This letter conveys the certified election results for the Teacher Trustee Election for 2017.

The 2017 Teacher Trustee Candidate Election was uncontested. According to CTPF Policy, the Canvassing Board certifies uncontested election results in the Teacher Trustee election to the Election Committee, the Board of Trustees, and the Executive Director. As memorialized in this letter, the Canvassing Board has certified the Teacher Trustee election through a majority vote.

Two qualified candidates, Tina Padilla and Gregory Redfeairn, submitted petitions and were recommended for certification by the Election Agent and subsequently certified by the Election Committee. Pursuant to the Fund's Policy, upon notification of the uncontested ballot, Ms. Padilla and Mr. Redfeairn accepted the nomination and the Election Committee cancelled the remaining election procedures.

Ms. Padilla and Mr. Redfeairn will serve a three year Teacher Trustee term, through November 2020. They will be notified by the Executive Director following this election certification, and take the oath of office at the November 16, 2017, meeting of the Board of Trustees.

Consistent with CTPF's Election Policy, the election results will be posted online no later than the next business day after this notice.
