CTPF Annuitant Health Insurance

Choosing a health insurance plan for you and your eligible dependents is one of your most important decisions. Chicago Teachers’ Pension Fund (CTPF) sponsors comprehensive plans designed to promote wellness and provide high-quality coverage at a reasonable cost. CTPF must be your final retirement system to be eligible for these plans. This Handbook is your resource for current information about the Chicago Teachers’ Pension Fund (CTPF) health insurance options, premiums, and changes to plans.

Health Insurance Premium Subsidy

The Health Insurance Premium Subsidy is set annually by the Board of Trustees. The subsidy will remain at 60% in 2024. The subsidy is only available to eligible CTPF members. Dependent coverage is not eligible for the subsidy.

New in 2024

CTPF will offer the Cigna Surround Group Supplement Plan for Medicare members who turned age 65 on or after January 1, 2020. This is an insured plan that is modeled after Medicare Plan G for members who do not qualify for AARP Plan F.

The 2024 Open Enrollment Period will run from October 1-31, 2023. During this time, annuitants can enroll, add or drop a dependent, or change a health insurance plan or carrier. Changes become effective January 1, 2024. All plans offered in 2023 will be offered in 2024. You do not need to take any action to stay enrolled. CTPF will host a week of webinars and audio presentations October 2-6 and a week of vendor presentations, October 9-13. A vendor fair will be offered in-person at CTPF on October 12. Plan vendors will be available to answer questions and provide plan information.

Register for a webinar at ctpf.org/calendar. Audio-only presentations will be dial-in and do not require advance registration. Registration is REQUIRED to attend the Vendor Fair. Call Member Services at 312.641.4464 to register for a time slot. Members must provide proof of COVID-19 vaccination and complete a health screening form before entering. Members will only be admitted during the time they are registered.

Webinars and presentation materials will be posted for on-demand viewing at ctpf.org/open-enrollment after the presentations. Please use this Zv}){([]K资管ouvמדא(ץק

2024 Plan Cost Comparison

This comparison is to be used as a guide. In case this summary differs from the health plan text or any health plan term or condition, the official contract document must govern. While every effort has been made to ensure up-to-date information, CTPF is not responsible for the final adjudication of insurance claims, which are solely the responsibility of the health plan.

**New Rates in 2024**
CTPF renegotiated its contracts for 2024 and obtained favorable rates for members.

REFER to this handbook if you are attending an Open Enrollment Webinar and PLEASE KEEP this handbook for future reference.

This handbook is also available at  [www.ctpf.org](http://www.ctpf.org).
Open Enrollment

The annual Open Enrollment Period for the CTPF health insurance program runs from October 1 - October 31, 2023. During Open Enrollment, you may enroll in a CTPF health insurance plan for the first time, change a health insurance plan or carrier, exercise your one-time Opt-In option, or add a dependent to a health plan.

January 1, 2024.

Enrollment Forms

Complete CTPF Form 350 (included in the center of this handbook or download at www.ctpf.org). The AARP Medicare Supplement Plan F (UnitedHealthcare) with Express Scripts Medicare® (PDP) for CTPF Medicare Supplement plan and the Humana Group Medicare HMO with Part D Pharmacy Medicare Advantage plan require additional forms. See the instructions in “How to Enroll” on the plan charts.

You must provide proof of Medicare enrollment before enrolling in a CTPF health insurance plan. Acceptable proof includes:

- a copy of the Medicare card, or
- an award letter with Medicare number from the Social Security Administration verifying enrollment with effective dates.

Forms returned to an insurance carrier will not be processed.

CTPF encourages members to submit forms by fax or email if possible. Send forms and documents by fax to 1-312-641-7185 or email an attachment (.pdf or .jpg format) to imaging@ctpf.org.

U.S. Mail

If you cannot send in forms by fax or email, use the envelope included in the center of this Handbook, and return information to:

Chicago Teachers’ Pension Fund
425 S. Financial Place, Suite 1400
Chicago, IL 60605-1000

COBRA Enrollees

Members who are Medicare eligible are not eligible for COBRA. If you have questions, please review the Non-Medicare handbook online at www.ctpf.org.

ID Cards

Health plan enrollees receive health insurance ID cards by mail directly from their health insurance plan provider. ID cards are normally issued at the time of enrollment or when a health plan change is made.

If you need a replacement card, contact your health insurance plan provider directly. You can find contact information in the back of this handbook.

HEALTH INSURANCE CHECKUP

It’s important to keep your legal name up-to-date with both the Social Security Administration (SSA) and CTPF. Your legal name is the name on your birth certificate unless your name changed due to marriage, divorce, or by legal decree. Even if you do not receive SSA benefits, the SSA supplies Medicare with the name on your Medicare ID card. Make sure you use your legal name when you complete CTPF health insurance forms. Enrollment problems can occur if the name on your Medicare card does not match the name on file with CTPF.
CTPF annuitants and their eligible dependents may qualify to enroll in a CTPF health insurance plan. To qualify, CTPF must be the retiree’s final retirement system. An annuitant and/or dependent may initially enroll in a CTPF plan once in a lifetime, unless he or she experiences a qualifying event. *(See the Special Enrollment Section)*

## Survivors

Upon the death of a member, survivors should notify the Social Security Administration and CTPF’s Member Services as soon as possible. Once reported, CTPF will send a packet outlining survivors’ health insurance options.

CTPF health insurance coverage continues for survivors currently enrolled as dependents following a member’s death. Qualified survivors become eligible for a health insurance premium subsidy. A survivor who does not want to continue coverage may voluntarily disenroll.

Qualified survivors may enroll in a CTPF health insurance plan within 30 days of a member’s death, and become eligible for a premium subsidy. CTPF sends enrollment information upon notification.

When only one Family Member is Medicare Eligible

If you and a dependent are in a situation where one family member is covered by Medicare and the other is not and you both want CTPF health insurance coverage, you must enroll in corresponding Non-Medicare and Medicare health insurance plans offered by UnitedHealthcare. Each family member must complete a separate application and pay the cost for single coverage in each plan. The premiums for single coverage can be found on pages in the cost summary of this handbook. When you both reach age 65, you may enroll in the same health insurance plan and pay the Member +1 rate. For more information on Couple Coverage and an example, please visit [www.ctpf.org](http://www.ctpf.org) under Health Insurance/Enrollment Process.
When Can I Join?

Initial Enrollment Period

You may initially enroll in CTPF coverage when one of the following events occurs:

- Within 30 days after COBRA continuation coverage ends,* unless coverage is cancelled due to non-payment of premium.
- Within 30 days of the effective date of pension/survivor benefits.
- During the Annual Open Enrollment Period (once in a lifetime).
- Within 30 days of first becoming eligible for Medicare.
- When coverage is cancelled by a former group plan through no fault of your own.

* If COBRA coverage ends December 31, 2023, you may enroll in a CTPF plan during the Open Enrollment Period, October 1 - 31, 2023. Coverage becomes effective January 1, 2024.

Special Enrollment Period

In addition to the annual Open Enrollment Period, you have 30 days after a qualifying event to change plans or add an eligible dependent. Qualifying events may include:

- change in permanent address that affects the availability of current coverage
- marriage/civil union or divorce/dissolution
- birth, adoption, or legal guardianship
- termination of a Primary Care Physician for HMO plan enrollees
- becoming eligible for Medicare

Please indicate the qualifying event on CTPF Form 350 and include any supporting documents detailing your reason for loss of coverage.

One Time Opt-In

Eligible members may re-enroll in a CTPF health insurance plan without a qualified change in status (marriage, birth, death, etc.). Members who want to rejoin a CTPF plan must do so during a CTPF Open Enrollment Period. A member applying to re-enroll must have proof of insurance coverage (medical and prescription drug) as of the end of the open enrollment period (October 1), and maintain coverage through December 31 of that year. CTPF insurance coverage becomes effective the following January 1.

2024 Open Enrollment

The annual Open Enrollment Period is the time when you or a dependent can enroll in a CTPF plan or change plans. Open Enrollment runs October 1 - 31, 2023. Changes made during Open Enrollment become effective January 1, 2024.

1. Make sure you understand any plan changes.
2. If you are currently enrolled in a CTPF plan and you want to continue coverage, you do not need to take any action. Your coverage will continue.
3. If you or a dependent want to enroll or change plans, you must complete the appropriate enrollment forms. An enrollment form for most plans is included in this handbook. See the “How to Enroll” section of the comparison charts for plans not included on the enrollment form.
4. Return all completed enrollment forms and required documentation to CTPF. Forms returned to an insurance carrier will not be processed.
What Changes Impact My Enrollment?

It’s important to keep CTPF informed if you have any of the following changes which may affect your enrollment status:

- change of address for you or your dependents
- death of a spouse or dependent
- marriage, civil union, divorce, legal separation, annulment
- dependent loss of eligibility
- change in Medicare status, including turning age 65, becoming Medicare eligible before age 65, or loss of Medicare coverage for any reason
- change in Medicare premium (such as decrease or elimination of Medicare Part A premium, or qualifying for a state premium assistance program)
- you have been awarded benefits under Medicaid (it is important that you contact CTPF once you are informed that you have been approved to receive any type of Medicaid benefits; a copy of your Medicaid award letter should also be sent to CTPF)
- your health plan or prescription ID card does not reflect your current enrollment
- your pension deduction does not match your coverage or required premium

Part B Payments: You are responsible for making Part B payments directly to Medicare, and will receive a monthly or quarterly bill unless you receive a Social Security benefit, participate in CTPF’s MedPay program, or sign up for Medicare’s Easy Pay program.

If you fail to pay your Medicare Part B and/or Medicare Part D IRMAA bills promptly, you will be disenrolled by Medicare and also lose your CTPF health insurance coverage. CTPF highly encourages our members to sign up for Medicare’s Easy Pay program (details available at www.medicare.gov).

Part D IRMAA Payments: If applicable, you are responsible for making Part D IRMAA payments directly to Medicare, even if you are enrolled in CTPF’s MedPay program. If you are disenrolled due to non-payment, CTPF cannot assist with reinstatement. If you have CTPF insurance and enroll in an additional outside plan, (including $0 [zero dollar] health insurance plans) you will be disenrolled by Medicare and you will lose your CTPF health insurance coverage.

Reinstatement is difficult and may result in additional penalties. Members who are disenrolled from a CTPF health insurance plan due to failure to pay Part B, Part D IRMAA, or enrollment in an outside plan will also lose their eligibility for the CTPF subsidy. See the Enrollment and Premium payment section for additional information and contact Members Services at 1-312-641-4464 or email membersservices@ctpf.org for additional help.

Stay Up-to-Date with Address Change

If you move, notify the Social Security Administration (SSA) of your new address. Even if you don’t receive a Social Security benefit, the agency needs to know if your address changes, otherwise you may not receive a Medicare Part B bill. If you are Medicare-eligible and fail to pay your Medicare Part B premium you can lose ALL of your Medicare coverage. You will also be disenrolled from your CTPF health insurance plan, and reinstatement is a difficult process.
How Do I End Insurance Coverage?

You can voluntarily end health insurance coverage at any time. Complete CTPF Form 350 by indicating your desired disenrollment date at least 30 days prior to the first day of the month when you want to end coverage. Your benefits will cease on the last day of the month.

If your request is received less than 30 days in advance, your coverage may be effective in the following month. Please contact CTPF Member Services at 1-312-641-4464 with any questions.

Please contact CTPF Member Services at 1-312-641-4464 with any questions.

Dependents*

A dependent’s health insurance coverage ends
- simultaneously with the termination of the annuitant’s coverage, or
- the last day of the month when eligibility requirements are no longer met

* CTPF health insurance coverage continues for survivors currently enrolled as dependents, following a member’s death. See the Who Can Enroll in a CTPF Plan section for information.

Premiums will not be refunded for coverage ended retroactively due to late notification of ineligibility.

Annuitant

An annuitant’s health insurance coverage ends:
- the last day of the month when eligibility requirements are no longer met,
- on the date you lose Medicare coverage due to non-payment of premium,
- on the date of death, or
- on the date of enrollment in an outside plan

COBRA continuation coverage is a continuation of CTPF health insurance coverage when coverage would otherwise end because of a qualifying event. A list of qualifying events with the applicable continuation periods can be found on www.ctpf.org/COBRA.
If you want a family member to assist you with health insurance issues, you can submit a HIPAA Authorized Representative Designation form, available at www.ctpf.org or from Member Services. Your Authorized Representative may discuss your health insurance options, but cannot make care or treatment decisions.

If you would like a family member or other representative to act on your behalf, you must submit a completed power of attorney form to CTPF and to each of your health insurance carriers. Power of Attorney ends upon the death of the member.

Falsifying information and/or documentation to obtain health insurance coverage through CTPF will result in a loss of health insurance.

If this summary description differs from the plan text or any plan term or condition, the official contract document governs. This handbook contains information regarding benefits voluntarily provided by CTPF. Plan provisions may change without prior notice. All plans are subject to and must comply with any applicable state or federal law. To the extent this summary description differs from current or future applicable state or federal law, the applicable state or federal law governs.

Health Insurance Portability and Accountability Act of 1996 (HIPAA). PHI is health information that can be associated with a member using personal identifiers such as name or Social Security number.

In the course of providing health insurance benefits to our members and administering CTPF’s health insurance plans, CTPF may receive and create PHI. Disclosure of PHI is generally limited to activities associated with administration of health care benefits including plan enrollment, premium payments, and facilitation of plan coverage.

CTPF makes every effort to disclose only minimum PHI when necessary, in compliance with federal and state law and CTPF’s privacy policy. A copy of CTPF’s Privacy Notice is available upon request by contacting the Health Benefits Department.

CTPF health insurance plans do not include dental coverage. CTPF annuitants may enroll in dental insurance offered through private insurers or a group plan through the Retired Teachers Association of Chicago.

See the Contact section for information.
Health Insurance Premium

CTPF retirees whose final teaching service was with the Chicago Public, Charter or Contract Schools may qualify for a partial subsidy of their insurance premiums. A member receiving a survivor’s pension may also qualify for a subsidy.

The amount CTPF can spend on annuitant health insurance is limited by state law. Each year, the CTPF Board of Trustees sets a premium subsidy amount. The subsidy for plan year 2024 is 60% of the total premium cost (certain limitations may apply). The subsidy is subject to change at the discretion of the Board.

Premium cost for dependent coverage is not eligible for the subsidy.

Example: If your Medicare Part B Premium cost (after deducting non-reimbursable fees) is $100 and the approved subsidy percentage is 60%, CTPF adds $60 to your pension benefit. You must make your Part B payment directly to Medicare.

Medicare Plans

If you are enrolled in a CTPF Medicare health insurance plan, your share of the monthly plan cost is deducted from your pension benefit.

Example: If your monthly premium is $300, and the approved subsidy percentage is 60%, CTPF deducts $120 from your monthly pension for the premium cost, and pays the remaining $180 on your behalf.

Costs Not Subsidized

CTPF does not subsidize Medicare penalties or adjustments. If you are disenrolled from Medicare for any reason, CTPF may recoup any overpaid premium subsidy from your pension check.

Example: If your Medicare Part B Premium cost (after deducting non-reimbursable fees) is $100 and the approved subsidy percentage is 60%, CTPF adds $60 to your pension benefit. You must make your Part B payment directly to Medicare.

Subsidy Program

CTPF provides a premium subsidy for Medicare Part B and Part D coverage. (for members who must pay a premium).

CTPF Health Insurance Plans

Members enrolled in non-CTPF health insurance plans and/or Medicare may be eligible for a subsidy, subject to maximum reimbursement amounts published annually. The maximum reimbursement amount will be based on CTPF’s least expensive Medicare health insurance (medical and prescription coverage) plan option.

An application is mailed in the spring to eligible members who are not enrolled in a CTPF health insurance plan. The subsidy is paid out retroactively for the year prior in an annual payment. Premium payment documentation is required and is explained on the application. If all supporting documentation is received and the member is entitled to a payout, the applications are processed approximately 90 days after receipt. Payouts are performed at the end of each month. Be sure to look for the webinar notifications to assist in completing the necessary application and supporting documentation.

New deadline this year: The application and supporting documentation are due by July 31st each year.
Overview

The following pages offer general descriptions of the types of plans offered to CTPF annuitants who are eligible for and Part B. All CTPF health insurance plans include comprehensive medical and prescription drug coverage. Specific plan information can be found in the charts in the 2024 Plan Cost Comparison section.

Medicare Advantage Plans

A Medicare Advantage plan completely replaces original Medicare Part A and Part B coverage. In an Advantage plan, the plan administrator assumes all of the financial cost of the services provided to you, less the applicable copayments. CTPF offers two Medicare Advantage plans:

**UnitedHealthcare Group Medicare**

You can obtain medical care from any physician, hospital, or provider that accepts Medicare. The plan includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare® (PDP) for CTPF (see Express Scripts Prescription Drug Coverage for more information). This plan covers most medical services at 100% once the deductible is satisfied.

Plan premiums include the cost of prescription drug coverage. New enrollees must submit completed enrollment applications to CTPF.

Medicare Advantage Note: This CTPF health plan is a custom plan that does not require the use of a network provider for coverage. Your benefit levels are the same whether or not you use a network provider. You may seek care from any provider nationwide that accepts Medicare. All Medicare Advantage plans are regulated by CMS (Centers for Medicare and Medicaid Services). CMS requires that certain language be included in all Medicare Advantage documents.

*If you have any questions, please call CTPF Member Services at 1-312-641-4464.*

Humana Group HMO with Part D Pharmacy

This plan is a traditional HMO where you select a Primary Care Provider to direct your care. You must use network physicians to receive benefits. The plan includes enhanced Medicare Part D prescription drug coverage provided through Humana. You typically pay a copay for services.

Plan premiums, including the cost of prescription drug coverage, are located in the 2024 Plan Cost Comparison section. New enrollees must submit completed enrollment applications to CTPF.

Medigap (Supplement) Plan

A Medigap policy is supplemental health insurance sold by private companies that helps pay the costs that Original Medicare (Parts A and B) does not cover, such as Part A and Part B deductibles, co-payments, and coinsurance. Original Medicare provides coverage first, then Medigap helps fill in the gaps. The federal government defines standard benefits for Medigap plans. Medigap premiums are regulated by each state.

Medicare Star Ratings

The Centers for Medicare and Medicaid Services (CMS) uses a Star Rating system to measure how well Medicare Advantage plans and standalone Part D plans perform in categories such as customer service, member complaints, pricing and the array of services each offers. The ratings range from one to five stars, with five being the best and one the worst.

To find your plan’s Star Rating, go to [www.medicare.gov/find-a-plan/](http://www.medicare.gov/find-a-plan/).

Once there, enter your plan ID (shown below) and your home zip code. Please note that your plan is part of a larger health insurance contract with Medicare and will not match the name of your group plan:

The Cigna Surround Group Supplement Plan is an employer-sponsored group retiree medical plan administered by Cigna Health and Life Insurance Company. This plan supplements original Medicare (Part A and Part B) and includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare (PDP) for CTPF.

Cigna offers guaranteed acceptance and access to any provider throughout the country who accepts Medicare, without referrals or prior authorizations. The Cigna Surround Group Supplement Plan follows Medicare standard guidelines for covered services. This plan covers 100% of most Medicare-eligible expenses not paid by Medicare after the deductible is met.

Cigna offers an affordable single national premium without regard to age-bands or geographic factors and may be a more affordable option as retirees age.

New enrollees must submit completed enrollment applications to CTPF. This plan is available to Medicare recipients who turned 65 in 2020 or later.

**AARP Medicare Supplement Plan F (UnitedHealthcare)**

The AARP Medicare Supplement Plan F is an individual Medigap plan administered by UnitedHealthcare and endorsed by AARP. This plan supplements Original Medicare (Part A and Part B) and includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare (PDP) for CTPF.

This is an individual plan that is 100% portable with guaranteed renewal. You can obtain medical care from any physician or hospital that accepts Medicare. Plan F covers 100% of most Medicare-eligible expenses not paid by Medicare.

Plan F premiums are based on age, gender, vary by geographic area, and are quoted directly by UnitedHealthcare. UHC may raise rates annually and will send a letter to enrollees each spring with the health insurance premium increase information. Quotes and estimates from UHC do not include credits for the CTPF premium subsidy or the cost of prescription drug coverage.

After you receive a quote or premium increase letter from UHC, contact CTPF to determine your final annual cost which will include the subsidy and prescription drug coverage.

New enrollees must submit completed enrollment applications to CTPF.

**Note:** If you have Medicare coverage for a reason other than age or if you turn 65 after January 1, 2020, you cannot enroll in this plan.

**Express Scripts® W(Express Scripts)**

Express Scripts® is the prescription drug benefits administrator for the UnitedHealthcare Group Medicare Advantage PPO, AARP Medicare Supplement Plan F (UnitedHealthcare) plans and the Cigna Surround Group Supplement plans. Enrollment in prescription drug coverage is automatic for these plans. Express Scripts® will send all new enrollees welcome kits with a separate prescription drug ID card. You will need to present this card at your pharmacy to receive prescription benefits.

The Express Scripts Medicare® (PDP) for CTPF is an enhanced Part D prescription drug plan approved by Medicare. The plan is based on a drug formulary list which includes Medicare Part D drugs. View the drug formulary at the website: [www.Express-Scripts.com/medd/ctpf](http://www.Express-Scripts.com/medd/ctpf).

*(Copays apply, see the “Important Pharmacy Notes” in the Plan Comparison Medicare - Eligible Members section.)*

If you qualify for “extra help” from the federal government for your prescription drug costs, your prescription copays and premium may be lower than those listed in this handbook.

**INFO**

Each health insurance plan utilizes a formulary *(a list of preferred prescription drugs)*. Formularies may change annually, so make sure you review your plan’s 2024 formulary to determine if your prescription expenses will change.
Medicare Premium Payment

Medicare Part A Premium

You may qualify for premium-free Part A coverage if you paid Medicare taxes while working. Members hired on or after April 1, 1986, paid Medicare taxes through payroll deductions.

Premium Free Medicare Part A

You must earn 40 Medicare “quarters” or “credits” to qualify for premium-free Medicare Part A; or 30+ quarters to qualify for a reduced premium.

You receive Medicare Part A at no cost if you receive a Social Security or Railroad Retirement Board (RRB) benefit.

You can apply for Medicare through a spouse if you have been married at least one year, or through an ex-spouse (living or deceased), if you were married for at least 10+ years.

Medicare Part B Premium

Almost everyone must pay for Part B coverage. You are responsible for making payments directly to Medicare, and will receive a monthly or quarterly bill unless you:

- receive a Social Security benefit. Medicare deducts the Part B premium cost directly from monthly SSA benefits.
- participate in CTPF’s DÎ¥É program. CTPF pays Medicare on your behalf.

Pay Medicare Part B bills promptly to avoid losing all your health insurance coverage. If you are not eligible for the CTPF DÎ¥É program, CTPF recommends enrolling in the Medicare Easy Pay Program to help avoid payment lapses.

Easy Pay allows Medicare to deduct your monthly premium payment directly from your checking or savings account. Medicare administers Easy Pay; obtain an application at www.medicare.gov or call 1-800-MEDICARE.

Part B Assistance

Some individuals may qualify for a state-sponsored Part B premium assistance program. If you qualify, Medicare will notify CTPF and your premium will be adjusted accordingly.

Medicare Part D Premium

All CTPF plans include Medicare Part D prescription drug coverage. The cost of Part D coverage is included in your premium. For help in understanding how Part D drug plans work, please visit the Medicare website under Costs for Medicare drug coverage: www.medicare.gov/part-d/

Part D Penalties

If you do not enroll in a Medicare Part D drug plan when you first become eligible for Medicare, you may have to pay a Late Enrollment Penalty (LEP), unless you have proof of other creditable coverage. DÎ¥É

CTPF may bill a member to recover these costs if CTPF pays these costs in error.

Note: All CTPF-sponsored Medicare plans have included creditable prescription coverage since 2006.
Medicare beneficiaries with higher incomes pay more for Part B and Part D insurance.

This Income-Related Monthly Adjustment Amount (IRMAA) is deducted from a beneficiary’s Social Security benefit or direct-billed by Medicare. The Social Security Administration uses federal tax returns to determine high income status.

**IRMAA Higher Income Adjustments**

Medicare beneficiaries with higher incomes pay more for Part B and Part D insurance. This Income-Related Monthly Adjustment Amount (IRMAA) is deducted from a beneficiary’s Social Security benefit or direct-billed by Medicare. The Social Security Administration uses federal tax returns to determine high income status.

**Paying for IRMAA**

All IRMAA expenses are the total responsibility of the member. CTPF does not subsidize IRMAA. CTPF may bill a member to recover these costs if CTPF pays these costs in error.

**PART B**

CTPF will make Medicare Part B IRMAA payments on your behalf if you are enrolled in CTPF’s MedPay Program.

**PART D**

Government regulations prevent CTPF from making Medicare Part D IRMAA payments on your behalf. CMS will bill you monthly for this expense.

**Medicare Eligibility Due to Disability**

If you are under the age of 65 and receive SSA or RRB disability benefits, you are automatically enrolled in Medicare Part A and Part B after 24 months.

You must notify CTPF in writing when you, or a dependent covered under your health plan, becomes eligible for Medicare due to disability. You may join a CTPF plan when you provide proof of Medicare Part A and Part B enrollment. Some CTPF plans have an age requirement; see the comparison charts for additional information.

Additionally, it is your responsibility to notify CTPF if you are enrolled in Medicare Part A and Part B due to ESRD or ALS. Please visit [www.medicare.gov](http://www.medicare.gov) for additional information.

**Medicare & You**

Medicare & You is the official US government Medicare handbook. If you would like a paper copy of this book you can:

- Go online to [www.medicare.gov](http://www.medicare.gov) and download a PDF.
- Call 800-Medicare (1-800-633-4227) and request a copy; TTY users should call 1-877-486-2048.

There are also advantages to saving the paper and going online at [www.medicare.gov](http://www.medicare.gov) to reference the Medicare & You handbook. Any changes to Medicare are updated regularly online.

**HEALTH INSURANCE CHECKUP**

All CTPF’s Medicare plans include comprehensive prescription drug coverage. If you are currently enrolled or plan to enroll in a CTPF Medicare plan, you will lose ALL CTPF coverage.

Members may receive solicitations from insurance carriers for other Medicare D plans. If you are enrolled in a CTPF Medicare plan, and you enroll in an additional Medicare part D plan, you will lose ALL CTPF coverage.

Prescription coverage is provided through the coverage gap and generally stays the same as the copays listed above.

Non-Medicare Part D drugs are not covered (for example, lifestyle drugs for ED).

Medicare Part B drugs, including diabetic supplies, are processed by your medical plan.

Flu shots and shots to prevent pneumococcal infections are covered under Part B. Contact your Medicare drug plan for more information about vaccines.

### Important Pharmacy Notes

Once your true out-of-pocket cost reaches $8,000, your copay will be reduced. Once you meet this cost threshold, the plan pays the full cost for your covered Part D drugs. If your plan covers additional drugs not normally covered by Medicare, you may have a cost share for such drugs covered under an enhanced benefit.

*Non-preferred network copays are $5 more than stated copays*
Medicare prescription drug coverage became available in 2006 to everyone with Medicare. All Medicare drug plans provide at least a standard level of coverage set by Medicare.

The Chicago Teachers’ Pension Fund (CTPF) has determined that its prescription drug coverage is, on average, at least as good if not better than the standard Medicare prescription drug coverage and is considered Creditable Coverage.

With this Notice of Creditable Coverage, you will not be penalized if you later decide to enroll in a non-CTPF prescription drug plan. However, if you drop or lose your coverage with CTPF and do not enroll in Medicare prescription drug coverage within 63 continuous days after your coverage ends, you may pay more (a penalty) to enroll in a Medicare Part D prescription drug plan.

**KEEP THIS NOTICE**

If you are enrolled in a CTPF health plan for the 2024 benefit year, this notice verifies that you have creditable coverage for Medicare Part D.

If, in the future, you decide to join a non-CTPF Medicare drug plan, you may be required to provide a copy of this notice. This notice proves that you have maintained creditable coverage.
