicians who have made a physical examination of the teacher, at the request of a majority of such board of trustees, to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching; and when such teacher shall have *contributed to said pension fund the aggregate sum to be ascertained and determined as hereafter provided in this section.*

(d) *When any contributor to said fund is retired from active service by the board of education of such city because of having attained an age requiring such retirement pursuant to any law of this State now or hereafter in force, and has at the date of such compulsory retirement less than twenty-five years of active service within the meaning of this Act; and shall have contributed to said pension fund the aggregate sum to be ascertained and determined as hereafter provided in this section.*

*The aggregate sum hereinbefore required to have been contributed by, or deducted from the salary of, any person otherwise entitled to a pension under this Act (as now amended) shall be computed as follows: (1) For any such person's service allowed and credited for pension purposes which has been rendered prior to the taking effect of this Act as now amended, compute the total of such required contributions or deductions at the rates as provided by this Act as it was immediately before the taking effect of this Act as now amended. (2) For any such person's service allowed and credited for pension purposes which has been rendered on or since the day on which this Act as now amended takes effect compute the total of such required contributions or deductions at the rates as provided by this Act as now amended. (3) Where any such person's such service has been rendered partly before and partly after such taking effect of this Act as now amended add both above totals.*

Said board of trustees shall not declare any person entitled to the immediate benefits of said fund until he or she shall have taught in the public schools of such city three-fifths of the term of service for which annuity is granted; said three-fifths service in said city must be the last service rendered prior to his or her retirement on a pension; *and, provided further, that in computing the years of service for which annuity is granted not more than ten years of service outside said city may be allowed to any applicant; and no person shall be entitled to the benefits of said fund until his or her employment as a teacher in the active service of such board of education shall have been terminated.*

It shall be unlawful for the said board of trustees to grant or to

continue to pay an annuity or pension under this Act to any person on account of service as teacher rendered in the public schools of the United States, within the meaning of this Act, if any portion of such service as teacher has been, or shall be, counted in the total period of service for which such person is paid, or shall be paid, an annuity or pension, paid by some other public pensioning body, in addition to the annuity or pension paid under this Act; *provided that any benefit paid or payable by any other public pensioning body only after the death of such teacher shall not be considered as a pension or annuity within the meaning of this section; and provided further that any teacher may receive in addition to the pension under this Act any compensation or annuity provided to be paid by the board of education of such city after retirement from active service under any compulsory and voluntary retirement law now or hereafter in force.*

SEC. 158. *Persons entitled to and becoming beneficiaries of said pension fund as provided in Section 157 of this Act shall be entitled to receive pension as follows:*

(a) Each teacher so retired or retiring after twenty-five years of service within the meaning of this Act, shall thereafter be entitled to receive the full service annuity as fixed and paid by said board of trustees for 25 years of service, such full service annuity not to exceed \$800.

(b) And each teacher so retired or retiring after 26 or more years of service, within the meaning of this Act, shall be entitled to receive the full service annuity paid for 25 years of service as herein provided, and in addition thereto for each full year of service in excess of 25 years an additional annuity or pension of twenty dollars (\$20), provided that no annuity or pension shall exceed one thousand dollars (\$1,000) and provided that in computing the time of service in excess of 25 years no additional annuity or pension shall be paid for any fractional part of a year, nor for a longer period than 10 years in excess of 25 years.

(c) Each teacher so retired or retiring because of permanent disability after twelve years of service shall receive as an annuity or pension *three hundred dollars (\$300), and for each year of service in excess of twelve years an additional annuity of thirty-eight dollars (\$38.00)*

(d) *And each teacher with less than twenty-five years of service within the meaning of this Act so retired or retiring because of having attained an age requiring such retirement shall receive as pension such proportion of the full pension paid for twenty-five years of active service, as the time of such service of such contributor bears to twenty-five years.*

Said pensions and annuities shall be paid monthly during the school year by said board of trustees out of the fund created in accordance with the provisions of this Act in the manner provided by law for the payment of teachers' salaries.

*In case any person who is receiving a pension or annuity from*

*such fund shall be re-employed as a teacher by the board of education of such city, pension payments to such person shall cease when the re-employment begins and said person shall again become a contributor to such pension fund. If said person again retires on pension the time of service and the money contributed by such person after his or her re-employment shall be added to the time and money previously credited.*

SEC. 161. No teacher or principal who has been or shall be appointed by said board of education shall (after serving the probationary period of three years specified in Section 138 of this Act) be removed except for cause, and then only by a vote of not less than a majority of all members of the board, upon written charges presented by the superintendent of schools, to be heard by the board, or a duly authorized committee of the same, after thirty days' notice with copy of the charges, is served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. At the request of any party such hearing shall be public. The action and decision of the board in the matter shall be final. Pending the hearing of such charges, the person charged may be suspended as by the rules of the board may be prescribed: Provided, however, that in the event of acquittal, such person shall not suffer any loss of salary by reason of this suspension.

If at any time, prior to the completion of 25 years of *active* service, within the meaning of this Act, any member of the *active* teaching force who is willing to continue in *said* service of said board of education is removed from said service as provided in this section; or if at any time, prior to the completion of 25 years of *said* service, within the meaning of this Act, any member of the *active* teaching force retires voluntarily from the said service, then in either such case such member shall, upon application to said board of trustees *within five years from the date of the last active teaching service in the employ of said board of education*, be paid back as a refund *four-fifths* of all the money he or she may have contributed to said fund *not including any former refund*.

*In case any person who has received a refund under the provisions of this section of this Act shall be re-employed by said board of education then said person shall repay to said pension fund the amount of money he or she received as such refund together with interest on the same at four per cent per annum from the time such refund was received by such person.*

*If any contributor to said fund dies while in the active service of said board of education as a teacher, or within five years after such person's last such service, and had not thereafter received a pension or annuity from said fund, then in either such case the executor or administrator of the estate of said contributor or former contributor (as the case may be), shall, upon application to said board of trustees, be paid four-fifths of all the money said contributor may have contributed to said fund, not including any former refund.*

SEC. 165. If the moneys collected and paid into such public school teachers' pension and retirement fund from taxes levied for the purpose of providing revenue for such pension fund in any current fiscal year shall not equal the amount of the moneys deducted or contributed from teachers' salaries for such fund for such year; or should the current income of such pension fund in any fiscal year ever be less than the current disbursements of such fund for such year, then in either or both of such events, such board of education shall the next year in addition to demanding and directing the annual tax levy hereinbefore provided for, set apart and appropriate from moneys derived or to be derived from the general tax levy for educational purposes an amount of money sufficient to supply such deficiency or deficiencies, as the case may be, and promptly pay such sum of money into such fund for such purpose and to restore what, if any, of the reserve of such pension fund may have been necessarily temporarily used in the meantime.

SEC. 189½. The city council of any city in this State having a population exceeding 500,000 inhabitants and having a public school teachers' pension and retirement fund shall upon the demand and under the direction of the board of education annually levy for the purpose of providing revenue for such pension fund, a tax *which in each of the two years 1932 and 1933 shall be one-half (1/2) of a mill on each dollar of the assessed valuation of all taxable property on all taxable property within such city, and which in the year 1934 and annually thereafter shall be three-fourths (3/4) of a mill on each dollar of the assessed valuation of all taxable property on all taxable property within such city.* Said tax shall be known as public school teachers' pension and retirement fund tax. Said tax shall be in addition to the maximum of all other taxes which such board of education or city is now, or may hereafter be, authorized by statute to levy upon the aggregate valuation of all taxable property within such city; and the county clerk in reducing taxes levied as and when required so to do under the provisions of an Act entitled "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider said public school teachers' pension and retirement fund tax as a part of the tax levy of such city required to be included in the aggregate of all taxes to be reduced, and no reduction of any tax levy made under the provisions of said last mentioned Act shall diminish the amount appropriated or levied for said public school teachers' pension and retirement fund tax.

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. Today, May 28, 1931, the Board of Directors of the Illinois State Teach-

ers' Association, Chicago Division, approved the following motion:

### **Pension Bill Endorsed by the Chicago High School Teachers' Association**

The Recording Secretary has received from the Chicago High School Teachers' Association, a printed bulletin dated June 12, 1931, addressed to the members of the Association, signed by the Chairman of the Legislative Committee, and containing the following report on House Bill No. 1178:

#### **THE NEW PENSION BILL**

On June 2 the Committee on Municipalities of the House reported out House Bill 1178 with a recommendation that it do pass. It amends several sections of the school law relating to pensions. On second reading in the House, the bill was amended to reduce the rate asked by the Pension Board. It now provides for a levy of 8/20 of a mill on the dollar of assessed valuation of all property in Chicago during the years 1932 and 1933; for the year 1934 and annually thereafter 10/20 of a mill on the dollar. This should produce about \$1,500,000 a year. The Board of Education is still required to make up any deficiencies in the fund, and to pay the back payments due the fund but not yet paid.

The bill provides that the contributions by teachers who have taught

less than four years shall be \$4.50 per month, those having taught more than four years but less than eight years, \$6.00 per month, and those who have taught eight years and not more than twelve years, \$7.50 per month, and \$10.00 per month, \$100.00 per year, thereafter while in service. This should produce over \$1,000,000.00 a year. Deductions in twenty-five years total \$2,020.00; in thirty-five years, \$3,020.0. No pension shall exceed \$1,000.00 per year. Teachers leaving the service or the executor or administrator of any contributor to said fund who dies while in active service as a teacher, or within five years after leaving such service, without having received a pension or annuity from said fund, may apply for and be paid four-fifths of the money such teacher may have contributed to said fund, exclusive of any former refund.

This bill should become a law, and needs the active support of all teachers in communicating with their legislators, and other members of the legislature whom they may know, to support the bill. It will probably be up in the Senate when this communication reaches our members.

Respectfully submitted,

JOHN K. SKINNER,  
Chairman, Legislative Committee.

On motion of Miss Abbe, seconded by Miss Livingston, the above communications were accepted and ordered printed in the proceedings.

### Pension Bill Passes Legislature

The Committee on Pension Law and Rules reports that the Pension Bill as drafted by Mr. I. T. Greenacre at the request of the Pension Board and as printed in the proceedings of May 22, 1931 (pages 195 to 202), was introduced in the House by Representative Michael L. Igoe on May 26 and was referred to the Committee on Municipalities. It is known as House Bill 1178.

It was amended on second reading in the House by making the tax rate  $\frac{4}{10}$  of a mill for 1932 and 1933 and  $\frac{1}{2}$  of a mill for 1934 and thereafter. At the same time the House struck from the bill that paragraph which would have released the Board of Education from past due payments into the Pension Fund.

The Bill as amended passed the House on June 12 by a vote of 96 to 0. It reached the Senate on Tuesday, June 16, and was referred to the Committee on Education. It passed the Senate on June 19 by a vote of 39 to 0, and now awaits the signature of the Governor.

On motion of Miss Mayhew, seconded by Miss Abbe, the report of the Committee on Pension Law and Rules was approved and ordered printed.

### REPORT OF SPECIAL COMMITTEE WHICH CHECKED UP SECURITIES IN THE CUSTODY OF THE CITY TREASURER, JUNE 16, 1931

The Special Committee which checked up the securities of the Pension Board in the custody of the City Treasurer reports:

1. That the last check-up of the teachers' pension securities in the City Treasurer's office was on June 17, 1930, report of which is printed in the proceedings of the Pension Board, June 23, 1930, pages 414 to 428.

2. That the Committee on June 16, 1931, checked up the securities of the Pension Fund in the custody of the City Treasurer and found securities having a face value of \$4,829,850 as follows:

Total Bonds in custody of City Treasurer on June 17, 1930, as found in the check-up of that date.....	\$5,090,150.00
Bonds which matured between June 17, 1930, and June 16, 1931, as shown by reports of the Financial Secretary, and verified on June 16, 1931, with the City Treasurer's records .....	260,300.00
Grand total in custody of City Treasurer on June 16, 1931, as inspected and verified by said committee	\$4,829,850.00

The Committee calls attention to the fact that owing to the delay in the collection of taxes and the failure of the Board of Education to pay the pension fund the sums appropriated therefor no new investment nor re-investment has been made since June 21, 1929.

The Committee recommends:

That the list of bonds submitted herewith and made a part of this report be printed in the proceedings:

LIST A—Complete alphabetical list of Bonds in the City Treasurer's office on June 16, 1931.

The Committee takes pleasure in acknowledging the courtesies extended and the efficient service rendered by the staff in the City Treasurer's office, thus reducing to a minimum the physical labor of handling such a large number of bonds.

Respectfully submitted,

Committee { WILMA RHINESMITH,  
                  } MARY M. ABBE.

### Order for Warrants for Refunds to Estates

The Committee on Finance and Judiciary reports: That the Pension Law as amended and in effect July 7, 1931, authorizes refunds to the estates of deceased teachers of four-fifths of the money contributed by said deceased teachers; that the Committee has received from the Recording Secretary and submits herewith applications for refunds to the estates of the teachers listed below; that these claims have been verified by comparison with the records in the office of the Secretary of the Board of Education; and that the administrator of each estate has presented satisfactory evidence of his right to receive and receipt for the warrant to be issued to that estate. ### Cost of Collection of Bonds

The Committee on Finance and Judiciary reports that the City Treasurer has notified the Recording Secretary that occasionally a bank makes a charge for collecting matured bonds and coupons, and that to keep the account clear the Board of Trustees should pay to the Reserve Fund from the general fund the amount of this charge.

The Committee therefore recommends that the Secretary of the Board of Education be, and he hereby is, authorized and directed to draw voucher warrants for the payment of these charges upon presentation of notification of the same from the City Treasurer.

(1391)

### Change in Fiscal Year

The Committee on Finance and Judiciary reports that it has considered the question of changing the date for the end of the fiscal year for the pension fund and finds that a fiscal year ending December 31st would make the Annual Statements more readily comparable with the reports of the City Treasurer, ex-officio treasurer of the Pension Fund, and with the reports of the Board of Education; and that the clerical work in the pension office would be more equably distributed, if the work of preparing the Annual Statement could be done at some time other than the first two months of the school year, when the Pension election and the September assignments and transfers provide plenty of occupation.

The Committee on Finance and Judiciary therefore recommends that the fiscal year of the Board of Trustees of the Public School Teachers' Pension and Retirement Fund be changed to coincide with the calendar year instead of ending with the 31st of August as at present; that the Financial Secretary prepare the Annual Statement as usual for the year ending August 31, 1931, and that another Annual Statement be prepared for the year ending December 31, 1931, and that hereafter the Statement be for the year ending December 31st.

The Committee with the approval of the Committee on Annuities and Claims further recommends that the Annual Report on Annuitants presented by the Committee on Annuities and Claims in November of each year, be hereafter presented at the February meeting for the calendar year just closed, and that it be printed as usual with the Annual Statement, for distribution to the contributors and annuitants.

## REPORT OF COMMITTEE ON ANNUITIES AND CLAIMS

Miss Livingston, chairman of the Committee on Annuities and Claims, presented the following reports of the Committee:

(1393)

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. In each case where the amount of annuity recommended, as hereinafter stated in this report, exceeds the sum of \$800, the applicant has in effect made application for two annuities, that is, one regular full service annuity for \$800 and an additional annuity for the amount of such excess based on additional service, together aggregating the amount stated.

The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the date on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, authorized and directed to deliver to the Secretary of the Board of Education a Duplicate of this Report, together with the Applications and other evidence herewith submitted; to enter on the Records of the Pension Board the Annuities granted herein; and to file this report in the Pension Office.

The President, Recording Secretary, and other officers of the said Board of Trustees shall be elected by and from the members of said Board of Trustees at the regular meeting of the Pension Board following the second Friday of the month of November of each year, or as soon thereafter as may be practicable.

SEC. 153. Such Board of Trustees shall have charge of and administration of the public school teachers' pension and retirement fund of such city, and shall have power to invest the same in such manner as it shall deem most beneficial to said fund, but in the same manner and subject to the same terms and conditions as township trustees are permitted to invest school funds under the law, and shall have power to make payments from said fund of pensions or annuities granted in pursuance of this Act; and shall from time to time make and establish such by-laws, rules and regulations for the administration of said fund, as they shall deem advisable and shall have power to employ such assistance and service as may, in their judgment, be necessary for the proper enforcement of the provisions of this Act and carrying into effect valid by-laws, rules and regulations enacted by them; and they shall have power to fill any vacancies occurring in said Board of Trustees of members elected from the teaching force of said city, until the next annual election, when said vacancies shall be filled as provided by this Act.

SEC. 154. The public school teachers' pension and retirement fund of such city shall consist of moneys paid into said fund by persons desiring the benefits thereof, under the provisions of this Act; of moneys received from donations, legacies, gifts, bequests or otherwise on account of said fund, and of moneys paid into said fund in pursuance of any law now in force or hereafter to be enacted, and also all taxes collected for said fund pursuant to the levy herein (or hereafter) authorized, and moneys from any legal source or increment. For the purpose of providing revenue for such pension fund the board of education of such city shall in the year 1932 and annually thereafter demand and direct and the city council of such city shall upon such demand and under such direction *annually* levy a tax, *which in each of the two years 1932 and 1933 shall be four-tenths (4/10) of a mill on each dollar of the assessed valuation of all taxable property on all taxable property in such city, and which in the year 1934 and annually thereafter shall be one-half (1/2) of a mill on each dollar of the assessed valuation of all taxable property on all taxable property in such city.* Said tax shall be known as public school teachers' pension and retirement fund tax. Such tax shall be levied and collected in like manner with other general taxes for school or educational purposes of such city and shall be in addition to the maximum of all other taxes which such city (either with or without such demand or direction) is now or hereafter may be authorized by statute to levy upon the aggregate valuation of all taxable property within such city.

The county clerk in reducing taxes levied as and when so required to do by the provisions of Section 2 of an Act entitled, "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider the tax herein authorized as a part of the tax levy of such city required to be included in the aggregate of all taxes to be reduced, and no reduction of any tax levy made under the provisions of said last mentioned Act shall diminish the amount appropriated or levied for said public school teachers' pension and retirement fund tax; said tax, when collected, shall be paid into the public school teachers' pension and retirement fund as a part thereof.

SEC. 155. Any person who at the time this Act (as now amended) shall take effect is a contributor to said pension fund and any person who shall thereafter be employed to teach in the public schools of any such city and any other person who becomes a contributor pursuant to the provisions of this Act, shall be entitled to the benefits of said fund upon complying with the provisions of this Act and for the purposes of this Act such persons shall be divided into the following groups according to the number of years of service within the meaning of this Act:

First: Those who have taught four years or less.

Second: Those who have taught more than four years and not more than eight years.

Third: Those who have taught more than eight years and not more than twelve years.

Fourth: Those who have taught more than twelve years.

After this Act (*as now amended*) shall take effect, there shall be set apart from the *salary of each* of all persons heretofore described in this section *four dollars fifty cents (\$4.50)* per month for each month of service while *such person remains* in the first group; *six dollars (\$6.00)* per month for each month of service while *such person remains* in the second group; *seven dollars fifty cents (\$7.50)* per month for each month of service while *such person remains* in the third group; and *ten dollars (\$10.00)* per month for each month of service while *such person remains* in the fourth group, which amounts shall be deducted by the board of education in equal installments from their respective salaries at the regular times for the payment thereof, and be paid into and constitute a part of the public school teachers' pension and retirement fund of such city.

The board of trustees in any such city created or existing under the provisions of this Act, shall succeed to the administration of any like fund established under any law now or heretofore in force in this State, and such board is hereby given the power to use both the principal and income of all funds for the payment of the pensions or annuities in this Act provided for, and shall have power to increase or reduce from time to time all pensions or annuities, provided such increases or reductions shall be at the same rate on all classes, and provided that the full service annuity paid for 25 years of service shall not exceed \$800 and no annuity in excess of \$1,000 shall be paid. And further provided, that all reductions shall in the judgment of said board of trustees be rendered necessary by the condition of said fund.

All teachers, who have taught in public schools of the United States outside of said city, or rendered service therein, upon entering the service of the said board of education for the first time shall within one year after assignment submit to the board of trustees of said pension fund evidence attesting and proving such service, and *when approved by said board of trustees*, such evidence shall be the basis for placing such teachers in the proper group of the groups provided in this section. No teacher entering the service of said board of education for the first time after this Act (*as now amended*) shall take effect, whose evidence of service outside of said city shall not have been submitted and approved within a year after date of first assignment, shall be entitled to count such service outside of said city as a part of the period of service required for an annuity or pension as hereinafter specified.

Any public school teacher who has heretofore retired from service and is entitled to a pension or annuity from a like fund, created under any law now or heretofore in force, to the administration of which fund such board of trustees has succeeded, or is a recipient of a pension or annuity thereunder, shall henceforth be entitled to receive a graduating pension or annuity ranging from four-fifths to five-fifths of the full annuity or pension paid for twenty-five years' service under the pro-

visions of this Act, dependent upon time of service as public school teachers, under uniform schedules to be provided by rules of said board of trustees; provided that if any such teacher had, at the time of retirement, taught in the public schools of the United States or rendered service therein for a period of from 26 to 35 years, within the meaning of this Act, he or she shall henceforth be entitled to receive the full service annuity paid for 25 years of service as herein provided, and for each such full year of service rendered in excess of 25 years, an additional annuity as provided in Section 158 of this Act.

In computing any term of service herein required by teachers coming under the pension provisions of this Act, time spent in the military service of the United States during the pension period shall stand in lieu of a like number of years of teaching service in the public schools of such city, if the person desiring such credit for his military service shall pay into the treasury such amount of money as would have been due from him had he actually been in such teaching service during such time.

SEC. 155a. *Each teacher who has taught in public schools of the United States outside of said city, upon entering the service of said board of education after this Act (as now amended) shall take effect, shall, for each year of service outside said city approved by said board of trustees, pay into said pension fund within five years after date of first assignment in said city, an amount equal to what would be deducted from the salary of such person for a like period at the rates provided in this section (as now amended) if such service were in the public schools of said city. Each teacher in the service of said board of education at the time this Act (as now amended) shall take effect, shall, for each year of service outside said city approved by said board of trustees, pay into said pension fund within five years after this Act (as now amended) shall take effect, an amount equal to what would have been deducted from the salary of such person for a like period at the rates heretofore in force and effect if such service had been in the public schools of said city; provided that payment shall be required for not more than ten years of service outside of said city, and that said payment may be made in installments in such manner as the board of trustees shall by by-laws provide.*

SEC. 156. *Any teacher now or heretofore employed by the board of education of any such city who is not now a contributor to said pension and retirement fund but who hereafter shall become a contributor and beneficiary of the public school teachers' pension and retirement fund, of such city under Section 156a of this Act, may count past service as a part of the period of twenty-five years hereinafter specified and become entitled to the benefit of such past service, by paying into said fund a sum equal to that which he or she would have contributed under the provisions of this Act, had he or she been a regular contributor to said fund during said period of past service, together with interest thereon at the rate of four per cent per annum from the*

time such payments would have been made and an additional sum equal to the amount of appropriation by the board of education withheld from payment into the pension fund because he or she was not a contributor during said period, together with interest thereon at four per cent per annum as aforesaid, and what, if any, other sum may be necessary to indemnify said fund against any loss it may have sustained by reason of receiving less public contribution than it would have received if such teacher had been a regular contributor during such period.

SEC. 156a. All persons who have heretofore been contributors to the public school teachers' pension and retirement fund of cities having a population exceeding 500,000 inhabitants, under any law then in force but who have withdrawn from such participation, may, if they shall exercise the option on or before the first day of July, in the year of our Lord 1928, renew their right to participation in a fund to be created in said city under the provisions of this Act, by paying into said fund the full amount of any moneys they may have withdrawn from such previous fund, and the full amount they would have contributed had they not withdrawn therefrom, together with interest thereon at the rate of four per cent per annum from the time such moneys were withdrawn and from the time payment would have become due to the date of their acceptance of the provisions of this Act, together with what, if any, further sum may be necessary to indemnify said fund as mentioned in above Section 156; and thereafter such person shall contribute to said fund upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund: Provided, however, that such persons who shall be re-employed by said Board of Education as such teachers on or after July 1, 1925, may, if they shall exercise such option within three years after such re-employment, renew their right to participation in such fund upon the same terms and conditions aforesaid.

SEC. 156b. All teachers who are now in the service of the board of education of any such city, other than those described in the previous section, may, if they shall exercise the option, on or before the first day of July in the year of Our Lord One Thousand Nine Hundred and Twenty-eight, become contributors to and beneficiaries of the public school teachers' pension and retirement fund created under the provisions of this Act, upon the same terms as teachers who shall hereafter be employed and become contributors to, and beneficiaries of said fund under Section 156a of this Act.

SEC. 157. Such board of trustees shall have the power, and it shall be its duty, to pass a resolution declaring the maturity of *active* service and right to the immediate benefits of said fund in favor of persons entitled to the benefits thereof, in the following cases:

(a) When any contributor to the said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of twenty-five years, within the meaning of this Act, and shall

have contributed to the *said* pension fund the aggregate sum *to be ascertained and determined as hereafter provided in this section.*

(b) When any contributor to said fund shall have taught in the public schools of the United States, or rendered service therein, for a period of from 26 to 35 years, within the meaning of this Act, and shall have contributed to said pension fund the aggregate sum *to be ascertained and determined as hereafter provided in this section.*

(c) When any contributor to said fund shall have taught 12 years or more, but less than twenty-five (25) years in the public schools of the United States, within the meaning of this Act, and shall have been declared by three competent physicians who have made a physical examination of the teacher, at the request of a majority of such board of trustees, to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching; and when such teacher shall have contributed to said pension fund the aggregate sum *to be ascertained and determined as hereafter provided in this section.*

(d) *When any contributor to said fund is retired from active service by the board of education of such city because of having attained an age requiring such retirement pursuant to any law of this State now or hereafter in force, and has at the date of such compulsory retirement less than twenty-five years of active service within the meaning of this Act; and shall have contributed to said pension fund the aggregate sum to be ascertained and determined as hereafter provided in this section.*

*The aggregate sum hereinbefore required to have been contributed by, or deducted from the salary of, any person otherwise entitled to a pension under this Act (as now amended) shall be computed as follows: (1) For any such person's service allowed and credited for pension purposes which has been rendered prior to the taking effect of this Act as now amended, compute the total of such required contributions or deductions at the rates as provided by this Act as it was immediately before the taking effect of this Act as now amended. (2) For any such person's service allowed and credited for pension purposes which has been rendered on or since the day on which this Act as now amended takes effect compute the total of such required contributions or deductions at the rates as provided by this Act as now amended. (3) Where any such person's such service has been rendered partly before and partly after such taking effect of this Act as now amended add both above totals.*

Said board of trustees shall not declare any person entitled to the immediate benefits of said fund until he or she shall have taught in the public schools of such city three-fifths of the term of service for which annuity is granted; said three-fifths service in said city must be the last service rendered prior to his or her retirement on a pension; and, *provided further, that in computing the years of service for which annuity is granted not more than ten years of service outside said city may be allowed to any applicant; and no person shall be entitled to the benefits of said fund until his or her employment as a teacher in the active service of such board of education shall have been terminated.*

It shall be unlawful for the said board of trustees to grant or to continue to pay an annuity or pension under this Act to any person on account of service as teacher rendered in the public schools of the United States, within the meaning of this Act, if any portion of such service as teacher has been, or shall be, counted in the total period of service for which such person is paid, or shall be paid, an annuity or pension, paid by some other public pensioning body, in addition to the annuity or pension paid under this Act; *provided that any benefit paid or payable by any other public pensioning body only after the death of such teacher shall not be considered as a pension or annuity within the meaning of this section; and provided further that any teacher may receive in addition to the pension under this Act any compensation or annuity provided to be paid by the board of education of such city after retirement from active service under any compulsory and voluntary retirement law now or hereafter in force.*

SEC. 158. *Persons entitled to and becoming beneficiaries of said pension fund as provided in Section 157 of this Act shall be entitled to receive pension as follows:*

(a) Each teacher so retired or retiring after twenty-five years of service within the meaning of this Act, shall thereafter be entitled to receive the full service annuity as fixed and paid by said board of trustees for 25 years of service, such full service annuity not to exceed \$800.

(b) And each teacher so retired or retiring after 26 or more years of service, within the meaning of this Act, shall be entitled to receive the full service annuity paid for 25 years of service as herein provided, and in addition thereto for each full year of service in excess of 25 years an additional annuity or pension of twenty dollars (\$20), provided that no annuity or pension shall exceed one thousand dollars (\$1,000) and provided that in computing the time of service in excess of 25 years no additional annuity or pension shall be paid for any fractional part of a year, nor for a longer period than 10 years in excess of 25 years.

(c) Each teacher so retired or retiring because of permanent disability after twelve years of service shall receive as an annuity or pension *three hundred dollars (\$300), and for each year of service in excess of twelve years an additional annuity of thirty-eight dollars (\$38.00).*

(d) *And each teacher with less than twenty-five years of service within the meaning of this Act so retired or retiring because of having attained an age requiring such retirement shall receive as pensions such proportion of the full pension paid for twenty-five years of active service, as the time of such service of such contributor bears to twenty-five years.*

Said pensions and annuities shall be paid monthly during the school year by said board of trustees out of the fund created in accordance with the provisions of this Act in the manner provided by law for the payment of teachers' salaries.

*In case any person who is receiving a pension or annuity from such fund shall be re-employed as a teacher by the board of education of such city, pension payments to such person shall cease when the re-employment begins and said person shall again become a contributor to such pension fund. If said person again retires on pension the time of service and the money contributed by such person after his or her re-employment shall be added to the time and money previously credited.*

SEC. 159. The President and the Secretary of said Board of Education shall certify monthly to the city treasurer all amounts deducted from the salaries of teachers, special teachers, principals and superintendents of schools, in accordance with the provisions of this Act, which amounts, as well as all other moneys contributed to said fund, shall be set apart and held by said treasurer as a special fund for the purposes hereinbefore specified, subject to the order of said Board of Trustees herein created and shall be paid out upon warrants signed by the President and Secretary of said Board of Education and countersigned by the President of the said Board of Trustees.

SEC. 160. The City Treasurer ex-officio shall be the custodian of said pension fund, and shall secure and safely keep the same, subject to the control and direction of said Board of Trustees, and shall keep his books and accounts concerning such fund in such manner as may be prescribed by said Board; and said books and accounts shall always be subject to the inspection of said Board, or any member thereof. Said City Treasurer shall be liable on his official bond for the proper performance of his duties and the conservation of the fund created by this Act. Any legal proceedings which may be necessary for the enforcement of the provisions of this Act shall be brought by and in the name of the Board of Education for the use of the Board of Trustees of the public school teachers' pension fund.

SEC. 161. No teacher or principal who has been or shall be appointed by said board of education shall (after serving the probationary period of three years specified in Section 138 of this Act) be removed except for cause, and then only by a vote of not less than a majority of all members of the board, upon written charges presented by the superintendent of schools, to be heard by the board, or a duly authorized committee of the same, after thirty days' notice with copy of the charges, is served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. At the request of any party such hearing shall be public. The action and decision of the board in the matter shall be final. Pending the hearing of such charges, the person charged may be suspended as by the rules of the board may be prescribed: Provided, however, that in the event of acquittal, such person shall not suffer any loss of salary by reason of this suspension.

If at any time, prior to the completion of 25 years of *active* service, within the meaning of this Act, any member of the *active* teaching

force who is willing to continue in *said* service of said board of education is removed from said service as provided in this section; or if at any time, prior to the completion of 25 years of *said* service, within the meaning of this Act, any member of the *active* teaching force retires voluntarily from the said service, then in either such case such member shall, upon application to said board of trustees *within five years from the date of the last active teaching service in the employ of said board of education*, be paid back as a refund four-fifths of all the money he or she may have contributed to said fund *not including any former refund*.

*In case any person who has received a refund under the provisions of this section of this Act shall be re-employed by said board of education then said person shall repay to said pension fund the amount of money he or she received as such refund together with interest on the same at four per cent per annum from the time such refund was received by such person.*

*If any contributor to said fund dies while in the active service of said board of education as a teacher, or within five years after such person's last such service, and had not thereafter received a pension or annuity from said fund, then in either such case the executor or administrator of the estate of said contributor or former contributor (as the case may be), shall, upon application to said board of trustees, be paid four-fifths of all the money said contributor may have contributed to said fund, not including any former refund.*

SEC. 162. All persons who shall be employed as teachers by the Board of Education of any such city shall by such employment accept the provisions of this Act and thereupon become contributors to said pension fund in accordance with the terms thereof. And the provisions of this Act shall become a part of and enter into any such contract of employment.

SEC. 163. All pensions or annuities granted under the provisions of this Act and every portion thereof shall be exempt from attachment or garnishment process, and shall not be seized, taken, subjected to, detained or levied upon by virtue of any execution or any process or proceedings whatsoever issued out of or by any court of this State for the payment or satisfaction, in whole or in part, of any debt, claim, damage, demand or judgment against any pensioner hereunder, and no annuitant or pensioner shall have the right to transfer or assign his or her pension or annuity, or any part thereof, either by way of mortgage or otherwise.

SEC. 165. If the moneys collected and paid into such public school teachers' pension and retirement fund from taxes levied for the purpose of providing revenue for such pension fund in any current fiscal year shall not equal the amount of the moneys deducted or contributed from teachers' salaries for such fund for such year; or should the current income of such pension fund in any fiscal year ever be less than the current disbursements of such fund for such year, then in either

or both of such events, such board of education shall the next year in addition to demanding and directing the annual tax levy hereinbefore provided for, set apart and appropriate from moneys derived or to be derived from the general tax levy for educational purposes an amount of money sufficient to supply such deficiency or deficiencies, as the case may be, and promptly pay such sum of money into such fund for such purpose and to restore what, if any, of the reserve of such pension fund may have been necessarily temporarily used in the meantime.

SEC. 189½. The city council of any city in this State having a population exceeding 500,000 inhabitants and having a public school teachers' pension and retirement fund shall upon the demand and under the direction of the board of education annually levy for the purpose of providing revenue for such pension fund, a tax *which in each of the two years 1932 and 1933 shall be four-tenths (4/10) of a mill on each dollar of the assessed valuation of all taxable property on all taxable property within such city, and which in the year 1934 and annually thereafter shall be one-half (1/2) of a mill on each dollar of the assessed valuation of all taxable property on all taxable property within such city.* Said tax shall be known as public school teachers' pension and retirement fund tax. Said tax shall be in addition to the maximum of all other taxes which such board of education or city is now, or may hereafter be, authorized by statute to levy upon the aggregate valuation of all taxable property within such city; and the county clerk in reducing taxes levied as and when required so to do under the provisions of an Act entitled "An Act concerning the levy and extension of taxes," approved May 9, 1901, in force July 1, 1901, as subsequently amended, shall not consider said public school teachers' pension and retirement fund tax as a part of the tax levy of such city required to be included in the aggregate of all taxes to be reduced, and no reduction of any tax levy made under the provisions of said last mentioned Act shall diminish the amount appropriated or levied for said public school teachers' pension and retirement fund tax.

### Amend By-Laws—Partial Payments for Outside Time

The Committee on Pension Law and Rules reports that the Pension Law as amended and in effect July 7, 1931, provides that all teachers in the service of the Chicago Board of Education when the amendment became effective on July 7, 1931, who taught in public schools of the United States outside Chicago, must within five years make payment for their outside time if such time is to be counted for a pension in Chicago, and that all such teachers thereafter assigned to said service must make payment for their outside time within five years from date of assignment, if their outside time is to be counted for a pension in Chicago. The law further provides that such payment may be made in installments in such manner as the Board of Trustees shall by by-laws provide.

The Committee further reports that it has considered payment in installments and recommends that payment of not less than 20% of the total amount owed may be paid in any one installment; and it therefore recommends the passage of the following

#### RESOLUTION ADDING BY-LAW 4a.

## REPORTS OF RECORDING SECRETARY

The Recording Secretary, Miss Abbe, presented the following reports:

(1406)

### Analysis of Vote at Pension Election

The Recording Secretary submits the following analysis of the vote cast on October 9, 1931, at the Pension Election, compiled from the official report of the Canvassing Board:

6,656 ballots contained votes for both Miss Abbe and Miss Mayhew  
 2,875 ballots contained votes for both Miss Abbe and Mr. Belous  
 829 ballots contained votes for both Mr. Belous and Miss Mayhew  
 383 ballots contained votes for Miss Abbe alone  
 110 ballots contained votes for Miss Mayhew alone  
 190 ballots contained votes for Mr. Belous alone

---

11,043 ballots voted  
 93 blank and mutilated ballots

---

11,136 ballots taken from boxes

The ballots are purposely so handled that no record can possibly be made as to how any particular school or district voted. The number of ballots received from each school is recorded and the ballots are then mixed with those from other schools before they are distributed to the tables for the canvass of the votes.

(1407)

### Revision of Forms and Booklets

The Recording Secretary reports that in accordance with the authorization granted by the Pension Board on June 22, 1931, (see proceedings of that date, page 246, Document 1370), various booklets and forms have been printed to make clear in the minds of the teachers the provisions of the amended law, and to facilitate the work of administering it.

A booklet containing the Law, as amended and in force July 7, 1931, has been sent to every teacher in the system. The "Booklet of Information," setting forth the provisions of the Pension Law and of the By-Laws under which it is administered, has been revised and mailed to every teacher. 4,500 bills for Outside Experience have been written in triplicate, one copy for the Secretary of the Board of Education, one for the teacher, and one for the Pension Office. These will be mailed to the teachers as soon as the Board of Education has paid the teachers up to date. Application and report forms regarding Refunds to the Estates of Deceased Teachers have also been prepared and printed.

---

On motion of Miss Abbe, seconded by Miss Mayhew, these reports of the Recording Secretary were approved and ordered printed in the proceedings.

†NOTE: PUBLIC MONEY. For the Public School Teachers' Pension and Retirement Fund a separate tax of three-twentieths of a mill was levied each year up to 1930, on each dollar of assessed valuation of property in Chicago. To this tax the Board of Education is required to add an appropriation from the Educational Fund sufficient to make the total public money \$2.00 for each \$1.00 deducted from teachers' salaries and paid into the Pension Fund. Owing to the delay in the collection of taxes, the money due the pension fund from the Board of Education has not been received, although appropriation therefor was made in the budget of the Board.

‡Deductions for eight months only. On August 31, (the date of this report) the May and June salaries had not been paid.

(1425)

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. In each case where the amount of annuity recommended, as hereinafter stated in this report, exceeds the sum of \$800, the applicant has in effect made application for two annuities, that is, one regular full service annuity for \$800 and an additional annuity for the amount of such excess based on additional service, together aggregating the amount stated.

The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the date on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, authorized and directed to deliver to the Secretary of the Board of Education a Duplicate of this Report, together with the Applications and other evidence herewith submitted; to enter on the Records of the Pension Board the Annuities granted herein; and to file this report in the Pension Office.

### Correction of Record

The Committee on Annuities and Claims reports that in the proceedings of February 20, 1931, page 108, Document 1319, the amount of pension for Kate B. Hyatt is stated at \$1,000. Mrs. Hyatt had 32 years of service and her pension is \$940 a year. The mistake is in the printed proceedings only; the other records in the office were correct.

On motion of Miss Livingston, seconded by Miss Abbe, this report was approved and ordered printed.

(1427)

### The Annuitants of October, 1931

**NOTE:** The Financial Secretary reports 1,581 annuitants drawing pension in June, 1931. This includes only those who have completed their payments into the Fund. The Recording Secretary, reporting the number in October, subtracts from 1,581 the sum of those who have returned to service and those whose deaths have been reported, and adds those who were placed on the pension roll in September, including all those whose payments are not completed.

The following table shows the number of annuitants who have from 25 to 35 years of service, with the rate of annuity for each such year and the amount that will be paid to each group when all payments into the fund are completed. It also shows the number of disability annuitants and the number of annuitants who retired under the old law (that is, before July 1, 1907) with less than 25 years of service. The amounts are computed at the rates authorized by the legislature of 1923, although the increases granted by the legislature in that year have been withheld since September 1, 1927, from those persons who were placed on the pension roll before July 1, 1923, on account of Injunction proceedings instituted against the Pension Board.

The Pension Law as amended by the Legislature of 1931, provides that any person retired by the Board of Education under the Compulsory Retirement Law with less than 25 years of service shall receive as pension such proportion of \$800 as his time of service bears to 25 years. These are the "Special" annuitants shown in the Table.

### Appointment of Physicians.

The Committee on Annuities and Claims reports that the Committee has received from the Recording Secretary applications for Disability Annuity submitted by the persons hereinafter listed who have completed at least twelve years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; also that each such application is accompanied by a certificate from a competent physician declaring that the applicant is suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching.

The Committee therefore

RECOMMENDS that in addition to the physician whose certificate accompanies the application, there be appointed for each applicant the two physicians whose names are set forth below after the name of each such applicant for Disability Annuity. The Committee further recommends that the Recording Secretary be, and hereby is, authorized and directed to notify the applicant and the physicians so appointed of this action of the Pension Board, and to file this report in the Pension Office.

## PENSION PAYROLL FOR THE MONTH OF OCTOBER 1930

NOTE: If an annuitant does not return the receipt for her pension warrant, the warrant for the following month is issued, but it is not mailed until the receipt for the preceding month is returned. If the death of an annuitant is not reported until after one or more warrants have been issued, these warrants are deposited back into the Fund as Unearned Pension and another warrant for the fractional part of the month up to the date of death is issued to the estate.

### LIST A.

The annuitants in the following list were placed on the pension roll before July 1, 1923, and therefore the increases authorized by the legislature of 1923 are withheld from the amounts paid them each month pending a decision in the injunction suit which seeks to prevent the Pension Board and the City Treasurer from paying those increases.

## LIST B.

The Annuitants in the following list were placed on the pension roll since July 1, 1923, and are therefore not affected by the suit for injunction.

A teacher retiring with more than 25 years of service adds to the deductions from salary an amount sufficient to bring the total to the sum required for 25 years of service; he then receives \$800, the annuity paid for 25 years of service, and the additional annuity allowed for additional service accumulates until the required payment for the additional annuity is completed.

### Chicago Sanitary District, Cook Co., Ill.—Bonds not Redeemed

LETTER FROM HARRIS TRUST AND SAVINGS BANK.

Chicago, January 9, 1932.

To the Holders of Chicago Sanitary District Bonds Maturing January 1, 1932 to 1944.

While you may be fully informed already, we wish to advise you of the causes which made it impossible for the above District to meet the payment of interest and principal on bonds which became due January 1, 1932.

A re-assessment of property in Cook County several years ago caused a delay in the spreading and collection of taxes. Subsequent suits by property owners to enjoin the collection of taxes, on the grounds that the assessments were illegal, have held up

the mailing of bills for 1930 taxes and taxpayers do not know what they should pay. While this condition exists, investors will not buy warrants and bonds of our local municipalities in sufficient volume to permit them to meet their obligations and maintain their credit.

We believe no holder of any of the above bonds need have any concern about the ultimate payment of principal and interest. As officially reported, the Chicago Sanitary District had an assessed valuation (1929) of \$4,291,684,739, and a total bonded debt, as of November 15, 1931, of \$106,145,000. It is obvious, therefore, that the District should be amply able to meet its obligations when it is possible legally to levy and collect the necessary taxes.

HARRIS TRUST AND SAVINGS BANK.

On motion of Miss Abbe, seconded by Mr. Geilen, the above communications were accepted and ordered printed in the proceedings.

### Pay Cost of Bond of City Treasurer

The Committee on Finance and Judiciary reports that it has received from the Recording Secretary and presents herewith the accompanying communication from the City Treasurer, who is ex-officio Treasurer of the Pension Fund concerning insurance against loss arising from bank failures:

#### LETTER FROM CITY TREASURER.

Chicago, January 8, 1932.

Board of Trustees,  
Public School Teachers' Pension & Retirement Fund,  
188 W. Randolph St., Chicago, Illinois.

Ladies and Gentlemen:

It is my desire that every possible safeguard be placed about the pension funds in your control. Your board is protected by my bond to the Board but I am at present compelled to rely entirely upon the continuing solvency of the bank of deposit.

Conditions in the banking world at the moment are extraordinary and I am of the opinion that the City Treasurer and your Board should have the additional protection of a bond running to the City Treasurer, as Treasurer of your funds to be executed by the bank of deposit as principal and a reliable surety company as surety. The cost of such protection is, in my opinion, a proper charge against your funds.

I think I am entitled to protection against loss arising from failure of banks and I am arranging for such bonds covering your funds and when the invoice is received I shall forward same to your Board for payment.

Trusting that my action has your approval, I am

Yours very truly,

(Signed) JAMES A. KEARNS,  
City Treasurer.

In accordance with this recommendation of the Treasurer, the Committee recommends the adoption of the following

**RESOLUTION CONCERNING INSURANCE AGAINST LOSS FROM  
BANK FAILURES.**

WHEREAS, Honorable James A. Kearns, City Treasurer of the City of Chicago and ex-officio Treasurer of the Public School Teachers' Pension and Retirement Fund of the said city has advised the Board of Trustees of said Fund of the extraordinary conditions existing in the City of Chicago relating to banks of deposit and has suggested the desirability of surety bond protection against loss arising from bank failures for the Treasurer, and

WHEREAS, The Board of Trustees of said fund desires that every possible safeguard be placed about the funds under its management, Therefore Resolved;

That, if said James A. Kearns, Treasurer, as aforesaid, shall procure Depositary Bond covering the said funds on deposit in any bank protecting him from loss on said funds arising from bank failure and shall present invoices covering the premium therefor to the said Board of Trustees, that thereupon the necessary cost of such Depositary Bond shall be paid and voucher issued therefor by said Board of Trustees of said The Public School Teachers' Pension and Retirement Fund.

---

On motion of Miss Rhinesmith, seconded by Miss Mayhew, this report of the Committee on Finance and Judiciary was adopted and the recommendations concurred in by the following roll-call vote:

Ayes—Miss Abbe, Miss Rhinesmith, Miss Dutton, Miss Livingston, Miss Mayhew, Mr. Geilen—6.

Nays—None.

### Additional Interest on Bonds Purchased

Chicago, February 1, 1932.

Public School Teachers' Pension and Retirement Fund of Chicago:

I delivered the  
\$3,000 ALBANY PARK DISTRICT, CHICAGO, ILLINOIS, 4¾% PARK BONDS,  
Due April 1, 1949 at 100  
to the City Treasurer's office according to your instructions.

I endorsed your check for \$3,043.54 to me and gave it to a representative of the City Treasurer.

I received from the City Treasurer's office \$2,630 of past due Albany Park District Coupons as follows:

Coupons No. 15	due	March 1, 1931—13	at	\$25.00
" "	16	" Sept. 1, 1931—13	at	25.00
" "	7	" March 15, 1931—44	at	22.50
" "	8	" Sept. 15, 1931—44	at	22.50

and

Coupons No. 17 due March 1, 1932—13 at 25.00  
or \$325.00, making a total of \$2,955.00 worth of Coupons.

The City Treasurer gave me \$88.54 in cash which was the difference between your check to me and the coupons I received.

Now the first coupon on the bonds I sold you represents a year's interest, a fact I overlooked. All other coupons are for six months.

The mistake in figuring interest amounts to \$71.63 which is due me.

I am sorry about this inconvenience, but these are unusual times.

I congratulate you on your purchase.

Yours truly,

(Signed) CHARLES EVANS, Jr.

These bonds were ordered purchased January 18, 1932. See proceedings of that date, page 364, Document 1443.

On motion of Miss Rhinesmith, seconded by Miss Livingston, this communication was accepted and the additional interest ordered paid by the following roll call vote:

Ayes—Miss Rhinesmith, Miss Dutton, Miss Livingston, Miss Mayhew, Mr. Geilen—5.

Nays—None.

\*NOTE: PUBLIC MONEY. For the Public School Teachers' Pension and Retirement Fund a separate tax of three-twentieths of a mill was levied each year up to 1930 on each dollar of assessed valuation of property in Chicago. To this tax the Board of Education was required to add an appropriation from the Educational Fund sufficient to make the total public money \$2.00 for each \$1.00 deducted from teachers' salaries and paid into the Pension Fund. Owing to the delay in the collection of taxes, only part of the tax money has been received and the money due the pension fund from the Board of Education has not been received, although appropriation therefor was made in the budget of the Board.

†Deductions for one and one-half months. Up to December 31, 1931 (the date of this report), salaries had been paid for September and one-half of October, only.

(1475)

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. In each case where the amount of annuity recommended, as hereinafter stated in this report, exceeds the sum of \$800, the applicant has in effect made application for two annuities, that is, one regular full service annuity for \$800 and an additional annuity for the amount of such excess based on additional service, together aggregating the amount stated.

The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the date on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, authorized and directed to deliver to the Secretary of the Board of Education a Duplicate of this Report, together with the Applications and other evidence herewith submitted; to enter on the Records of the Pension Board the Annuities granted herein; and to file this report in the Pension Office.

### The Annuitants of February, 1932

NOTE: The Financial Secretary reports 1,610 annuitants drawing pension in December, 1931. This includes only those who have completed their payments into the Fund. The Recording Secretary, reporting the number in February, subtracts from 1,610 the sum of those who have returned to service and those whose deaths have been reported, and adds those who were placed on the pension roll in January, including all those whose payments are not completed.

The following table shows the number of annuitants who have from 25 to 35 years of service, with the rate of annuity for each such year and the amount that will be paid to each group when all payments into the fund are completed. It also shows the number of disability annuitants and the number of annuitants who retired under the old law (that is, before July 1, 1907) with less than 25 years of service. The amounts are computed at the rates authorized by the legislature of 1923, although the increases granted by the legislature in that year have been withheld since September 1, 1927, from those persons who were placed on the pension roll before July 1, 1923, on account of Injunction proceedings instituted against the Pension Board.

The Pension Law as amended by the Legislature of 1931, provides that any person retired by the Board of Education under the Compulsory Retirement Law with less than 25 years of service shall receive as pension such proportion of \$800 as his time of service bears to 25 years. These are the "Special" annuitants shown in the Table.

### Military Service as Teaching Service

The Committee on Finance and Judiciary reports that Section 155 of the Pension Law provides that time spent in the military service of the United States within the pension period shall stand in lieu of a like number of years of teaching service providing that each person who had such service shall pay into the pension fund the amount that would have been deducted from his salary had his service been in the Chicago public schools. Several persons now employed by the Board of Education as teachers served in the World War but did not begin to teach until after their discharge. The question has arisen as to whether or not such military service was "within the pension period," and the question was referred to Mr. I. T. Greenacre, the attorney for the Pension Board.

The Committee recommends that the following opinion from Mr. Greenacre be accepted and printed in the proceedings.

### OPINION OF ATTORNEY.

Chicago, April 12, 1932.

To the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

Your attorney, to whom has been referred the question of allowing credit for pension purposes for time spent in the military service of the United States when such service preceded any teaching service, respectfully reports that in his opinion credit should not be allowed for such military service. The law specifically provides in Section 155 that "time spent in the military service of the United States during the pension period shall stand in lieu of a like number of years of teaching service." When the applicant did not teach and was not qualified to teach until after such military service, such military service cannot be held to be "within the pension period." This opinion does not apply to service as a military "instructor."

(Signed) I. T. GREENACRE.

On motion of Miss Rhinesmith, seconded by Dr. Whitehead, this report was received and ordered printed in the proceedings.

### REPORT OF COMMITTEE ON FINANCE AND JUDICIARY

Miss Rhinesmith, Chairman of the Committee on Finance and Judiciary, presented the following reports of the Committee:

(1495)

#### Exchange of Bonds

The Committee on Finance and Judiciary reports that among the securities held by the Pension Fund are bonds to the amount of \$5,000 of West Pullman Park District due January 1, 1932, but unpaid; and that interest from the same West Pullman Park District to the amount of \$775 is due and unpaid.

Seipp, Princell and Company from whom the bonds were purchased, have offered to take these bonds if the Board will accept in return \$5,000 in bonds of School District No. 151 of Cook County, Illinois. The letter from Seipp, Princell and Company is presented herewith.

The Committee recommends that this offer be accepted and that the Pension Board buy \$5,000 bonds of School District No. 151, Cook County, Illinois, and that the accompanying resolutions authorizing the sale of bonds of West Pullman Park District to the amount of \$5,000 be adopted.

LETTER FROM SEIPP, PRINCELL AND COMPANY.

April 12, 1932.

Secretary, Board of Trustees of the  
Public School Teachers' Pension and Retirement Fund,  
188 West Randolph Street,  
Chicago, Illinois.

Dear Madam:

In further reference to your letter of April 7th, relative to:

- 16 interest coupons, due January 1, 1932 (being No. 35, of the issue of West Pullman Park District, Cook County, Illinois, 5% Park Bonds, detached from bond Nos. 47 to 62, both incl.) at \$25 each .....\$ 400
- 15 interest coupons, due January 1, 1932 (being No. 6 of the issue of West Pullman Park District, Cook County, Illinois, 5% Park Bonds, dated February 1, 1929) at \$25 each..... 375
- 5 principal bonds, Nos. 47 to 51, both incl., of the West Pullman Park District, Cook County, Illinois, due January 1, 1932, at \$1,000 each ..... 5,000

We are informed by the Treasurer for the District that they do not have any funds available at the present time, and it is rather indefinite when they will have a sufficient amount of money on hand for the payment of these items.

We believe that your Board is naturally anxious to clear these defaults off your records, and in line with our conversation of yesterday afternoon, we submit the following proposition to your Board:

We offer you, subject to prior sale:

\$5,000 School District Number 151  
Cook County, Illinois  
5% School Site & Building Bonds  
Dated March 1, 1931,  
Due March 1, 1951,

at 100, and accrued interest, and enclose herewith circular descriptive of the issue.

In consideration of such purchase from us, we will accept from you in payment thereof the past due items of the West Pullman Park District, as set out above, at par. Since the March 1, 1932, and prior interest coupons on the issue of School District Number 151 have all been paid, this transaction would show a small balance due you, which could be adjusted by our giving you a check for the difference, or, if you prefer to make entirely separate transactions, we could exchange checks for the full amounts.

School District Number 151 is in an excellent financial condition and has always paid its obligations promptly. At the present time, they have a considerable cash balance on hand which will enable them to carry on their operations indefinitely, in spite of the tax difficulties as experienced by other municipalities in Cook County. This District has not found it necessary to issue tax anticipation warrants, and recently received favorable comment from the press because of its remarkable financial condition.

Trusting that we can assist you in the working out of these delinquencies, we are

Yours very truly,

SEIPP, PRINCELL AND COMPANY.

(Signed) By J. A. NOLAN.

**REPORT OF SPECIAL COMMITTEE WHICH CHECKED UP SECURITIES IN THE CUSTODY OF THE CITY TREASURER, JUNE 15, 1932**

The Special Committee which checked up the securities of the Pension Board in the custody of the City Treasurer reports:

1. That the last check-up of the teachers' pension securities in the City Treasurer's office was on June 16, 1931, report of which is printed in the proceedings of the Pension Board, June 22, 1931, pages 234 to 245.

2. That the Committee on June 15, 1932, checked up the securities of the Pension Fund in the custody of the City Treasurer and found securities having a face value of \$4,532,750.00 as follows:

Total Bonds in custody of City Treasurer on June 16, 1931, as found in the check-up of that date.....	\$1,829,850.00
Bonds which matured between June 16, 1931, and June 15, 1932, as shown by reports of the Financial Secretary, and verified on June 15, 1932, with the City Treasurer's record.....	305,100.00
	<hr/>
	\$4,524,750.00
Bonds purchased between June 16, 1931 and June 15, 1932, as shown in List B-12, and List C-12, submitted herewith.....	8,000.00
	<hr/>
Grand total in custody of City Treasurer on June 15, 1932, as inspected and verified by said committee.....	\$4,532,750.00

The Committee calls attention to the fact that practically no new investment has been made on account of the non-payment of teachers' salaries resulting in failure to receive the deductions for pension from these salaries, payment for six months of these deductions being now overdue, and also on account of the delay in the collection of taxes.

The Committee recommends:

That the lists of bonds submitted herewith and made a part of this report be printed in the proceedings:

LIST A—Complete alphabetical list of Bonds in the City Treasurer's office on June 15, 1932.

LIST B-12—List of Bonds purchased and delivered to City Treasurer between June 16, 1931 and June 15, 1932, arranged in the order of item numbers, that is, in the chronological order of purchase.

LIST C-12—List of Bonds delivered to City Treasurer between June 16, 1931 and June 15, 1932, arranged in consecutive order of the number of the packages in which the bonds are filed.

The Committee takes pleasure in acknowledging the courtesies extended and the efficient service rendered by the staff in the City Treasurer's office, thus reducing to a minimum the physical labor of handling such a large number of bonds.

Respectfully submitted,

Committee { WILMA RHINESMITH,  
                  MARY E. DUTTON.

## Y. M. C. A. Service Not Military Service

The Committee on Finance and Judiciary reports that:

The Pension Law provides (Section 155) that time spent in the military service of the United States within the pension period shall stand in lieu of a like number of years of teaching service in public schools providing such service is paid for at the current rates. Application has been made to the Pension Board for credit for service rendered in the employ of the Y. M. C. A. in France during the World War and the question as to whether this service should be allowed was referred to the attorney, Mr. I. T. Greenacre. On January 5, 1933, Mr. Greenacre rendered an opinion that service in the employ of the Y. M. C. A. could not be classified as employment in the military service of the United States and that therefore this time could not be counted.

The Committee recommends that the opinion of the attorney be made a part of this report and be printed in the proceedings and that the persons who have applied for credit for such service be notified of this action.

### OPINION OF ATTORNEY.

Board of Trustees,  
Public School Teachers' Pension and  
Retirement Fund,  
Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom has been referred the question as to whether time spent as a Y. M. C. A. welfare worker overseas during the World War may be counted as time spent in the military service of the United States under the provisions of Section 155 of the School Act respectfully reports that it is his opinion that if the service performed was what is generally understood by the term Y. M. C. A. welfare work, then such service is not military service within the meaning of the aforementioned section.

Ordinary Y. M. C. A. welfare workers engaged in that work overseas during the World War are not persons rendering such service as comes within the purview of Section 155 of the School Act. Persons entitled to the benefits of that section must have been in "the military service of the United States." Such Y. M. C. A. welfare workers were not engaged in such service.

The Y. M. C. A. generally hired such workers by a private contract and alone was responsible for their salaries. Such workers were solely responsible to the Y. M. C. A. for the services they performed. In other words, the employment and discharge of such workers rested in the hands of the Y. M. C. A. While it is true that such workers were subjected to a certain amount of military discipline while engaged in work in the war zones, and while so engaged were subject to court martial, the United States Government exercised no power of direction over the activities of these workers more than was necessary for the maintenance of military order.

Among the indispensable elements of military service is the taking of the military oath. In the matter submitted it does not appear that such oath was taken.

In an opinion rendered by the Judge Advocate General (Opinions of the Judge Advocate General, 1918, Vol. 2, page 489), on the question here involved, it was said:

"\* \* \* neither persons in the employ of the Young Men's Christian Association nor those in the employ of the American Red Cross are persons in the military service of the United States. \* \* \* Neither the American Red Cross nor the Young Men's Christian Association is a part of the Army or Navy, but both are purely civilian organizations."

It is therefore advised that on the facts submitted, time spent by appli-

cant in Y. M. C. A. welfare work overseas in the World War is not "time spent in the military service of the United States" and that such time cannot stand "in lieu of a like number of years of teaching service."

The above opinion is framed so as to indicate things necessary to constitute "military service" under the pension law, in order that the applicant may submit proofs of such necessary

facts if they exist, and then the matter may be further considered.

Respectfully submitted,

(Signed) I. T. GREENACRE.

On motion of Miss Rhinesmith, seconded by Dr. Whitehead, this report was received and ordered printed and the recommendations concurred in.

## REPORT OF COMMITTEE ON ANNUITIES AND CLAIMS

Miss Livingston, Chairman of the Committee on Annuities and Claims, presented the following reports of the Committee:

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the day on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, authorized and directed to deliver to the Secretary of the Board of Education a Duplicate of this Report; to enter on the Records of the Pension Board the Annuities granted herein; and to file this report and the applications herein listed in the Pension Office.

## Refund to Estate of Teacher Who Died Before Receiving Pension

The Committee on Annuities and Claims reports that the Pension Board at its meeting of November 16, 1932, granted an annuity to Nellie M. Duffy, a teacher in the Foreman Junior High School. Miss Duffy had taught 36 years, 7½ months in Chicago and 6 years and 4 months outside of the City and was therefore entitled to a pension of \$1,000 a year. She had contributed to the Fund \$1,190.05. Five days after the meeting of the Pension Board and before any pension checks had been issued, Miss Duffy died. The estate applied for a refund of four-fifths of the money she had contributed, and the matter was referred to the attorney, Mr. I. T. Greenacre for an opinion. On January 6, 1932, Mr. Greenacre rendered an opinion (submitted herewith) that the estate was entitled to the refund.

The Committee recommends that this opinion be made a part of this report and printed in the proceedings and that the estate of Nellie M. Duffy be granted a refund of four-fifths of the money contributed by her.

### OPINION OF ATTORNEY.

Board of Trustees, Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

In re: Estate of Nellie M. Duffy.

Your attorney to whom has been referred the application of the executor of the Estate of Nellie M. Duffy, deceased, a former contributor to the pension fund, to pay him as such

executor four-fifths of her contributions, respectfully reports that it is his opinion that:

Where (as from the facts stated it here appears that) the teacher's employment in the active service of the Board of Education has been terminated (and the teacher is otherwise entitled to a pension), and immediately applies for a pension, and the pension is shortly afterwards allowed, but five days later and before the first date (under the statute, section 153) for the monthly payment of pensions falling due after such allowance the applicant dies, without having received any pension or annuity from the fund, then under such circumstances the executor's application for the payment of four-fifths of such contributions should be allowed.

Section 161 provides among other things that:

"If any contributor to said fund dies while in the active service of said board of education as a teacher, or within five years after such person's last such service, and had not thereafter received a pension or annuity from said fund; then in either such case the executor or administrator of the estate of said contributor or former contributor (as the case may be), shall, upon application to said board of trustees be paid four-fifths of all the money said contributor may have contributed to said fund, not including any former refund."

Respectfully submitted,  
(Signed) I. T. GREENACRE.

On motion of Miss Livingston, seconded by Miss Mayhew, this report was received and ordered printed, and the recommendations concurred in.

## REPORT OF RECORDING SECRETARY

The Recording Secretary, Miss Rhinesmith, presented the following report:

(1587)

### Increased Work in Pension Office

The transfer of the pension records and of the pension work formerly done in the offices of the Board of Education from the Secretary's office to the Pension Office has caused an enormous increase in the amount of work performed in our office.

**Teachers' Records.** For ten years we have kept a card catalog of the teachers, on which we enter after each meeting of the Board of Education all assignments, transfers, etc., taking the information from the reports of the Board of Education.

We are now supplementing this with a set of "ledger sheets"—one for each teacher—on which are posted all deductions from salary, refunds, payments from non-contributors, etc. Sheets for each teacher in service from 1919 to 1926 were transferred to us by the Secretary of the Board of Education with the record completed from 1896 to 1926. Our work now is to bring that record down to date.

**Non-Contributors.** From July 1, 1901, to July 1, 1907, membership in the Pension was optional, that is, teachers were privileged to contribute or not, as they chose. On July 1, 1907, membership again became compulsory, and teachers were allowed six months to decide whether they would or would not be contributors. At various times since 1907 the legislature has permitted non-contributors to become contributors within certain stated periods. The last of these opportunities ended July 1, 1928. The computations of the amounts due from each of these non-contributors were kept on file by the Secretary of the Board of Education and are part of the records we received from that office.

**Statements of Time and Money.** Any teacher who requests it may have a statement of the time credited to her for pension and of the amount of money she has contributed to the fund. When our records are completed this will not take so much

time, but at present every one of these applications must be checked in the Board of Education office. If any question arises earlier records must be checked as well, and sometimes it is necessary to go to the Board's salary books in order to get the facts.

**Pension Warrants and Receipts.** The preparation and mailing of the 1,700 pension warrants each month is another large item in the work. The warrants are dated, numbered, and the annuitant's name and the amount of pension entered thereon. Receipts of the same date and number are mailed out with each pension warrant. If the annuitant fails to return her receipt the warrant for the following month is issued but not mailed until the annuitant is heard from. If the pension warrant is lost in the mail or by the annuitant herself a duplicate warrant is issued after the annuitant has filed the necessary legal papers.

The receipts must be put into order and the list checked in order that we may know whether the annuitant has returned her receipt for the last month before sending out the next warrant. This record is being kept as it was in the office of the Secretary of the Board of Education. It is an absolutely complete record. It shows the number of each pension warrant mailed, the amount, whether or not the receipt was returned, and whether or not the cancelled check was returned.

**Mail.** There has been a great increase in the amount of mail received. Seventeen hundred envelopes are received each month from the annuitants with receipts enclosed. Addresses must be carefully checked to be sure the warrants are mailed to the proper place.

In addition, there is a constant stream of inquiries from prospective annuitants and other teachers as to their status, as well as requests for

information as to specific provisions of the pension law from both teachers and persons outside the service. Letters and printed matter are sent in answer.

**Payments for Outside Service.** The law as amended and in effect July 7, 1931, provides for payment from present teachers and from future entrants for their service in public schools outside Chicago. At least 4,500 teachers are affected by this ruling, but because of the recent scarcity of pay days and because payment need not be made until 1936, only a minor fraction of that number has paid up. When pay days become more frequent these outside time bills will require more time; also notices must be mailed frequently to the teachers who have not completed payment reminding them of this obligation.

**Tax Anticipation Warrants.** Board of Education Tax Anticipation Warrants are accepted in payment of the

outside time bills, and of any other sums due the fund from teachers or annuitants. These warrants are turned over to the City Treasurer as part of our invested fund, and a record of them is kept in the pension office so that any warrant may be at once identified as to date of issue, date received by pension board, date delivered to City Treasurer, and also by the name of person from whom the warrant was received.

The ideal of the office is to have the records in such shape that any information can be furnished with the least possible delay.

Respectfully submitted,

WILMA RHINESMITH,  
Recording Secretary.

Teachers entering the service after July 7, 1931, make payment at the present rates, and payment must be completed within five years from date of assignment.

The following teachers have made payment, in part or in full, for their outside service on the dates and in the amounts indicated after their respective names:

\*NOTE: PUBLIC MONEY. For the Public School Teachers' Pension and Retirement Fund a separate tax of three-twentieths of a mill was levied each year up to 1930 on each dollar of assessed valuation of property in Chicago. To this tax the Board of Education was required to add an appropriation from the Educational Fund sufficient to make the total public money \$2.00 for each \$1.00 deducted from teachers' salaries and paid into the Pension Fund. Owing to the delay in the collection of taxes, only part of the tax money has been received and the money due the pension fund from the Board of Education has not been received, although appropriation therefor was made in the budget of the Board.

In 1931 the tax rate was one-fourth of a mill on each dollar, but no money from the 1931 levy was received by the Pension Board before January 1, 1933.

### Disability Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Disability Annuities, the Committee has received from the Recording Secretary and submits herewith certificates from the physicians appointed by the Pension Board to examine the persons hereinafter listed; that it has considered these certificates and the applications for Disability Annuity submitted by these persons together with other evidence and finds that each such person has completed twelve or more years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; and that each has been declared by three competent physicians who have made a physical examination of said person to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching. The committee therefore

### The Annuitants of February, 1933

The Committee on Annuities and Claims presents the following report:

**NOTE:** The Financial Secretary reports 1,692 annuitants drawing pension in December, 1932. This includes only those who have completed their payments into the Fund. The Recording Secretary, reporting the number in February, subtracts from 1,692 the sum of those who have returned to service and those whose deaths have been reported, and adds those who were placed on the pension roll in January, including all those whose payments are not completed.

The following table shows the number of annuitants who have from 25 to 35 years of service, with the rate of annuity for each such year and the amount that will be paid to each group when all payments into the fund are completed. It also shows the number of disability annuitants and the number of annuitants who retired under the old law (that is, before July 1, 1907) with less than 25 years of service. The amounts are computed at the rates authorized by the legislature of 1923, although the increases granted by the legislature in that year have been withheld since September 1, 1927, from those persons who were placed on the pension roll before July 1, 1923, on account of injunction proceedings instituted against the Pension Board.

The Pension Law as amended by the Legislature of 1931, provides that any person retired by the Board of Education under the Compulsory Retirement Law with less than 25 years of service shall receive as pension such proportion of \$800 as his time of service bears to 25 years. These are the "Special" annuitants shown in the Table.

Mosser & Company, Inc., concerning the extension of maturity of bonds of Manteno Township High School District No. 305, Kankakee County, Illinois, due September 1, 1932 and 1933.

"Chicago, January 31, 1933.

Public School Teachers' Pension & Retirement Fund,  
228 N. La Salle St.,  
Chicago, Illinois.

Dear Madam:

The Secretary of the Manteno Township High School District No. 305, Kankakee County, Illinois, writes us asking if we could arrange with the holders of their bonds maturing in 1932 and 1933 to extend payment of the same. They could then be certain of meeting their maturities and keeping up their interest. Our records show you have bonds Nos. 9 and 10, due September 1, 1932 and bonds Nos. 11, 12 and 13, maturing September 1, 1933. The district would like to extend the payment of these to mature as follows:

\$1,000	September 1, 1934
1,000	September 1, 1935
1,000	September 1, 1936
1,000	September 1, 1937
1,000	September 1, 1938

Will you please advise whether or not this is satisfactory and we will take it up with the district and endeavor to arrange for issuance of new bonds of these maturities? We recommend that you agree to this extension.

Yours very truly,

S. C. MOSSER & CO."

### Sale of Fourth Liberty Loan Bonds Completed

The Committee on Finance and Judiciary reports that in accordance with the authorization and direction given by the Pension Board at its adjourned regular meeting of March 24, 1933, (see proceedings of that date, Doc. 1606), the sale of \$145,000 of Fourth Liberty Loan Bonds was completed and the money was deposited with the City Treasurer in time to pay the March pensions. The bonds were sold on March 28, 1933, at 101-9/32, making the total amount received \$146,566.81. In addition to this sum, accrued interest from October 15th to March 28th (the date of sale) was paid on the regular interest date, April 15th.

The Committee acknowledges with gratitude the assistance rendered by the City Treasurer, Mr. James A. Kearns, and his staff. Mr. Kearns by his intervention enabled the Pension Board to obtain the money promptly and without the payment of any commission on the sale.

The Committee further reports that money is now coming in on the 1931 tax levy and this with the other income of the Board practically assures the payment of future payrolls on time.

On motion of Miss Rhinesmith, seconded by Dr. Whitehead, this report was received and ordered printed.

## Assign Pension Clerk in Office of City Treasurer

### LETTER FROM CITY TREASURER.

Chicago, April 24, 1933.

Board of Trustees, Public School Teachers' Pension & Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

I desire to call your attention to the growing detail work incident to the management of that portion of the financial affairs of your Fund, handled in the City Treasurer's office.

For the past two years, I have done everything possible to handle such pension fund affairs with City employees, without calling upon your body for assistance. We have now reached the point, however, by reason of the increasing detail in the City and Board of Education work, and increased duties devolving upon us in handling the affairs of your Fund, particularly those incident to the custodianship of securities, including the detail of work involved in collection of interest thereon, where we can no longer go along without clerical assistance.

I am, therefore, presenting for your consideration the suggestion that authority be given the treasurer to provide one clerk to handle some of the work incident to your fund, so that the employees of my office, paid by the City, can be relieved of a portion of this work in order to take care of their pressing regular duties.

The handling of securities and collections thereon will continue under the supervision of employees of the Treasurer's office paid by the City, but the detail of work involved in recording same and assisting in the collection will devolve upon the clerk whom we are requesting authorization to employ.

Please give this matter your prompt consideration and oblige

Yours very truly,

(Signed) JAMES A. KEARNS,  
City Treasurer.

In accordance with the request of the City Treasurer, Miss Rhinesmith presented the following:

### RESOLUTION AUTHORIZING PENSION CLERK IN CITY TREASURER'S OFFICE

Be it Resolved by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois, at its regular meeting held at its offices in said City on June 16, 1933, a quorum of members thereof being then and there present that James A. Kearns, the City Treasurer of the City of Chicago in the County of Cook, State of Illinois, ex-officio Treasurer of said Teachers' Pension and Retirement Fund be and he is hereby authorized to hire one clerk to be employed in the office of said Treasurer; said clerk to devote his entire time and attention to the matters of said Pension Fund arising in the office of the City Treasurer; that the clerk so employed shall be paid at the time and in the same manner as the clerks employed in the office of said Pension Fund; that the Secretary and Auditor of the Board of Education of the City of Chicago are hereby authorized to make payment to such person so employed when his or her name shall have been reported to said Pension Board and the days of service are reported on the "Clerical Service" payroll; that said clerk shall receive compensation at the rate of \$150.00 per month; and that said clerk shall give bond to said Treasurer at the expense of said Pension Board.

Be it Further Resolved that on the next "Clerical Service" payroll Robert B. Calloway be paid \$150.00 for services rendered from June 1, 1933, to June 30, 1933.

On motion of Miss Rhinesmith, seconded by Mr. Geilen, this resolution, authorizing the employment of a pension clerk in the City Treasurer's office was adopted by the following roll-call vote:

Ayes—Miss Rhinesmith, Miss Dutton, Miss Mayhew, Mr. Geilen, Dr. Whitehead—5.

Nays—None.

Teachers entering the service after July 7, 1931, make payment at the present rates, and payment must be completed within five years from date of assignment.

The following teachers have made payment, in part or in full, for their outside service on the dates and in the amounts indicated after their respective names:

### Extension of Maturity of Bonds

The Recording Secretary presented the following Resolutions:

#### EXTEND MATURITY OF BONDS COOK CO., ILL., SCHOOL DISTRICT NO. 69 (NILES CENTER).

Whereas Public School Teachers' Pension and Retirement Fund, Chicago, Illinois, is the owner of 25 bonds numbered 16 to 40 inclusive, in the principal sum of \$1,000 each, each issued by School District No. 69 (Niles Center) Cook County, Illinois, dated April 1, 1927, due serially at the rate of \$5,000 a year on the first day of April in each of the years 1933 to 1937 both years inclusive, and bearing interest at the rate of 4½% per annum, and

Whereas bonds number 16 to 20, both numbers inclusive, of said issue are now unpaid and said School District is unable to retire all or any of said bonds because of tax collection delinquencies in said district, and

Whereas it is the sense of the Board of Trustees that it is to the best interest of said Pension and Retirement Fund to protect the market value of bonds numbered 21 to 40 of said bonds both numbers inclusive, now therefore,

Be it resolved by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois, at its regular meeting held at its offices in said City, on June 16, 1933, a quorum of the members thereof being then and there present, that James A. Kearns, the City Treasurer of the City of Chicago, in the County of Cook, and the State of Illinois, ex-officio Treasurer of said Pension and Retirement Fund, be and he is hereby requested, authorized and directed to immediately cause to be delivered to School District No. 69, (Niles Center) Cook County, Illinois, bonds numbered 16 to 20, both numbers inclusive, for the principal sum of \$1,000 each, issued by said School District, dated April 1, 1927, and due April 1, 1933, and bearing interest at the rate of 4½% per annum which said bonds are owned by said Pension and Retirement Fund and are now in the possession of said Treasurer, and to accept in payment of principal thereof \$5,000; and that simultaneously therewith and upon cancellation of said bonds by said School District said Pension and Retirement Fund purchase of said School District five refunding bonds issued by said School District in the amount of \$1,000 each, bearing interest at the rate of 4½%, dated April 1, 1933, and maturing serially on the first day of April in each of the years 1940 to 1944, both years inclusive.

Be it further resolved that Wilma Rhinesmith, Recording Secretary of said Pension and Retirement Fund, be and she is hereby authorized and directed to sell, assign, transfer and set over to said School District said bonds above described and is hereby directed, authorized and empowered by and for said Board of Trustees and Fund and in their names or in the name of either of them to execute, sign, seal and deliver any and all endorsements, assignments, bills or sale, orders or directions, releases or transfers of registry, proxies or substitutions, powers of attorney, or other documents or papers, or written instruments as may be necessary or convenient or proper to perfect in said School District title to such bonds or any of them.

(1634)

**EXTEND MATURITY OF BONDS, DuPAGE CO., ILL., SCHOOL DISTRICT NO. 45  
(VILLA PARK).**

Whereas Public School Teachers' Pension and Retirement Fund, Chicago, Illinois, is the owner of 14 bonds numbered 7 to 20 inclusive, in the principal sum of \$1,000 each, each issued by School District No. 45 (Villa Park) DuPage County, Illinois, dated July 1, 1924, due serially at the rate of \$2,000 a year on the first day of May in each of the years from 1933 to 1939, both years inclusive, and bearing interest at the rate of 5% per annum, and

Whereas bonds No. 7 and 8 of said issue are now in default and said School District is unable to retire either of said bonds because of tax delinquencies in said district, and

Whereas it is the sense of the Board of Trustees that it is to the best interests of said Pension and Retirement Fund to protect the market value of bonds numbered 9 to 20 inclusive, now therefore,

Be it resolved by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois, at its regular meeting held at its offices in said City, on June 16, 1933, a quorum of the members thereof being then and there present, that James A. Kearns, the City Treasurer of the City of Chicago, in the County of Cook, and State of Illinois, ex-officio Treasurer of said Pension and Retirement Fund, be and he is hereby requested, authorized and directed to immediately cause to be delivered to H. C. Speer & Sons Company bonds numbered 7 and 8 for the principal sum of \$1,000 each, issued by School District No. 45 (Villa Park) DuPage County, Illinois, dated July 1, 1924, and due May 1, 1933 and bearing interest at the rate of 5% per annum which said bonds are owned by said Pension and Retirement Fund and are now in the possession of said Treasurer, and to accept in payment of principal therefor, \$2,000; and that simultaneously therewith and upon cancellation of said bonds by said School District said Pension and Retirement Fund purchase of said H. Whereas the Board of Trustees of said Retirement Fund is informed and believes that because of banking and tax delinquencies said School District will be unable to retire any of these bonds at maturity with the result that said bonds will then be in default and the financial stability of the District will be impaired, and,

Whereas it is the sense of said Board of Trustees that it will be to the best interests of said Pension and Retirement Fund that said bonds be surrendered up to said School District and in exchange therefor accept refunding bonds of equal face value, now therefore,

Be it resolved by the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois, at its regular meeting held at its offices in said City on June 16, 1933, a quorum of the members thereof being then and there present, that James A. ## REPORTS OF RECORDING SECRETARY

The Recording Secretary, Miss Rhinesmith, presented the following reports:

(1649)

### Unearned Pension

The Recording Secretary reports that since the last report on "Unearned Pension" this office has been notified of the deaths of the annuitants named in the following list, and that the warrants for the amounts set opposite their respective names had been issued before such notice was received. These warrants have therefore been deposited back into the Fund, and new warrants as shown in the list below have been issued for the balance due their respective estates.

#### Unearned Pension

Name	Date of Death	—War'nt Deposited—		Month of Pension	—New Warrant—	
		War'nt No.	Amount		War'nt No.	Amount

Wollaston, Dora ....	6/33	*	16.80	6/33	.....	....

The Recording Secretary further reports that the following warrant, issued February 6, 1931, has never been presented for payment. This warrant should have been returned to the Pension Board as Unearned Pension. The Secretary therefore recommends that a duplicate warrant be issued and deposited back into the fund.

### Unclaimed Pension—Duplicate Warrants

The Recording Secretary reports that she has received from the Auditor of the Board of Education information that the following warrants issued more than five years ago have never been returned to the City Treasurer. In order to clear the record the Secretary recommends that duplicate warrants be issued in place of the original warrants and that these duplicates be filed with other warrants of like date. Those warrants which are classed as "Payments Due Fund" and "Unearned Pension" are payments due the fund.

### Outside Time—Correction of Record

The Committee on Finance and Judiciary reports that the Board of Trustees at its meeting of October 24, 1921 (see proceedings of that date, page 739, Doc. 300B) approved an affidavit of Outside Experience showing 8 years 0 months of outside service for Emma Hartman of the Fiske School. The dates given on the affidavit show only seven years of time instead of eight. The Committee therefore recommends that the record be corrected to show seven years of service for Emma Hartman and that Miss Hartman be notified of this change.

### Disability Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Disability Annuities, the Committee has received from the Recording Secretary and submits herewith certificates from the physicians appointed by the Pension Board to examine the persons hereinafter listed; that it has considered these certificates and the applications for Disability Annuity submitted by these persons together with other evidence and finds that each such person has completed twelve or more years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; and that each has been declared by three competent physicians who have made a physical examination of said person to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching. The committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted a Disability Annuity in the amount set forth below opposite his or her name; said Disability Annuity to date from the day on which the application was received, and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, authorized and directed to deliver to the Secretary of the Board of Education a Duplicate of this Report, together with the Applications and the physicians' certificates herewith submitted; to enter on the Records of the Pension Board the Disability Annuities granted herein; and to file this report in the Pension Office.

### Amend By-Law 7 for One Year Only—Change Date of Election of Canvassing Board

The Committee on Pension Law and Rules reports:

That owing to the delay in the opening of schools and the large number of teachers transferred, it seems advisable to postpone the dates for the election of Judges and Clerks in the schools, for the filing of nominating petitions, and for the election of the Canvassing Board.

The Committee therefore recommends the adoption of the following

- (1) Amend Sections II and III, so that the notices of Elections shall be mailed on Saturday of the seventh week preceding the final election (instead of the eighth week).
- (2) Amend Section V to provide that nominating petitions shall be filed at least eight days before the primary election (instead of ten days).
- (3) Amend Section VII to provide that the Canvassing Board shall be elected on the Wednesday following the Election of Judges and Clerks (instead of the Friday).

## Issue Identification Cards for Pensioners

### LETTER FROM CITY TREASURER.

(1671)

Chicago, September 25, 1933.

Board of Trustees, Public School Teachers' Pension and Retirement Fund, Wilma Rhinesmith, Recording Secretary, 228 N. LaSalle Street, Chicago, Illinois.

Ladies and Gentlemen:

From time to time pay checks and pension checks are lost, stolen or otherwise come into the possession of persons other than the rightful owners.

The City has issued an identification card to each employe as a means of minimizing forgeries of the names of employes on checks issued by the City, and we request herewith that your pension board issue like identification cards to pensioners carried on your roll.

The cashiers of the City Treasurer's Department have been instructed to refuse payment on any check presented by any person who cannot pro-

duce a regulation identification card containing his or her signature, a number, and the signature of the person who is designated to issue the identification card.

You no doubt are familiar with the form of identification cards that have been issued by the City and we request that the card issued by your Board conform to the City card. In order that it may be readily distinguished from other like cards, we request that the color of the card be orange.

Thanking you for your immediate attention, in order that the pensioners may not be inconvenienced or delayed in cashing their checks, I am,

Very truly yours,  
(Signed) JAMES A. KEARNS,  
City Treasurer.

On motion of Miss Rhinesmith, seconded by Mr. Geilen, this communication was accepted and ordered printed in the proceedings.

(Note: See Document 1674 in these proceedings.)

## REPORTS OF RECORDING SECRETARY

The Recording Secretary, Miss Rhinesmith, presented the following reports:

(1673)

### Analysis of Vote at Pension Election

The Recording Secretary submits the following analysis of the vote cast on October 6, 1933, at the Pension Election, compiled from the official report of the Canvassing Board:

Ballots		VOTES		
No. of ballots in group	Mr. Geilen	Miss Livingston	20 Candidates (Names written in)	
8995	8995	8995		
373	373			
254		254		
Ungrouped: 34	16	4		38
<u>9656</u>	<u>9384</u>	<u>9253</u>		<u>38</u>
9656 ballots voted				
70 blank ballots				
31 mutilated ballots				
<u>9757</u> ballots taken from boxes				

### EXPLANATION.

The ballots are purposely so handled that no record can possibly be made as to how any particular school or district voted. The number of ballots received from each school is recorded and the ballots are then placed in large ballot boxes with ballots from other schools. After all ballots have been received they are distributed to the tables for the canvass of the votes.

In the canvass the ballots are divided into groups, each group consisting of all ballots on which the same persons are voted for. When the reports were assembled the above totals were shown. The "Ungrouped" ballots are those on which names were written in.

(1674)

### Identification Cards Issued

The Recording Secretary reports that in accordance with the request in the communication from the City Treasurer as set forth in Document 1671 (above) identification cards were printed according to the specifications set forth by the City Treasurer, and are being furnished to the annuitants when requested by them.

The Recording Secretary recommends that this report be received and that the issuance of identification cards be approved.

### Transfer Pension Work to Pension Office

The Recording Secretary reports that in accordance with the action of the Board of Education at its meeting on September 7, 1932, transferring the books and records kept in the office of the Board of Education to the Pension Office as reported to the Pension Board at its meeting of September 16, 1932, (see proceedings of that date, page 2, Document 1527) the Secretary and Auditor of the Board of Education have turned over to this office the last of the pension work. In order to make it possible to sign pension checks in this office the following communications were delivered to the City Treasurer. The Recording Secretary further reports that the October pension checks were prepared, signed, and mailed without sending them through the offices of the secretary and auditor of the Board of Education.

† On May 5, 1933, bonds having a face value of \$113,000 were purchased from Seipp, Princell & Company. This made a total amount paid to the fund by Seipp, Princell of \$30,683.34, of which \$141.67 is interest on investment.

## PENSION PAYROLL FOR THE MONTH OF OCTOBER, 1932

NOTE: If an annuitant does not return the receipt for her pension warrant, the warrant for the following month is issued, but it is not mailed until the receipt for the preceding month is returned. If the death of an annuitant is not reported until after one or more warrants have been issued, these warrants are deposited back into the Fund as Unearned Pension and another warrant for the fractional part of the month up to the date of death is issued to the estate.

### LIST A.

The annuitants in the following list were placed on the pension roll before July 1, 1923, and therefore the increases authorized by the legislature of 1923 are withheld from the amounts paid them each month pending a decision in the injunction suit which seeks to prevent the Pension Board and the City Treasurer from paying those increases.

## LIST B.

The Annuitants in the following list were placed on the pension roll since July 1, 1923, and are therefore not affected by the suit for injunction.

A teacher retiring with more than 25 years of service adds to the deductions from salary an amount sufficient to bring the total to the sum required for 25 years of service; he then receives \$800, the annuity paid for 25 years of service, and the additional annuity allowed for additional service accumulates until the required payment for the additional annuity is completed.

### Refund Overpayment on Carrier Mills Bonds

The Committee on Finance and Judiciary reports that it has received from the Recording Secretary and presents herewith the following communication from Glaspell, Vieth and Duncan in regard to the bonds of Carrier Mills.

The Pension Board ordered the purchase of these bonds at its meeting of November 17, 1933. (See proceedings of that date, pages 395 and 397.)

#### LETTER FROM GLASPELL, VIETH & DUNCAN,

Chicago, Illinois, January 8, 1934.

Board of Trustees of the Public School Teachers' Pension and Retirement Fund, 228 North La Salle Street, Chicago, Illinois.

In connection with the recent re-financing of Carrier Mills Township, Saline County, Illinois, we find that in computing the interest due you on the defaulted bonds, we credited you twice with an interest item of \$30.00 on bond No. 26.

We have taken the matter up with your attorney, who has refigured the transaction and confirms our figures.

As the Township has written us asking that we reimburse them for the \$30.00, we ask that at your convenience, you kindly forward us your check for this amount.

Very truly yours,

GLASPELL, VIETH & DUNCAN,

By (Signed) T. A. Worley.

The Committee further reports that it has consulted the attorney and believes this claim is just. It therefore recommends that the Recording Secretary be and hereby is authorized and directed to prepare and, upon the same being duly signed, to issue a voucher warrant for thirty dollars

(\$30.00) to reimburse Glaspell, Vieth & Duncan for over-payment of interest as set forth above.

On motion of Dr. Whitehead, seconded by Mr. Geilen, this report was approved and the recommendation concurred in by the following roll-call vote:

Ayes—Miss Dutton, Miss Livingston, Miss Mayhew, Mr. Geilen, Dr. Whitehead—5.

Nays—None.

### Amend Resolution in re West Pullman Park Bonds

The Committee on Finance and Judiciary reports that the Board of Trustees, at its meeting of November 17, 1933 (see proceedings of that date, page 396), ordered the purchase of \$11,000.00 of refunding bonds of West Pullman Park District on consideration of the purchase by the Park District of a like amount of past due bonds held by the Pension Board, and of the redemption of all past due coupons amounting to \$1,437.50.

The District now finds itself unable to redeem all these coupons and the Committee therefore recommends that the Resolution set forth on page 396 of the proceedings of November 17, 1933, Document 1684, be amended by changing the amount of interest to be paid to \$950.00.

On motion of Dr. Whitehead, seconded by Miss Mayhew, this report was approved and the recommendations concurred in by the following roll-call vote:

Ayes—Miss Dutton, Miss Livingston, Miss Mayhew, Mr. Geilen, Dr. Whitehead—5.

Nays—None.

### Pay Warrant Due Estate of Annuitant

The Committee on Annuities and Claims reports that Henrietta Hannahs, who has been on pension for several years, died in Tujunga, California, on November 13, 1933. So far as can be learned she had no living relatives, and a neighbor cared for her during her last illness. After her death sums were still due the druggist, doctor, and undertaker, and no money was left to pay them. Satisfactory evidence of the truth of these statements has been presented to the Committee.

The Committee recommends that the thirty-three dollars (\$33.00) due the estate of Miss Hannahs be paid to her neighbor, Mrs. Gladys S. Bruner, who has pledged herself to use the money in paying Miss Hannah's just debts.

On motion of Miss Livingston, seconded by Dr. Whitehead, this report was approved and the recommendation concurred in by the following roll-call vote:

Ayes—Miss Dutton, Miss Mayhew, Miss Livingston, Mr. Geilen, Dr. Whitehead—5.

Nays—None.

### Call for Meeting

There will be a special meeting of the Board of Trustees of the Public School Teachers' Pension and Retirement Fund on Friday, February 9, 1934, at 4 o'clock for the purpose of electing a member of the Pension Board to fill the vacancy (until the next regular election in October, 1934), caused by the death of Miss Rhinesmith; also to elect a Recording Secretary, and to fill such other offices and places on Committees as may be necessary to complete the organization.

(Signed) MARY E. DUTTON,  
President.

Acting in accordance with the expressed wishes of Miss Rhinesmith's family no resolutions of sympathy and appreciation were adopted, but the President reported that the following announcement was mailed to the annuitants with the January pension warrants:

*To the Annuitants:*

It is with deep sorrow and regret that the Teachers' Pension Board announces the death of Miss Wilma Rhinesmith, who departed this life on Monday, January 22, 1934. For seventeen years Miss Rhinesmith has been a member of the Pension Board and Chairman of the Committee on Finance and Judiciary. Since the retirement of Miss Mary M. Abbe two years ago Miss Rhinesmith held also the office of Recording Secretary.

The Pension Board and the Chicago teachers by her death have lost a wise counsellor whose faithful devotion to duty and whose calm, unimpassioned judgment have contributed largely to the successful conduct of pension affairs in the years now gone by.

We know that the annuitants, many of whom knew Miss Rhinesmith personally as well as officially, join the Pension Board in sympathy for the bereaved family, and in a realization of the loss suffered by the school system and by the pensioners.

*Board of Trustees of the  
Public School Teachers' Pension and Retirement Fund*

By MARY E. DUTTON  
President

*Chicago, February 26, 1934.*

### Outside Time—Correction of Record

The Committee on Finance and Judiciary reports that the Board of Trustees at its meeting of February 15, 1918 (see proceedings of that date, Vol. III, page 226, Doc. 13; also proceedings of October 24, 1921, Vol. IV, page 735, Doc. 300-A) approved an affidavit of Outside Experience showing 7 years 5 months of outside service for Frances I. McIlhon of the Agassiz School. The dates given on the affidavit show only 6 years 5 months of time instead of 7 years 5 months. The Committee therefore recommends that the record be corrected to show 6 years 5 months of outside service for Frances I. McIlhon and that Miss McIlhon be notified of this change.

On motion of Miss Mayhew, seconded by Mrs. Larkin, the Reports of the Committee on Finance and Judiciary, Documents numbered 1710 to 1714A, both inclusive, were approved and ordered printed in the proceedings.

## REPORT OF COMMITTEE ON ANNUITIES AND CLAIMS

Dr. Whitehead, Chairman of the Committee on Annuities and Claims, presented the following reports of the Committee:

(1719)

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. In each case where the amount of annuity recommended, as hereinafter stated in this report, exceeds the sum of \$800, the applicant has in effect made application for two annuities, that is, one regular full service annuity for \$800 and an additional annuity for the amount of such excess based on additional service, together aggregating the amount stated.

The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the day on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, directed to enter on the Records of the Pension Board the Annuities granted herein; and to file this report and the applications herewith submitted in the Pension Office.

### Disability Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Disability Annuities, the Committee has received from the Recording Secretary and submits herewith certificates from the physicians appointed by the Pension Board to examine the persons hereinafter listed; that it has considered these certificates and the applications for Disability Annuity submitted by these persons together with other evidence and finds that each such person has completed twelve or more years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; and that each has been declared by three competent physicians who have made a physical examination of said person to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching. The committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted a Disability Annuity in the amount set forth below opposite his or her name; said Disability Annuity to date from the day on which the application was received, and to take effect when the applicant shall have complied with the provisions of the Pension Law.

### Audit of Pension Fund

The Recording Secretary reports that with the transfer of the pension work formerly done in the offices of the Secretary and the Auditor of the Board of Education, it seems advisable to have periodical audits of the Pension Fund; and in this connection presents the following

**LETTER FROM MR. HENRY R. CORBETT.**

Chicago, January 30, 1934.

Public School Teachers'  
Pension and Retirement Fund,  
228 N. La Salle Street,  
Chicago, Illinois.

You have called my attention to the need of an audit of receipts and disbursements of the Fund. This is of course quite necessary. However accurately and efficiently your accounts are kept you would in my opinion be expected to have such accuracy attested by competent persons outside your office. In view of our familiarity with your office system, the history of the Fund and the requirements of the case, we could do this work for you at less cost than you would probably pay for an equally reliable audit by anyone else.

There is another service which I think it would be wise to have, which we could give you in connection with the audit at less cost than the two would require if done separately. Let me call your attention to the following from the printed report on the examination of your Fund in 1932 (page 2):

"If the situation were fully understood, the management of every pension fund of this type would have actuarial examinations, just as they now have audits of their general accounts. The cost of each examination would be very moderate if made frequently and regularly."

A report made now would bring the former report up to date. It would show what trends are different now.

This is more important than at ordinary times in view of the exceptional conditions we are passing through, and in view of the announced intention of certain interests to force a change from the present type of Fund. Special attention would of course be given to bringing out facts bearing upon that proposal.

The last examination was made with a special view to save the Fund money in case you have another examination to bring the figures up to date. All the work sheets and the various tables of rates and factors were left in shape to facilitate another such examination. Many of the new items would be obtained from the changes (deaths, withdrawals, new pensions granted, etc.). In fact both of the two services now needed, audit and revised examination if made together could be made for approximately one-fourth—certainly not over one-third of the cost of the valuation of 1932.

Very truly yours,

(Signed) HENRY R. CORBETT.

On motion of Miss Dutton, action on this report was deferred until the next meeting.

\*NOTE: PUBLIC MONEY. For the Public School Teachers' Pension and Retirement Fund a separate tax of three-twentieths of a mill was levied each year up to 1930 on each dollar of assessed valuation of property in Chicago. To this tax the Board of Education was required to add an appropriation from the Educational Fund sufficient to make the total public money \$2.00 for each \$1.00 deducted from teachers' salaries and paid into the Pension Fund. Owing to the delay in the collection of taxes, only part of the tax money has been received and the money due the pension fund from the Board of Education has not been received, although appropriation therefor was made in the budget of the Board.

In 1931 the tax rate was one-fourth of a mill on each dollar, in 1932 and 1933 the rate was four-tenths of a mill, and beginning with 1934 the rate will be one-half of a mill on each dollar of assessed valuation.

### Disability Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Disability Annuities, the Committee has received from the Recording Secretary and submits herewith certificates from the physicians appointed by the Pension Board to examine the persons hereinafter listed; that it has considered these certificates and the applications for Disability Annuity submitted by these persons together with other evidence and finds that each such person has completed twelve or more years of service in Public Schools of the United States, of which service at least the last three-fifths has been in Chicago; and that each has been declared by three competent physicians who have made a physical examination of said person to be suffering from a disability which wholly and presumably permanently incapacitates him or her for teaching. The committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted a Disability Annuity in the amount set forth below opposite his or her name; said Disability Annuity to date from the day on which the application was received, and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, directed to enter on the Records of the Pension Board the Disability Annuities granted herein; and to file this report and the applications and physicians' certificates herewith submitted in the Pension Office.

## The Annuitants of February, 1934

(1471-A)

The Committee on Annuities and Claims presents the following report:

NOTE: The Financial Secretary reports 1,828 annuitants drawing pension in December, 1933. This includes only those who have completed their payments into the fund. The Recording Secretary, reporting the number in February, subtracts from 1,828 the sum of those who have returned to service and those whose deaths have been reported, and adds those who were placed on the pension roll in January, including all those whose payments are not completed.

The following table shows the number of annuitants who have from 25 to 35 years of service, with the rate of annuity for each such year and the amount that will be paid to each group when all payments into the fund are completed. It also shows the number of disability annuitants and the number of annuitants who retired under the old law (that is, before July 1, 1907) with less than 25 years of service. The amounts are computed at the rates authorized by the legislature of 1923, although the increases granted by the legislature in that year have been withheld since September 1, 1927 from those persons who were placed on the pension roll before July 1, 1923, on account of Injunction proceedings instituted against the Pension Board.

The Pension Law as amended by the Legislature of 1931, provides that any person retired by the Board of Education under the Compulsory Retirement Law with less than 25 years of service shall receive as pension such proportion of \$800 as his time of service bears to 25 years. These are the "Special" annuitants shown in the Table.

### Accept Part Payment on Overdue Bonds

The Committee on Finance and Judiciary reports that the Board of Trustees owns five refunding bonds of the City of Cairo, Illinois, denomination \$1,000, total \$5,000. These bonds matured January 1, 1934, but were not paid at maturity. The City of Cairo now wishes to pay Two Hundred Dollars on each bond as part payment of the principal.

The Committee recommends that this offer be accepted and that the Board of Trustees adopt the following:

#### RESOLUTION AUTHORIZING PART PAYMENT ON CITY OF CAIRO BONDS.

in its offices in said city, on June 15, A. D. 1934, a quorum of the members thereof being then and there present, that James A. Kearns, City Treasurer of said city, ex-officio treasurer and custodian of said pension and retirement fund, be and he hereby is authorized, empowered and directed to accept the sum of Two Hundred Dollars (\$200.00) on each bond as part payment, only, of the principal amount now due and in default on each of the five following bonds: City of Cairo (Illinois), Refunding Bonds, each in the principal amount of \$1,000.00, numbered 58, 59, 60, 61, and 62, each dated January 1, 1914, each of the said principal amounts thereof due January 1, 1934, and each bearing interest at 5% per annum; and he hereby is further authorized, empowered and directed to cause or permit to be made an endorsement on each said bond to the effect that said payment of \$200.00 is in part payment only of the principal amount of \$1,000.00 now due on the said bond.

### Opinions From the Attorney

The Committee on Finance and Judiciary presents the following opinions of the Attorney for the Pension Board, Mr. I. T. Greeacre:

#### ENDORSEMENT OF PENSION WARRANT IN CASE OF ILLNESS.

Chicago, April 18, 1934.

To the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom has been submitted the question as to how a pensioner, who is in such an ill state of health (but not incompetent or insane) that she is unable to write or sign her signature as an endorsement on her monthly pension warrant, can cash such pension warrant without her endorsing the same, respectfully reports that:

It is his opinion that in such a case the pensioner should give to some person of her own choice a general power of attorney to receive and receipt for her pension and file the same with you. Her signature to such power of attorney should be made by placing her mark as her signature thereon.

her  
Jane X Doe.  
mark

This signature by mark should be witnessed by two competent disinterested adult persons. The signature by mark should then be properly acknowledged by the pensioner as her own free and voluntary act before a notary public. The notary public should state the date of expiration of his commission. If such power of attorney is not executed in the State of Illinois a Certificate of Conformity and Magistracy should be attached to the acknowledgment. The appointee under the

power of attorney would then have power to endorse and cash pension warrants for the benefit of such pensioner.

Respectfully submitted,  
(Signed) I. T. GREENACRE.

(1758)

#### DEFER DECISION ON CWES SERVICE.

Chicago, Illinois,  
June 8, 1934.

To the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

Your attorney to whom has been submitted the question as to whether the time, spent by a teacher (who was formerly in the active service of the Board of Education of the City of Chicago and a contributor to the pension fund and who was placed on the so called "eligible list" by said Board of Education pursuant to its economy program) in the employ of the Federal Emergency Relief Administration in its Civil Works Educational Service Program as a teacher of adult education, etc., in one of the public school buildings, shall be counted for pension purposes, respectfully reports that:

It is his opinion that such time in such service should not now be counted for pension purposes but the matter should be continued generally without prejudice until such time as the service status of such teacher under the Board of Education has become finally fixed and known. The question may be finally determined when the essential facts and elements involved in the situation have developed and are known.

Respectfully submitted,  
(Signed) I. T. GREENACRE.

**CLAIM OF ESTATE OF NON-CON-  
TRIBUTOR TO REFUND—DENIED.**

Chicago, June 8, 1934.

To the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

Ladies and Gentlemen:

Your attorney, to whom has been submitted the question as to whether or not the Estate of Maud Herrington, deceased, is entitled to a refund from the Public School Teachers' Pension and Retirement Fund of Chicago of moneys paid by or for her prior to July 1, 1907, to the Public School Teachers' and Public School Employ-

es' Pension and Retirement Fund of Chicago, respectfully reports that:

It is his opinion that no refund should be so made to said estate.

The deceased never was a contributor or former contributor to the present pension fund. She never availed herself of the various opportunities, from time to time given by statute, to become a member of or contributor to the present pension fund.

Respectfully submitted,

(Signed) I. T. GREENACRE.

On motion of Miss Dutton, seconded by Mrs. Larkin these opinions were received, approved and ordered printed.

## REPORT OF COMMITTEE ON ANNUITIES AND CLAIMS

Dr. Whitehead, Chairman of the Committee on Annuities and Claims, presented the following reports of the Committee:

(1760)

### Annuities

The Committee on Annuities and Claims reports that since the adoption of the last report on Annuities the Committee has received from the Recording Secretary, and submits herewith, applications for Annuity submitted by the persons hereinafter listed; that it has considered this and other evidence and finds that these persons have each completed at least twenty-five years of service in public schools of the United States, of which service at least the last three-fifths has been in Chicago, and that the employment of each as a teacher in the service of the Chicago Board of Education has been terminated. In each case where the amount of annuity recommended, as hereinafter stated in this report, exceeds the sum of \$800, the applicant has in effect made application for two annuities, that is, one regular full service annuity for \$800 and an additional annuity for the amount of such excess based on additional service, together aggregating the amount stated.

The Committee therefore

RECOMMENDS that the applications presented by said persons be approved and that each such person be granted an annuity on each such application in the amount or aggregate amount set forth below opposite his or her name; said annuity on each application to date from the day on which the application was received and to take effect when the applicant shall have complied with the provisions of the Pension Law.

The Committee further

RECOMMENDS that the Recording Secretary be, and hereby is, directed to enter on the Records of the Pension Board the Annuities granted herein; and to file this report and the applications herewith submitted in the Pension Office.

### **Rescind Action in Granting Annuity**

The Committee on Annuities and Claims reports that the Pension Board at its meeting of April 20, 1934, granted an annuity to Gorena Isacson, effective on March 26, 1934. Acting in accordance with Miss Isacson's request her resignation has been cancelled, and she has returned to the service. She has also repaid to the Pension Fund the \$100.00 she received as pension up to April 30th.

The Committee therefore recommends that the action of the Pension Board on April 20th, granting an annuity to Gorena Isacson be rescinded.

The Committee therefore

RECOMMENDS that in addition to the physician whose certificate accompanies the application, there be appointed for each applicant the two physicians whose names are set forth below after the name of each such applicant for Disability Annuity. The Committee further recommends that the Recording Secretary be, and hereby is, authorized and directed to notify the applicant and the physicians so appointed of this action of the Pension Board, and to file this report in the Pension Office.

**REPORT OF AUDIT OF THE RECEIPTS AND DISBURSEMENTS OF THE PUBLIC SCHOOL TEACHERS' PENSION AND RETIREMENT FUND, SEPTEMBER-DECEMBER, 1933, WITH BALANCE SHEET AS OF DECEMBER 31, 1933****Letter of Transmittal**

To the Board of Trustees of the Public School Teachers' Pension and Retirement Fund, Chicago, Illinois.

In accordance with your directions we have audited the cash receipts and disbursements of the Teachers' Pension and Retirement Fund of Chicago for the last four months of 1933, and we now submit a statement of the receipts and disbursements for that period.

It was found impossible to give a clear report on your receipts and disbursements beginning September 1, 1933, without verifying in some respects the transactions of the year before August 31. Your accounts are not properly audited as of a given date unless it is ascertained whether you have received the taxes to which you are entitled on that date. This had not been checked over. So too with receipts from teachers' deductions. Moreover, transactions of your Contingent Fund are certainly a part of your receipts and disbursements and yet the balance in that Fund was not included. It became necessary for us to check over the preceding transactions of the year to ascertain fully the status as of September 1. This enables us with little, if any, additional labor to present a summary of receipts and disbursements for the entire year 1933.

Since we are recommending farther on the regular inclusion of a balance sheet in your financial reports, and since we had the data at hand, we have prepared a tentative balance sheet as of December 31, 1933.

**Office System**

The records of your office have been very faithfully kept. Every interest of the Fund has been recorded. Better coordination and more convenient systematic arrangement of the records are much needed. This would result not only in greater accuracy but in economy also, because it would facilitate auditing and closing of the books into a balance sheet. This subject is included in this report under "Recommendations" further on.

We have had every possible courtesy and assistance from the office force. The cordial cooperation of the employees has been deeply appreciated and has aided us greatly in making a complete and satisfactory audit.

(Signed) HENRY R. CORBETT.

May, 1934.

## Details of Audit

### DETERMINATION OF INITIAL AND FINAL CASH BALANCES

The amount of cash in the custody of the City Treasurer on both initial and final dates as shown by the pension office records, was checked and found to be correct. This checking involved the verification of the list of checks outstanding as compiled by the Auditor of the Board of Education; it involved also, the reconciliation of the cash account of your office with the City Treasurer's records.

The Contingent Fund on deposit with the Builders' Bank was checked and found to accord with the records of your office.

The "Temporary Cash Account" is an expedient adopted to handle unusual transactions that result from the peculiar financial embarrassment of the teachers which everybody understands. Teachers are obliged to pay sums due to your Fund, if at all, in tax warrants and other obligations of the Board of Education. Your office has of course desired to accommodate them by accepting these as cash. Sometimes larger warrants or other items are accepted and smaller ones given as "change," perhaps along with cash. Such transactions have been peculiar, and even complicated, and have been recorded in any convenient way, as your regular cash book system did not provide for them. It has taken some time and research to straighten them out. We are recommending modifications of your books which will take care of several such defects or needs of the present system.

### Method of Verifying Receipts

All incoming cash of the last four months of 1933, as recorded in the books, was checked against the City Treasurer's records. Copies of receipts issued to teachers and annuitants making contributions to the pension fund (1) on account of service rendered outside the Chicago public schools and (2) on account of other balances due the Fund, were compared with the book records; and the cash, tax warrants, balance due slips, etc., covered by such receipts were found to be properly accounted for.

### Method of Verifying Disbursements

It was necessary to demonstrate that the names and amounts added to and removed from pension rolls subsequent to June, 1933, accorded with the minutes and other records of your Board. To accomplish this the pension roll for June, 1933, was reconciled by careful checking with the several entries on the minutes and with the December roll. For all other disbursements, such as bond purchases, refunds and administrative expenses, proper authorization was found to prove the correctness of such payments.

## **Verifying Taxes and Salary Deductions**

Amounts owing to the pension fund on account of taxes and salary deductions were ascertained from the records of the secretary and the auditor of the Board of Education, and compared with the record of your actual receipts. For the years 1928, 1929 and 1930 the Board of Education must pay to your Fund the amount required to make the total public contributions equal to double the contributions of the teachers for those years. These deficiency contributions due from the Board constitute an important item of your resources and the amount thereof has been carefully checked from the auditor's books.

## **Investments and Interest**

We have examined in detail the record of your securities in the office of the City Treasurer. The par value of bonds shown on the Treasurer's records as being in his custody on December 31, 1933, was found to agree with the actual count made by your office June 22, 1933, as modified by subsequent transactions shown on your records. The book value of bonds on hand was determined by examination of the card records in your office.

Verification of the amount of tax warrants in the custody of the City Treasurer and in your office on December 31, 1933, presented some difficulties. A considerable amount of tax warrants was being carried as cash in your "Temporary Cash Account." A careful check of all transactions involving tax warrants has established the correctness of the records, both of the City Treasurer and of your office. Steps have been taken to devise ways to keep these records in your office in such form as to make such reconciliation much easier hereafter.

The bond interest in arrears at December 31, 1933, was taken in detail from the public accountant's report on the City Treasurer's office. Since your books have not been kept so as to show accrued interest, that important item had to be estimated. These estimates of interest accrued but not due (on both bonds and tax warrants) are based upon careful studies and tests and are believed to be substantially correct. It is not at all difficult to keep the record of interest on an accrued basis when a plan for doing so in a systematic way is once established. This subject is included in "Recommendations" farther on.

## **Amounts Owed by Teachers and Annuitants**

Amounts owed at December 31, 1933, on account of service rendered outside the Chicago public schools and as balances due the pension fund were aggregated by the pension office staff. This constitutes another item of your resources as of December 31, 1933.

## Recommendations

### Changes in Accounting Methods

The records in the pension office are found to be complete, and from them it is possible to obtain the information necessary to build up an income statement and a balance sheet. However, because there is a lack of coordination of those records, a complete audit of the receipts and disbursements, and the making of a balance sheet are laborious and difficult. It would be about as easy to keep records which check readily, and close naturally into the audit and the balance sheet. To initiate records of that kind will not necessitate hiring new bookkeepers nor any change in the personnel. We recommend therefore that the system be modified in that way.

If a fund earns say \$300,000 of interest yearly (almost \$1,000 a day) interest is accruing daily, but it is due and payable only at the end of certain periods of six months; so there is at any moment an accrual of many thousands which is not credited to the fund as an asset when account is taken only of actual receipts and disbursements, as you are now doing. It seems very desirable that the books be placed on a more complete basis beginning January 1, 1934. There are several reasons why this change would seem advisable:

### Why an Improved Accounting System is advisable

- (a) In the last ten or fifteen years, the accounting procedure of many public bodies and institutions including pension funds has been changed from the older to the more exact basis. This has been the tendency in practically all fields of accounting. It has been necessary for many public bodies to adopt the newer method largely on account of new problems of public financing, and the need of more exact financial statements.
- (b) The new bookkeeping system would not be formidable at all. The present type of office force could easily do the work. We do not approve of the elaborate technical form which some actuaries and accountants use. We would use a form easily understood by the office force.
- (c) The condition of the Pension Fund at a given date can be shown only by means of a balance sheet. Under the present system, a balance sheet or income statement cannot be drawn up without much labor. A statement of receipts and disbursements alone has distinct limitations. It shows that the money coming in and paid out has been properly accounted for; but it does not fully show the adequacy of the income or the reasonableness of the expenses.
- (d) The bookkeeping of all other major pension funds in Chicago is on the newer basis and for purposes of comparison, the records of the Teachers' fund should be on a comparable basis. This would be greatly to your advantage because as a matter of fact

you compare in several ways so favorably with other Funds. This should be more clearly brought out, so that taxpayers and publicists will appreciate it. If a survey of the Pension Funds of this community should be undertaken at any time, the figures for the Teachers' Pension Fund would show up better in comparison with those of the other pension funds if the records were on this more complete basis.

---

It must be remembered that the arrangement of pension fund records in the Treasurer's and the Auditor's offices is suited to the convenience of those offices and therefore does not in some respects fit in exactly with the arrangement of corresponding records in your office.

There is no need, for example, for the Treasurer to keep a record of accrued bond interest, but it is important for you to do so. All he has to know from his record is when the interest is due. Nor is there any need for him to pay attention to premiums or discounts on bonds because he is concerned merely with par, or face, values. Therefore, interest accruals, not only on the bonds but on the tax warrants as well, and the annual apportionment of premiums and discounts to interest earnings must be handled in your office.

With respect to taxes and salary deductions there is also some lack of agreement between your records and those of the Auditor's office. The balances shown on the Auditor's books at the close of the year usually include items really due to your Fund but not transferred to you until the following year. Such items must be segregated and added to your balance in order to bring the real resources of the Pension Fund to the proper figure. All these attentions are necessary to give a true picture of the net resources of your Fund.

## General Outline of Steps Necessary to Put the Books on An Up-to-Date Basis Beginning January 1, 1934

The following outline may at first glance look formidable, but really the work can be easily done by the present office force by following clear and simple directions with a little guidance at the outset:

1. The revised plan would have to be drawn up following as nearly as possible the forms to which the office is now accustomed. Clear directions would be given for easy reference by the present force showing the nature of each account and explaining the handling of typical transactions.
2. There would be a columnar general ledger, corresponding in form to the present cash record, simple, and easy to keep. Without a general ledger it is impossible to coordinate the accounting records of the pension fund.
3. The cash book would have to be extended a little and put in a somewhat different form to cover all the cash transactions.
4. A simple journal would be used to take care of items not of a cash nature which are now kept track of in various irregular ways. Closing the books for an audit or a balance sheet would then be quite easy.
5. All items whether cash or journal should be entered in the regular account daily or at the latest by the next following day. This has not been done uniformly heretofore because for some items there has been no suitable place in your present system.
6. The Treasurer is not at present keeping all the investment records you need. The additional records required are not at all difficult and can be kept in your own office. The investment interest records would have to be altered somewhat to reflect (a) the interest accrued but not due, and (b) the interest due but not received.
7. Premiums and discounts on investments should be spread over the life of the bonds, and apportioned to each year. There would be nothing difficult or mysterious about it. (In order to simplify the apportionment of investment premiums and discounts, the "straight line" method of apportionment would be used rather than the compound interest method which is in use in the Allocation-Reserve pension systems.)
